Expansion of Importer Self- Assessment Program To Include Qualified Importers of Focused Assessment Audits

AGENCY: U.S. Customs and Border
Protection, Department of Homeland
Security.

ACTION: General notice.

SUMMARY: This document announces changes to the Importer Self-Assessment (ISA) program and describes the requirements for participation in, and benefits under, the program. The ISA program allows participants an opportunity to assess their own compliance with U.S. Customs and Border Protection (CBP) laws and regulations rather than undergoing

comprehensive CBP audits. This document announces that a company that has successfully undergone a CBP Focused Assessment (FA) audit may be eligible to transition into the ISA program without further CBP review within twelve (12) months from the date of the FA Report wherein Regulatory Audit, Office of International Trade, has determined that the company represents an acceptable risk to CBP, if the company also: Is a U.S. or Canadian resident importer; obtains Customs-Trade Partnership Against Terrorism (C-TPAT) program membership; develops a risk-based self-testing plan; and agrees to meet all of the ISA program requirements. An Application Review Meeting, which is normally required for ISA applicants, will not be required for participants under this new policy.

DATES: The program modifications set forth in this document are effective October 5, 2012.

SUPPLEMENTARY INFORMATION:

Background

Importer Self-Assessment Program and the Focused Assessment

The Importer Self-Assessment (ISA) program is a joint government-business initiative designed to build cooperative relationships that strengthen trade compliance. It is based on the premise that companies with strong internal controls achieve the highest level of compliance with customs laws and regulations. On June 7, 2002, the former U.S. Customs Service (now U.S. Customs and Border Protection (CBP)) published a **Federal Register** (67 FR 41298) notice announcing the ISA program and describing the requirements for participation in, and benefits under, the program. For the most part, the requirements for participation in the ISA program remain as described in the 2002 Notice, except that the program has been expanded to accept Canadian as well as U.S. importers and participants must retain self-testing results for three (3) years.

Upon acceptance into the ISA program, the company will immediately begin to receive the following benefits:

- Entitled to receive entry summary trade data, including analysis support, from CBP.
- Consultation, guidance, and training by CBP if requested and as resources permit (for compliance, risk
