DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Questionnaire To Support Review of Federal Assistance Applications

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before April 23, 2012.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Cristi Reid, (301) 713-1622 x206 or Cristi.Reid@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection.

The National Environmental Policy Act (NEPA) (42 U.S.C. 4321 through 4327) and the Council on Environmental Quality (CEQ) implementing regulations (40 CFR parts 1500 through 1508) require that an environmental analysis be completed for all major Federal actions

significantly affecting the environment. NEPA applies only to the actions of Federal agencies. While those Federal actions may include a Federal agency's decision to fund non-Federal projects under grants and cooperative agreements, NEPA requires agencies to assess the environmental impacts of actions proposed to be taken by these recipients only when the Federal agency has sufficient discretion or control over the recipient's activities to deem those actions as Federal actions. To determine whether the activities of the recipient of a Federal financial assistance award (i.e., grant or cooperative agreement) involve sufficient Federal discretion or control, and to undertake the appropriate environmental analysis when NEPA is required, NOAA must assess information which can only be provided by the Federal financial assistance applicant. Thus, NOAA has developed an environmental information questionnaire to provide grantees and Federal grant managers with a simple tool to ensure that project and environmental information is obtained. The questionnaire applies only to those programs where actions are considered major Federal actions or to those where NOAA must determine if the action is a major Federal action. The questionnaire includes a list of questions that encompasses a broad range of subject areas. The applicants are not required to answer every question in the questionnaire. Each program draws from the comprehensive list of questions to create a relevant subset of questions for applicants to answer. The information provided in answers to the questionnaire is used by NOAA staff to determine compliance requirements for NEPA and conduct subsequent NEPA analysis as needed. The information provided in the questionnaire may also be used for other regulatory review requirements associated with the proposed project, such as issuance of permits.

II. Method of Collection

Methods of submittal include paper forms via the mail, Internet, and facsimile transmission.

III. Data

OMB Control Number: 0648-0538.

Form Number: None.

Type of Review: Regular submission (extension of a currently approved collection).

Affected Public: Business or other for profit organizations; individuals or households; not-for-profit institutions; state, local, or tribal government; and Federal government.

Estimated Number of Respondents: 1,000.

Estimated Time per Response: 3 hours.

Estimated Total Annual Burden Hours: 3,000.

Estimated Total Annual Cost to Public: \$1,000 in reporting/recordkeeping costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: February 15, 2012.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Application and Reports for Scientific Research and Enhancement Permits Under the Endangered Species Act

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before April 23, 2012.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Gary Rule, (503) 230-5424 or Gary.Rule@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a currently approved information collection.

The Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 et seq.) imposed prohibitions against the taking of endangered species. Section 10 of the ESA allows permits authorizing the taking of endangered species for research/enhancement purposes. The corresponding regulations established procedures for persons to apply for such permits. In addition, the regulations set forth specific reporting requirements for such permit holders. The regulations contain two sets of information collections:

(1) Applications for research/enhancement permits, and (2) reporting requirements for permits issued.

The required information is used to evaluate the impacts of the proposed activity on endangered species, to make the determinations required by the ESA prior to issuing a permit, and to establish appropriate permit conditions. To issue permits under ESA Section 10(a)(1)(A), the National Marine Fisheries Service (NMFS) must determine that (1) such exceptions were applied for in good faith, (2) if granted and exercised, will not operate to the disadvantage of such endangered species, and (3) will be consistent with the purposes and policy set forth in Section 2 of the ESA.

The currently approved application and reporting requirements apply to Pacific marine and anadromous fish species; requirements regarding other species are being addressed in a separate information collection.

II. Method of Collection

Submissions may be in paper or electronic format.

III. Data

OMB Control Number: 0648-0402.

Form Number: None.

Type of Review: Regular submission (extension of a currently approved collection).

Affected Public: Federal government; State, local, or tribal government; business or other for-profit organizations.

Estimated Number of Respondents: 160.

Estimated Time per Response: Permit applications, 12 hours; permit modification requests 6 hours; and annual or final reports, 2 hours.

Estimated Total Annual Burden Hours: 835.

Estimated Total Annual Cost to Public: \$500 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

RIN 0648-XB012

Gulf of Mexico Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council (Council) will convene its Special Coral Scientific and Statistical Committee.

DATES: The meeting will convene at 8:30 a.m. on Thursday, March 8, 2012 and conclude no later than 4:30 p.m.

ADDRESSES: The meeting will be held at the Gulf of Mexico Fishery Management Council, 2203 N. Lois Avenue, Suite 1100, Tampa, FL 33607.

Council address: Gulf of Mexico Fishery Management Council, 2203 North Lois Avenue, Suite 1100, Tampa, FL 33607.

FOR FURTHER INFORMATION CONTACT: John Froeschke, Fishery Biologist and Mark Mueller, GIS Analyst, Gulf of Mexico Fishery Management Council; telephone: (813) 348-1630.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico Fishery Management Council (Council) will convene the Special Coral Scientific and Statistical Committee to discuss and provide expert guidance to Council staff on two projects being conducted as part of a NOAA Coral Reef Conservation Program grant that address the relationship between trends in coral reef communities and their associated fisheries. The first project involves development of a publicly-accessible spatial database of Gulf of Mexico corals (shallow, mesophotic and deep sea) and related fisheries information that will be used to enhance spatial planning and management actions. The Committee will be asked to provide expert advice and recommendations about datasets and data sources as well as data gaps and needs. The second project involves convening a workshop of respected coral experts and managers to examine the interrelationships between corals and fisheries relative to long-term trends in coral condition. The Committee will be asked to provide expert advice and recommendations about participants and various potential conference topics including threats to coral health, management, coral habitats, habitat suitability models, and emerging research.

Copies of the agenda and other related materials can be obtained by calling (813) 348-1630 or can be downloaded from the Council's ftp site, <ftp:gulfcouncil.org>.

Although other non-emergency issues not on the agenda may come before the Special Coral Scientific and Statistical Committee for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during this meeting. Actions of the Special Coral Scientific and Statistical Committee will be restricted to those issues specifically identified in the agenda and any issues arising after publication of this notice that require emergency action under
