Temporary Rule to Increase the Commercial Annual Catch Limit for South Atlantic Yellowtail Snapper

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; emergency action.

SUMMARY: NMFS issues this temporary rule to increase the commercial annual catch limit (ACL) for yellowtail snapper, as requested by the South Atlantic Fishery Management Council (Council). NMFS has determined that the commercial ACL may be increased from 1,142,589 lb (518,270 kg) to 1,596,510 lb (724,165 kg). This temporary rule will be effective for 180 days, unless superseded by subsequent rulemaking, although NMFS may extend the rule's effectiveness for an additional 186 days

pursuant to the Magnuson-Stevens Act. The intent of this temporary rule is to preserve a significant economic opportunity for the yellowtail snapper component of the South Atlantic snapper-grouper fishery that might otherwise be foregone and to help achieve optimum yield (OY) for the fishery.

DATES: This temporary rule is effective November 7, 2012, through May 6, 2013. Comments may be submitted through December 7, 2012.

ADDRESSES: You may submit comments on the temporary rule identified by "NOAA-NMFS-2012-0207" by any of the following methods:

- **Electronic submissions:** Submit electronic comments via the Federal e-Rulemaking Portal: <http://www.regulations.gov>. Follow the "Instructions" for submitting comments.

- **Mail:** Kate Michie, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701.

Instructions: All comments received are a part of the public record and will generally be posted to <http://www.regulations.gov> without change. All Personal Identifying Information (for example, name, address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information. NMFS will accept anonymous comments (enter N/A in the required field if you wish to remain anonymous).

To submit comments through the Federal e-Rulemaking Portal: <http://www.regulations.gov>, enter "NOAA-NMFS-2012-0207" in the search field and click on "search." After you locate the temporary rule, click the "Submit a Comment" link in that row. This will display the comment web form. You can then enter your submitter information (unless you prefer to remain anonymous), and type your comment on the web form. You can also attach additional files (up to 10MB) in Microsoft Word, Excel, WordPerfect, or Adobe PDF file formats only.

Comments received through means not specified in this rule will not be considered.

For further assistance with submitting a comment, see the "Commenting" section at <http://www.regulations.gov/#!faqs> or the Help section at <http://www.regulations.gov>.

Electronic copies of the documents in support of this temporary rule may be obtained from the Southeast Regional Office Web site at <http://sero.nmfs.noaa.gov/sf/SASnapperGrouperHomepage.htm>.

SUPPLEMENTARY INFORMATION: NMFS and the Council manage the snapper-grouper fishery off the southern Atlantic states under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). The Council prepared the FMP and NMFS implements the FMP through regulations at 50 CFR part 622 under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). Section 305(c) of the Magnuson-Stevens Act (16 U.S.C. 1855(c)) provides the legal authority for the promulgation of emergency regulations.

Background

The final rule for the Comprehensive Annual Catch Limit Amendment (Comprehensive ACL Amendment) to the Fishery Management Plan (FMP) for the Snapper-Grouper Fishery of the South Atlantic Region, and several other plans (77 FR 15916, March 16, 2012), effective April 16, 2012, implemented, in part, ACLs and accountability measures (AMs) for yellowtail snapper, as required by National Standard 1 of the Magnuson-Stevens Act. The commercial ACL for yellowtail snapper implemented through the final rule for the Comprehensive ACL Amendment is 1,142,589 lb (518,270 kg), round weight. The AM implemented through that rule states that the commercial sector will close if commercial landings reach or are projected to reach the commercial ACL.

On September 4, 2012 (77 FR 53776), NMFS published a temporary rule to close the commercial sector for yellowtail snapper in the South Atlantic on September 11, 2012, because NMFS determined that the commercial ACL for yellowtail snapper would be reached by that date. However, updated information revealed that yellowtail snapper could remain open for additional time until the ACL was reached. NMFS announced through a Fishery Bulletin on September 10, 2012, the cancellation of the previously announced closure. NMFS published a temporary rule on September 13, 2012 (77 FR 56563) with similar information. This would have been the first time yellowtail snapper would have closed in season since the ACL was first implemented in April 2012.

A new stock assessment for yellowtail snapper was completed by the Florida Fish and Wildlife Conservation Commission (FWCC), Fish and Wildlife Research Institute (FWRI), in May 2012,
