Background

On August 21, 2012, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on certain small diameter carbon and alloy seamless standard, line and pressure pipe from Romania. *See Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe From Romania: Preliminary Results of Antidumping Duty Administrative Review*, 77 FR 50465 (August 21, 2012) (*Preliminary Results*). We invited interested parties to comment on the *Preliminary Results*, but we received no comments.

The Department has conducted this administrative review in accordance

with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products subject to the order are small diameter seamless carbon and alloy (other than stainless) steel standard, line, and pressure pipes and redraw hollows. The products are typically classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings: 7304.10.10.20, 7304.10.50.20, 7304.19.10.20, 7304.19.50.20, 7304.31.30.00, 7304.31.60.50, 7304.39.00.16, 7304.39.00.20, 7304.39.00.24, 7304.39.00.28, 7304.39.00.32, 7304.51.50.05, 7304.51.50.60, 7304.59.60.00, 7304.59.80.10, 7304.59.80.15, 7304.59.80.20, and 7304.59.80.25. Although the HTSUS subheadings are provided for convenience and customs purposes, the written product descriptions, available in *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe From Romania*, 65 FR 48963 (August 10, 2000), remains dispositive.

Final Results of the Review

We have made no changes to our calculations announced in the *Preliminary Results*. As a result of our review, we determine that a weighted-average dumping margin of 0.00 percent exists for ArcelorMittal Tubular Products Roman S.A. for the period August 1, 2010, through July 31, 2011.

Assessment Rates

In accordance with the *Final Modification*, we will instruct U.S. Customs and Border Protection (CBP) to liquidate the entries covered by this review without regard to antidumping duties. *See Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012) (*Final Modification*).

The Department clarified its "automatic assessment" regulation on May 6, 2003. This clarification will apply to entries of subject merchandise during the period of review produced by AMTP for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see

Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003).

The Department intends to issue assessment instructions directly to CBP 15 days after publication of these final results of review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice for all shipments of certain small diameter carbon and alloy seamless standard, line and pressure pipe from Romania entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for ArcelorMittal Tubular Products Roman S.A. will be 0.00 percent; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in the original less-than-fair-value investigation or previous reviews, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 13.06 percent, the all-others rate established in *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe From Romania*, 65 FR 48963 (August 10, 2000). These cash deposit requirements shall remain in effect until further notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance

with 19 CFR 351.305(a)(3). Timely notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results and this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 2, 2012.

Assistant Secretary for Import Administration.
