

Executive Order 12866 (58 FR 51735, October 4, 1993);

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- Does not provide EPA with the discretionary authority to address disproportionate human health or environmental effects with practical, appropriate, and legally permissible methods under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this proposed action does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the State, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: October 30, 2012.

Jared Blumenfeld,

Regional Administrator, Region IX.

BILLING CODE 6560-50-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2011-0002; Internal Agency Docket No. FEMA-B-1233]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule; correction.

SUMMARY: On November 29, 2011 FEMA published in the **Federal Register** a proposed rule that contained an erroneous table. This document provides corrections to that table, to be used in lieu of the information published at 76 FR 73537. The table provided here represents the flooding sources, location of referenced elevations, effective and modified elevations, and communities affected for Sullivan County, Pennsylvania (All Jurisdictions). Specifically, it addresses the flooding sources Big Run, Little Loyalsock Creek, Loyalsock Creek, and Muncy Creek.

DATES: Comments are to be submitted on or before February 7, 2013.

ADDRESSES: You may submit comments, identified by Docket No. FEMA-B-1233, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email) Luis.Rodriguez3@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal

Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email) Luis.Rodriguez3@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) publishes proposed determinations of Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are minimum requirements. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

Correction

In the proposed rule published at 76 FR 73537, in the November 29, 2011, issue of the **Federal Register**, FEMA published a table under the authority of 44 CFR 67.4. The table, entitled "Sullivan County, Pennsylvania (All Jurisdictions)" addressed the flooding sources Big Run, Little Loyalsock Creek, Loyalsock Creek, and Muncy Creek. That table contained inaccurate information as to the location of referenced elevation, effective and modified elevation in feet, and/or communities affected for Loyalsock Creek. In this document, FEMA is publishing a table containing the accurate information, to address these prior errors. The information provided below should be used in lieu of that previously published.

Flooding source(s)	Location of referenced elevation **	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
Sullivan County, Pennsylvania (All Jurisdictions)				
Big Run	At the Muncy Creek confluence	+968	+965	Township of Davidson.
	Approximately 1,600 feet upstream of Fairman Road	None	+1153	
Little Loyalsock Creek	Approximately 1,150 feet downstream of the Marsh Run confluence.	None	+1432	Borough of Dushore.
	Approximately 540 feet upstream of Main Street	None	+1458	
Loyalsock Creek	Approximately 2.6 miles downstream of the Ogdonia Creek confluence.	+789	+780	Borough of Forksville, Township of Elkland, Township of Forks, Township of Hillsgrove.
	At the Little Loyalsock Creek confluence	None	+1004	
Muncy Creek	At the Muncy Creek Tributary 1 confluence	+787	+783	Township of Davidson, Township of Shrewsbury.
	Approximately 0.76 mile upstream of Pecks Road	+991	+988	

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

^ Mean Sea Level, rounded to the nearest 0.1 meter.

** BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments to Luis Rodriguez, Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472.

ADDRESSES

Borough of Dushore

Maps are available for inspection at the Municipal Building, 216 Julia Street, Dushore, PA 18614.

Borough of Forksville

Maps are available for inspection at Sullivan County Planning and Community Development, 245 Muncy Street, Suite 110, Laporte, PA 18626.

Township of Davidson

Maps are available for inspection at the Davidson Township Municipal Building, 20 Michelle Road, Muncy Valley, PA 17758.

Township of Elkland

Maps are available for inspection at the Elkland Township Municipal Office Building, 909 Kobbe Road, Forksville, PA 18616.

Township of Forks

Maps are available for inspection at the Forks Township Hall, 627 Molyneux Hill Road, Dushore, PA 18614.

Township of Hillsgrove

Maps are available for inspection at the Township Hall, 2232 Route 87, Hillsgrove, PA 18619.

Township of Shrewsbury

Maps are available for inspection at the Shrewsbury Township Building, 1793 Edkin Hill Road, Muncy Valley, PA 17758.

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule; correction.

SUMMARY: On November 14, 2011, FEMA published in the **Federal Register**

a proposed rule that contained an erroneous table. This document provides corrections to that table, to be used in lieu of the information published at 76 FR 70397. The table provided here represents the flooding sources, location of referenced elevations, effective and modified elevations, and communities affected for Sauk County, Wisconsin, and Incorporated Areas. Specifically, it addresses the following flooding sources: Baraboo River, Devil's Lake Tributary (backwater effects from Baraboo River), Hay Creek (backwater effects from Baraboo River), Little Baraboo River (backwater effects from Baraboo River), Narrows Creek
