B. Basis and Purpose

In 2009, the City of New Haven requested a change to the drawbridge operation regulations governing the Ferry Street Bridge at mile 0.7, across Quinnipiac River, the Grand Avenue Bridge at mile 1.3, across the Quinnipiac River, and the Chapel Street Bridge, mile 0.4, across the Mill River, to reduce the burden of crewing these bridges during time periods when historically there have been few requests to open the bridges.

As a result, the Coast Guard authorized a temporary test deviation (74 FR 27249) on June 9, 2009, to test the proposed changes to the drawbridge operation regulations to help determine if a permanent change to the regulations would satisfactorily accomplish the bridge owner’s goal and continue to meet the reasonable needs of navigation.

The test period was in effect through October 26, 2009. Satisfactory results were received from the test. There were no adverse impacts to navigation reported during the test period.

As a result of the successful test deviation we published a notice of

proposed rulemaking (NPRM) entitled, "Drawbridge Operation Regulation; New Haven Harbor, Quinnipiac and Mill Rivers, CT," in the **Federal Register** (75 FR 1738) on January 13, 2010. The comment period for the NPRM closed on February 12, 2010. We received no comments in response to our NPRM. No public meeting was requested, and none was held.

The promulgation of the final rule was delayed due to the construction of the I-95 Pearl Harbor Memorial Bridge across the Quinnipiac River, at New Haven, Connecticut, which required land traffic detours during the initial phase of the new bridge construction. The Coast Guard delayed publication of the final rule to help facilitate vehicular traffic detours.

Because several years have passed since we first solicited comments on this rulemaking we are reopening this NPRM to provide notice and opportunity for the public to comment on this rulemaking before making the proposed changes permanent.

The notice of proposed rulemaking, requested by the City of New Haven, pertains to the following bridges:

- The Ferry Street Bridge at mile 0.7, across the Quinnipiac River, which has a vertical clearance in the closed position of 25 feet at mean high water and 31 feet at mean low water.
- The Grand Avenue Bridge at mile 1.3, across the Quinnipiac River, which has a vertical clearance in the closed position of 9 feet at mean high water and 15 feet at mean low water.
- The Chapel Street Bridge at mile 0.4, across the Mill River, which has a vertical clearance of 7 feet at mean high water and 13 feet at mean low water. The regulation governing the Tomlinson Bridge at mile 0.0, across the Quinnipiac River, will not be changed by this rulemaking.

The existing drawbridge operation regulations listed at 33 CFR 117.213, authorizes a roving crew concept that requires the draw of the Ferry Street Bridge to open on signal from October 1 through April 30, between 9 p.m. and 5 a.m., unless the draw tender is at the Grand Ave or Chapel Street bridges, in which case a delay of up to one hour in opening is permitted.

The bridge owner would like to extend the above roving crew concept to be in effect year round.

The waterway users are seasonal recreational craft, commercial fishing and construction vessels.

As noted, because of the passage of time since the notice of proposed rulemaking was published, the Coast Guard is reopening the comment period until January 15, 2013.

This notice is issued under authority of 33 U.S.C. 499 and 5 U.S.C. 552.

Dated: December 10, 2012.

Daniel B. Abel,

Rear Admiral, Commander, First Coast Guard District.

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 17

RIN 2900-AO34

VA Health Professional Scholarship and Visual Impairment and Orientation and Mobility Professional Scholarship Programs

AGENCY: Department of Veterans Affairs.
ACTION: Proposed rule.

SUMMARY: The Department of Veterans Affairs (VA) proposes to amend its VA Health Professional Scholarship Program (HPSP) regulations. VA also proposes to establish regulations for a new program, the Visual Impairment and Orientation and Mobility Professional Scholarship Program (VIOMPSP). These proposed regulations would comply with and implement sections 302 and 603 of the Caregivers and Veterans Omnibus Health Services Act of 2010 (the 2010 Act). Section 302 of the 2010 Act established the VIOMPSP, which authorizes VA to provide financial assistance to certain students seeking a degree in visual impairment or orientation or mobility, in order to increase the supply of qualified blind rehabilitation specialists for VA and the United States. Section 603 of the 2010 Act reauthorized and modified HPSP, a program that provides scholarships for education or training in certain healthcare occupations.

DATES: Comments must be received by VA on or before February 25, 2013.

ADDRESSES: Written comments may be submitted: By mail or hand-delivery to Director, Regulations Management (02REG), Department of Veterans Affairs, 810 Vermont Avenue NW, Room 1068, Washington, DC 20420; by fax to (202) 273-9026; or through <http://www.Regulations.gov>. Comments should indicate that they are submitted in response to "RIN 2900-AO34-VA Health Professional Scholarship and Visual Impairment and Orientation and Mobility Professional Scholarship Programs." All comments received will be available for public inspection in the Office of Regulation Policy and Management, Room 1063B, between the

hours of 8 a.m. and 4:30 p.m., Monday through Friday (except holidays). Call (202) 461-4902 for an appointment. (This is not a toll-free number.) In addition during the comment period, comments may be viewed online through the Federal Docket Management System at <http://www.Regulations.gov>.

Nicole Nedd, Healthcare Talent Management Office, Department of Veterans Affairs, 1250 Poydras Street, Suite 1000, New Orleans, LA 70113; (504) 565-4900. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: Pursuant to 38 U.S.C. 7601 through 7619, 7633, 7634, and 7636, VA has promulgated regulations implementing the HPSP, codified at 38 CFR 17.600 through 17.612. As explained in current § 17.600, the purpose of this program is to award scholarships "to students receiving education or training in a direct or indirect health-care services discipline to assist in providing an adequate supply of such personnel for VA and for the Nation." This rulemaking proposes to amend the HPSP regulations in response to section 603 of the 2010 Act, Public Law 111-163, which amended the statutory authority for this program.

Section 603(a) and (c) renumbered and amended 38 U.S.C. 7618 as section 7619 and added a new section 7618. Section 7619, as amended, establishes a new delimiting date of December 31, 2014, for the HPSP. The previous delimiting date for HPSP had been December 31, 1998, and, therefore, the program is no longer active. Although this new delimiting date does not by itself require revision to any of the regulations that were in place when the program was previously active, section 603(b) of the 2010 Act amended the eligibility requirements for the HPSP, codified in 38 U.S.C. 7612(b)(2), to allow a broader spectrum of candidates to qualify for the HPSP. Section 7618(a) of title 38, United States Code, as added by section 603(c) of the 2010 Act, requires VA to modify the HPSP so that it will be "designed to fully employ Scholarship Program graduates as soon as possible, if not immediately, upon graduation and completion of necessary certifications, and to actively assist and monitor graduates to ensure certifications are obtained in a minimal amount of time." Paragraph (b) of 38 U.S.C. 7618 requires participants of the HPSP to "perform clinical tours in assignments or locations determined by [VA] while the participants are enrolled in the course of education or training for
