

reasonable dues, fees and other charges among its members and other persons using its facilities. In particular, the Exchange believes charging a route-out fee for Priority Customer orders is reasonable if doing so provides the Exchange the ability to recover the costs of funding a credit the Exchange provides to its PMMs, who, in the course of meeting their obligation, are incurring a financial burden. The Exchange further believes it is equitable and reasonable to assess the proposed fee to recoup costs associated with routing Priority Customer orders to away markets. The Exchange also believes that the proposed fees are equitable and not unfairly discriminatory because the fees would be uniformly applied to all Priority Customer orders. ISE notes that a number of other exchanges currently charge a variety of routing related fees associated with customer and non-customer orders that are subject to linkage handling. The Exchange further notes that the fees proposed herein are substantially lower than the level of fees charged by some of the Exchange's competitors.¹²

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹³ At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall

institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68031; File No. SR-ISE-2012-84]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Schedule of Fees

October 10, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 1, 2012, the International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission the proposed rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE proposes to amend its Schedule of Fees. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

² 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange currently assesses per contract transaction fees and provides rebates to market participants that add or remove liquidity from the Exchange for certain Regular Orders³ in 65 option classes ("Special Non-Select Penny Pilot Symbols").⁴ Specifically, for ISE Market Maker,⁵ Firm Proprietary/Broker-Dealer and Professional Customer⁶ orders that trade against Priority Customer⁷ orders in the Special Non-Select Penny Pilot Symbols, the Exchange currently charges a taker fee of \$0.30 per contract; for Non-ISE Market Maker⁸ orders that trade against Priority Customer orders, the Exchange currently charges a taker fee of \$0.40 per contract. The taker fee for Priority Customer orders that trade against other Priority Customer orders is \$0.00 per contract. Additionally, the Exchange provides Market Makers with a two cent discount when trading against Priority Customer orders that are preferenced to them. This discount is applicable when Market Makers add or remove liquidity in the Special Non-Select Penny Pilot Symbols. Market Makers that remove liquidity in the Special Non-Select Penny Pilot Symbols when trading against Priority Customer orders that are preferenced to them are currently charged \$0.28 per contract.

The Exchange now proposes to increase the taker fee for Market Maker orders that trade against Priority Customer orders from \$0.30 per contract to \$0.32 per contract, and to increase the taker fee for Firm Proprietary/Broker-Dealer and Professional Customer orders that trade against Priority Customer

orders from \$0.30 per contract to \$0.35 per contract. Market Makers that remove liquidity in the Special Non-Select Penny Pilot Symbols when trading against Priority Customer orders that are preferenced to them will be charged \$0.30 per contract. The Exchange does not propose any change to the taker fee for Non-ISE Market Maker and Priority Customer orders that trade against Priority Customer orders in the Special Non-Select Penny Pilot Symbols.

2. Basis

The Exchange believes that its proposal to amend its Schedule of Fees is consistent with Section 6(b) of the Act⁹ in general, and furthers the objectives of Section 6(b)(4) of the Act¹⁰ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members and other persons using its facilities. The impact of the proposal upon the net fees paid by a particular market participant will depend on a number of variables, most important of which will be its propensity to interact with and respond to certain types of orders.

The Exchange believes it is reasonable and equitable to charge a taker fee of \$0.32 per contract for Market Maker orders, and \$0.35 per contract for Firm Proprietary/Broker-Dealer and Professional Customer orders in the Special Non-Select Penny Pilot Symbols that trade against Priority Customer interest. The Exchange notes that the proposed fees are comparable to fees currently in place at other exchanges for Penny Pilot symbols.¹¹ Additionally, the Exchange believes that the proposed fees are fair, equitable and not unfairly discriminatory because they are consistent with price differentiation that exists today at other option exchanges.

The Exchange believes that it is reasonable and equitable to provide a two cent discount to Market Makers on preferenced orders as an incentive for them to quote in the regular order book. Accordingly, Market Makers who remove liquidity in the Special Non-Select Penny Pilot Symbols will be charged \$0.30 per contract when trading with Priority Customer orders that are preferenced to them. ISE notes that with this proposed fee change, the Exchange will continue to maintain a two cent differential that was previously in place.

The Exchange believes it remains an attractive venue for market participants to trade as its fees remain competitive with those charged by other exchanges for similar trading strategies. The Exchange operates in a highly competitive market in which market participants can readily direct order flow to another exchange if they deem fee levels at a particular exchange to be excessive. With this proposed fee change, the Exchange believes it remains an attractive venue for market participants to trade at favorable prices.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹² At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68028; File No. SR-BATS-2012-041]

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Related to Fees for Use of BATS Exchange, Inc.

October 10, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 1, 2012, BATS Exchange, Inc. (the "Exchange" or "BATS") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the fee schedule applicable to Members⁵ and non-members of the Exchange pursuant to BATS Rules 15.1(a) and (c). Changes to the fee schedule pursuant to this proposal will be effective upon filing.

The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify the "Options Pricing" section of its fee schedule effective immediately, in order to modify pricing related to executions that occur on the NASDAQ Options Market ("NOM"). NOM implemented certain pricing changes effective October 1, 2012,⁶ including a modification of the fee charged to participants to remove liquidity in non-Penny Pilot Securities.⁷ In order to maintain routing fees that approximate the routing costs to NOM, the Exchange proposes to adopt pricing for orders routed to NOM in non-Penny Pilot Securities that is identical to pricing for orders routed by the Exchange to NOM in Specified Symbols, as described below.

The Exchange currently charges certain flat rates for routing to other options exchanges that have been placed into groups based on the approximate cost of routing to such venues. The grouping of away options exchanges is based on the cost of transaction fees assessed by each venue as well as costs to the Exchange for routing (i.e., clearing fees, connectivity and other infrastructure costs, membership fees, etc.) (collectively, "Routing Costs"). Based on recent changes to NOM pricing, the Exchange adopted two categories for NOM under which it charges: (i) A fee of \$0.50 per contract for Customer⁸ orders and \$0.57 per contract for Professional,⁹ Firm, or

⁶ See Options Trader Alert #2012-56, *NOM and PHLX Pricing, Effective October 1, 2012* (September 28, 2012) (the "NOM Notice").

⁷ As defined on the Exchange's fee schedule, "Penny Pilot Securities" are those issues quoted pursuant to Exchange Rule 21.5, Interpretation and Policy .01. The options designated by the Exchange as Penny Pilot Securities are the same options as those designated by NOM as penny pilot issues.

⁸ As defined on the Exchange's fee schedule, the term "Customer" applies to any transaction identified by a member for clearing in the Customer range at the Options Clearing Corporation ("OCC"), excluding any transaction for a "Professional" as defined in Exchange Rule 16.1.

⁹ The term "Professional" is defined in Exchange Rule 16.1 to mean any person or entity that (A) is not a broker or dealer in securities, and (B) places more than 390 orders in listed options per day on
