SUPPLEMENTARY INFORMATION:

Background

On June 5, 2012, FMCSA published a notice in the **Federal Register** concerning regulatory guidance about

the "oilfield operations" exceptions in 49 CFR 395.1(d)(77 FR 33098). The regulatory guidance, effective June 5, 2012, was issued to ensure consistent understanding and application of the regulatory exceptions. Several groups or organizations have requested that the Agency extend the comment period and consider holding a listening session(s). On August 6, 2012, the FMCSA announced (1) an extension of the comment period for the submission of written comments in response to the June 5, 2012, notice, and (2) listening sessions on the regulatory guidance. The previous two listening sessions were held on August 17, 2012, in Denver, CO, and on August 21, 2012, in Pittsburgh, PA. This represents the third and final listening session on this issue.

Listening Session

The listening session is open to the public. Speakers are not required to preregister but should limit their remarks to 5 minutes. The public may submit material to the FMCSA staff at the session for inclusion in the docket, FMCSA-2012-0183.

Alternative Media Broadcasts During and Immediately After the Listening Session

FMCSA will provide webcast information for the listening session. Prior to the session, the Agency will post the Web address for the live webcast and instructions on how to participate at FMCSA's Web site, www.fmcsa.dot.gov. After the listening session, FMCSA will place a full transcript of the listening session in the docket referenced at the beginning of this notice.
