

that the Line A Replacement Project will create no new capacity and CenterPoint states that the project is necessary to continue to provide safe and reliable transportation services. The project is estimated to cost approximately \$8.1 million, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Any questions concerning this application may be directed to Michelle Willis, Manager, Regulatory & Compliance, CenterPoint Energy Gas Transmission Company, LLC, P.O. Box 21734, Shreveport, Louisiana 71151, or call (318) 429-3708, or email at Mitchelle.Willis@CenterPointEnergy.com.

Any person may, within 60 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention. Any person filing to intervene or the Commission's staff may, pursuant to section 157.205 of the Commission's regulations under the NGA (18 CFR 157.205) file a protest to the request. If no protest is filed within the time allowed, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

This filing is available for review at the Commission or may be viewed on the Commission's web site at <http://www.ferc.gov>, using the "eLibrary" link. February 2011 Southwest Cold Weather Event Follow-up Technical Conference; Notice of Technical Conference

Take notice that the Federal Energy Regulatory Commission (Commission) will hold a technical conference on Tuesday, September 25, 2012 from 10 a.m. to 4 p.m. This conference will be led by Commission staff and will be held in the ERCOT Metro Center, 7620 Metro Center Drive, Austin, Texas 78744. The conference will be open for the public to attend.

The purpose of the conference is to discuss actions taken in response to the August 16, 2011 Report on Outages and Curtailments During the Southwest Cold Weather Event of February 1-5, 2011 that was prepared by the staffs of the Commission and the North American Electric Reliability Corporation. The conference will explore the progress made on the Report's recommendations and whether sufficient safeguards have been implemented to avert a repeat of the loss of generation due to severe cold weather issues that led to rolling blackouts affecting over 4 million customers and natural gas curtailments affecting an additional 50,000 customers.

Those interested in attending a conference are encouraged to register by close of business, September 18, 2012. You may register at the following Web page: <https://www.ferc.gov/whats-new/registration/rt-09-27-12-form.asp>.

The agenda for this conference will be issued at a later date. Information on this event will be posted on the Calendar of Events on the Commission's Web site, www.ferc.gov, prior to the event.

February 2011 Southwest Cold Weather Event Follow-up Technical Conference; Notice of Technical Conference

Take notice that the Federal Energy Regulatory Commission (Commission) will hold a Technical Conference on Thursday, September 27, 2012, from 10 a.m. to 4 p.m. This conference will be led by Commission staff and will be held in the African American Performing Arts Center 310 San Pedro Drive Northeast, Albuquerque, New Mexico 87108. The conference will be open for the public to attend.

The purpose of the conference is to discuss actions taken in response to the August 16, 2011 Report on Outages and Curtailments During the Southwest Cold Weather Event of February 1-5, 2011 that was prepared by the staffs of the Commission and the North American Electric Reliability Corporation. The conference will explore the progress made on the Report's recommendations and to determine if sufficient safeguards have been implemented to avert a repeat of the loss of approximately 700 megawatts of generation in WECC due to severe cold weather issues. This resulted in 1,000 megawatts of load shedding which affected over 250,000 customers in the WECC region. In addition, the conference will cover the disruption of natural gas supply to over 30,000 customers in New Mexico.

Those interested in attending a conference are encouraged to register by close of business, September 20, 2012. You may register at the following Web page: <https://www.ferc.gov/whats-new/registration/rt-09-27-12-form.asp>.

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for

opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404–639–7570 and send comments to Ron Otten, 1600 Clifton Road, MS–D74, Atlanta, GA 30333 or send an email to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

Information Collection on foreign-born, migrant, refugee and other mobile populations with current or future ties to the United States—New—National Center for Emerging and Zoonotic Infectious Diseases (NCEZID), Division of Global Migration and Quarantine (DGMQ), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Centers for Disease Control and Prevention (CDC), National Center for Emerging and Zoonotic Infectious Diseases (NCEZID), Division of Global Migration and Quarantine (DGMQ), requests approval of a new “generic clearance” to better understand the health status, risk factors for disease and other health outcomes among foreign-born, migrant, refugee and other mobile populations with current or future ties to the United States. Insights gained from information collections will assist in the planning, implementation and improvement of disease prevention and control activities.

The information collection for which approval is sought is in accordance with DGMQ's mission to reduce morbidity and mortality among immigrants, refugees, travelers, expatriates, and other globally mobile populations, and to prevent the introduction, transmission, or spread of communicable diseases from foreign countries into the United States.
