[Docket 2012-0076; Sequence 42; OMB Control No. 9000-0071]

Federal Acquisition Regulation; Information Collection; Price Redetermination

AGENCY: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for public comments regarding an extension of an existing OMB clearance.

SUMMARY: Under the provisions of the Paperwork Reduction Act, the Regulatory Secretariat will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a previously approved information collection requirement concerning Price Redetermination.

Public comments are particularly invited on: Whether this collection of information is necessary; whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

DATES: Submit comments on or before October 26, 2012.

ADDRESSES: Submit comments identified by Information Collection

SUPPLEMENTARY INFORMATION:

A. Purpose

FAR 16.205, Fixed-price contracts with prospective price redetermination, provides for firm fixed prices for an initial period of the contract with prospective redetermination at stated times during performance. FAR 16.206, Fixed price contracts with retroactive price redetermination, provides for a fixed ceiling price and retroactive price redetermination within the ceiling after completion of the contract. In order for the amounts of price adjustments to be determined, the firms performing under these contracts must provide information to the Government regarding their expenditures and anticipated costs. The information is used to establish fair price adjustments to Federal contracts.

B. Annual Reporting Burden

The estimated total burden is lower than that published the **Federal Register** at 74 FR 62783, on December 1, 2009. This is due to the decrease in the estimated number of respondents. Based on Fiscal Year 2011 information from the Federal Procurement Data System,

an estimated 230 unique contractors were awarded 1,970 fixed-price redetermination contracts. Thus, each vendor responded on average 8.6 times a year (rounded up to 9). The hours per response is increased to 2 hours after a reassessment of the time required to prepare and report the information.

Respondents: 230.

Responses per Respondent: 9.

Annual Responses: 2,070.

Hours per Response: 2.

Total Burden Hours: 4,140.

Obtaining Copies of Proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat (MVCB), 1275 First Street NE., Washington, DC 20417, telephone (202) 501-4755. Please cite OMB Control No. 9000-0071, Price Redetermination, in all correspondence.

SUPPLEMENTARY INFORMATION:

A. Purpose

FAR subpart 9.2 and the associated clause at FAR 52.209-1, implement the statutory requirements of 10 U.S.C. 2319 and 41 U.S.C. 3311, which allow an agency to establish a qualification requirement for testing or other quality assurance demonstration that must be completed by an offeror before award of a contract. Under the qualification requirements, an end item, or a component thereof, may be required to be prequalified. The clause at FAR 52.209-1, Qualification Requirements,

requires offerors who have met the qualification requirements to identify the offeror's name, the manufacturer's name, source's name, the item name, service identification, and test number (to the extent known).

The contracting officer uses the information to determine eligibility for award when the clause at 52.209-1 is included in the solicitation. Alternatively, items not yet listed may be considered for award upon the submission of evidence of qualification with the offer.

B. Annual Reporting Burden

There is no Governmentwide data collection process or system, e.g., Federal Procurement Data System (FPDS) which identifies the number of solicitations issued that include qualification requirements. To date, no public comments or questions have been received regarding the burden estimates included in the currently approved clearance. However, a change is being made regarding the estimated number of responses annually from 100 (in the currently approved burden) to a more appropriate estimated average of 5 responses annually (i.e., the number of proposals received per solicitation issued). For purposes of this clearance, time required to read and prepare information remains at 15 minutes per submission assuming an offeror's use of electronic information tracking and retrieval processes.

Respondents: 2,207.

Responses per Respondent: 5.

Annual Responses: 11,035.

Hours per Response: .25.

Total Burden Hours: 2,758.
