**SUPPLEMENTARY INFORMATION:****Background**

The Act (16 U.S.C. 1531 et seq.) prohibits activities with endangered and threatened species unless a Federal permit allows such activity. Along with our implementing regulations in the Code of Federal Regulations (CFR) at 50 CFR part 17, the Act provides for permits, and requires that we invite public comment before issuing these permits.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes applicants to conduct activities with U.S. endangered or threatened species for scientific purposes, enhancement of propagation or survival, or interstate commerce (the latter only in the event that it facilitates scientific purposes or enhancement of propagation or survival). Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

**Applications Available for Review and Comment**

We invite local, State, and Federal agencies, and the public to comment on the following applications. Please refer to the appropriate permit number (e.g., Permit No. TE-123456) for the application when submitting comments.

Documents and other information the applicants have submitted with these applications are available for review, subject to the requirements of the Privacy Act (5 U.S.C. 552a) and Freedom of Information Act (5 U.S.C. 552).

**Permit Application Number: TE-180540**

*Applicant:* Lisa Church, Bureau of Land Management, Kanab Field Office, Kanab, Utah

The applicant requests renewal of an existing permit to take (harass by survey and transport) Utah prairie dog (*Cynomys parvidens*) in conjunction with surveys and population monitoring activities in Utah for the purpose of enhancing the species' survival.

**National Environmental Policy Act (NEPA)**

In compliance with NEPA (42 U.S.C. 4321 et seq.), we have made an initial determination that the proposed activities in these permits are categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement (516 DM 6 Appendix 1, 1.4C(1)).
