

CY 2014. The new question would be in addition to and not a replacement of the current ACS health insurance question. In response to this request, the Census Bureau conducted qualitative testing in 2012 of an additional question related to subsidized premiums for health insurance. Based on the results of that testing, the Census Bureau is considering adding this topic to the ACS questionnaire in 2014.

The Census Bureau is also considering a modification to the ACS question on race for implementation in 2014. Based on testing conducted in parallel with the 2010 Census called the Alternative Questionnaire Experiment, the Census Bureau saw no negative impact in modifying the categories to the race question by removing the term "Negro" from the category "Black, African American, or Negro." Given this finding, and previous negative feedback provided to the Census Bureau on the inclusion of this term in this category, the Census Bureau is proposing removing this term from this category in the 2014 ACS.

In an effort to enhance the value of data on vacant housing units, the Census Bureau is considering the expansion of the vacancy status categories from which Field Representatives (FRs) can choose as they try to determine the status of vacant housing units. Data users have expressed a strong interest in knowing the composition of the "Other Vacant" category, which can be as high as 30 percent of vacant housing units and which may contain a substantial number of housing units in the so-called "shadow inventory" of housing units that may come on the market at some point for rent or for sale.

II. Method of Collection

The Census Bureau will mail survey instruction materials to households selected for the ACS. The materials will instruct the residents to complete the ACS questionnaire online. For households that do not complete the online questionnaire, Census Bureau staff will then mail out a questionnaire package. For households that complete neither an online form nor a paper form, Census Bureau staff will attempt to conduct interviews via Computer Assisted Telephone Interviewing (CATI). Census Bureau staff will also conduct Computer-Assisted Personal Interviewing (CAPI) for a sub sample of households that do not respond. The Census Bureau conducts a content re-interview from a small sample of respondents.

For most types of GQs, Census Bureau FRs will conduct personal interviews

with respondents to complete questionnaires or, if necessary, leave questionnaires and ask respondents to complete. Census Bureau staff collects information from GQ contacts via CAPI. Census Bureau staff will conduct a GQ contact re-interview from a sample of GQs primarily through CATI and a very small percentage via CAPI.

The Census Bureau staff will provide Telephone Questionnaire Assistance (TQA) and if the respondent indicates a desire to complete the survey by telephone, the TQA interviewer conducts the interview.

[B-92-2012]

Foreign-Trade Zone 26 — Atlanta, Georgia Notification of Proposed Production Activity Suzuki Mfg. of America Corp. (All-Terrain Vehicles) Rome, Jonesboro and Cartersville, Georgia

Georgia Foreign-Trade Zone, Inc., grantee of FTZ 26, submitted a

notification of proposed production activity on behalf of Suzuki Mfg. of America Corp. (SMAC), located in Rome, Jonesboro, and Cartersville, Georgia. The notification conforming to the requirements of the regulations of the Foreign-Trade Zones Board (15 CFR 400.22) was received on November 19, 2012.

The SMAC facilities are located at: 1520 and 1627 Technology Parkway, NW., Rome (Floyd County); 9250 Main Street, Jonesboro (Clayton County); and, 400 High Point Road Cartersville (Bartow County), Georgia. A separate request for subzone designation at the SMAC facilities has been processed under Section 400.24(c) of the Board's regulations. The facilities are used for the production of all-terrain vehicles (ATVs) and related components (carriers, footrests, fuel tanks, grips/handle bars, frames, rear box assemblies). Production under FTZ procedures could exempt SMAC from customs duty payments on the foreign status components and materials used in export production. On its domestic sales, SMAC would be able to choose the duty rate during customs entry procedures that apply to ATVs and related components (free—2.5%) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

Components and materials sourced from abroad include: articles of rubber, hoses, gaskets, washers, fasteners, springs, sign plates/labels, brackets, plates, braces, fittings, body parts, engines and related parts, pumps, fans, valves, hose/pipe assemblies, guides, electrical components, coils, sensors and related assemblies, resistors, horns, relays, switches, lighting equipment, radiators, electronic control units, stampings, other parts of ATVs, brake parts, axles, gauges, and wheels (duty rate ranges from free to 8.6%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is February 4, 2013.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Pierre Duy at Pierre.Duy@trade.gov, or (202) 482-1378.

Dated: December 19, 2012.
