SUPPLEMENTARY INFORMATION: Through communication media such as meetings, newsletters, planning bulletins, and news releases, the public was provided opportunities to identify issues that needed to be addressed and to participate in the development of plan alternatives. The public provided comments during the 90-day public comment period on the Draft RMP/Draft Environmental Impact Statement (EIS) published on March 2, 2007 (72 FR 9576); these were addressed in the Proposed RMP/Final EIS published on September 23, 2011 (76 FR 59156).

The Proposed RMP/Final EIS was developed with input and cooperation with the following: Arizona Game and Fish Department, Ak Chin Indian Community, Gila River Indian Community, Tohono O'odham Nation, Salt River Pima-Maricopa Indian Community, Pascua Yaqui Tribe, Pima and Pinal counties, Natural Resources Conservation Service, U.S. Fish and Wildlife Service, Arizona State Historic Preservation Office, Arizona State Land Department, and Pima Natural Resource Conservation District.

The IFNM encompasses approximately 128,400 acres of Federal land administered by the BLM; approximately 54,700 acres of State Trust Land inholdings administered by the Arizona State Land Department; approximately 6,000 acres of private land inholdings, 641 acres of Pima County inholdings, and 326 acres of military withdrawal lands. The ROD/Approved RMP applies only to Federal lands and interests located within the established boundary of the IFNM. The BLM's Gila District Tucson Field Office has the responsibility of planning for and management of Federal lands within the IFNM.

The Approved RMP is the same as Alternative C in the Proposed RMP, with minor modifications made in preparing the Approved RMP. The BLM received eight protest letters on the Proposed RMP/Final EIS. The BLM Director denied all protest issues. The Director's Protest Resolution Report can be accessed at the following Web site: http://www.blm.gov/wo/st/en/prog/planning/planning_overview/protest_resolution/protestreports.html.

Key decisions in the ROD/Approved RMP include:

1. Off-highway vehicle use designations are established, limiting all motorized vehicle use to designated routes on approximately 117,520 acres and closing 10,880 acres to all

motorized vehicle use. Guidance for management of the Monument access route network is provided, and a transportation plan with route-specific management objectives will be developed within 6 months of the effective date of the ROD/Approved RMP. Travel route designations include 124 miles of roads and primitive roads to provide motorized access and travel; 118 miles of routes to accommodate administrative use of motorized vehicles and public use for non-motorized and non-motorized mechanized travel; and 90 miles of routes to accommodate non-motorized non-mechanized travel for administrative and public use. Seventeen (17) miles of routes will be closed and restored.

2. Monument lands are closed to recreational target shooting. State Trust Land inholdings are already off limits to recreational target shooting. This change will help bring consistency in the way both Federal and State lands are managed and help reduce confusion for the public. Hunting will continue to be allowed in accordance with Arizona hunting laws and regulations.

The BLM determined that the IFNM ROD/Approved RMP provides a framework for long-term protection of Monument objects while allowing authorized uses, recreation activities, and scientific studies that are consistent with the protection of the objects of the Monument.

The Arizona Governor's Office did not identify any inconsistencies between the Proposed RMP/Final EIS and State or local plans, policies, and programs during the Governor's Consistency Review.

The ROD/Approved RMP for the IFNM contains implementation level decisions that identify travel route designations for roads, primitive roads, administrative roads and trails, and route closures for restoration, with specific management designations which are described in Appendix D of the ROD/Approved RMP. These implementation decisions establish the route network for motorized and non-motorized access for administrative purposes and public use within the IFNM.

Any party adversely affected by these implementation level decisions may file an appeal within 30 days of publication of this Notice of Availability pursuant to 43 CFR part 4, subpart E. The appeal should state the specific route(s), as identified in Appendix D of the ROD/Approved RMP, on which the decision is being appealed and describe the reasons for the appeal. The appeal must be filed with the Tucson Field Manager at the above address. Please consult the

appropriate regulations for further appeal requirements.

Authority: 40 CFR 1502.2 and 43 CFR 1610.5.

Office of Surface Mining Reclamation and Enforcement

Notice of Proposed Information Collection; Request for Comments for 1029-0120

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing that the information collection request for the Nomination and Request for Payment Form for OSM's Technical Training Courses, has been submitted to the Office of Management and Budget (OMB) for review and approval. This information collection activity was previously approved by OMB, and assigned control number 1029-0120. The information collection request describes the nature of the information collection and its expected burden and cost.

DATES: OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, public comments should be submitted to OMB by March 27, 2013, in order to be assured of consideration.

ADDRESSES: Submit comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, Department of the Interior Desk Officer, via email at OIRA_submission@omb.eop.gov, or by facsimile to (202) 395-5806. Also, please send a copy of your comments to John Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave. NW., Room 203-SIB, Washington, DC 20240, or electronically to jtrelease@osmre.gov. Please reference 1029-0120 in your correspondence.

FOR FURTHER INFORMATION CONTACT: To receive a copy of the information collection request contact John Trelease at (202) 208-2783, or electronically at jtrelease@osmre.gov. You may also review the information collection

request online at <http://www.reginfo.gov>. Follow the instructions to review Department of the Interior collections under review by OMB.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104–13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. OSM has submitted a request to OMB to renew its approval of the collection of information found in its Nomination and Request for Payment Form for OSM Technical Training Courses. OSM is requesting a 3-year term of approval for this collection. This collection is required to obtain or retain a benefit.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 1029–0120. State and Tribal regulatory and reclamation employees and industry personnel are required to respond to obtain a benefit.

As required by 5 CFR 1320.8(d), a **Federal Register** notice soliciting comments on this collection of information was published on December 11, 2012 (77 FR 73673). No comments were received. This notice provides the public with an additional 30 days in which to comment on the following information collection activity:

Title: Nomination and Request for Payment Form for OSM Technical Training Courses.

OMB Control Number: 1029–0120.

Summary: The information is used to identify and evaluate the training courses requested by students to enhance their job performance, to calculate the number of classes and instructors needed to complete OSM's technical training mission, and to estimate costs to the training program.

Bureau Form Numbers: OSM–105.

Frequency of Collection: Once per training course.

Description of Respondents: State and Tribal regulatory and reclamation employees and industry personnel.

Total Annual Responses: 944 responses.

Total Annual Burden Hours: 5 minutes per response, or 79 total hours.

Send comments on the need for the collection of information for the performance of the functions of the agency; the accuracy of the agency's burden estimates; ways to enhance the

quality, utility and clarity of the information collection; and ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information, to the offices listed in the **ADDRESSES** section. Please refer to OMB control number 1029–0120 in all correspondence.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: February 19, 2013.

Andrew F. DeVito,

Chief, Division of Regulatory Support.

Title: 30 CFR part 882—Reclamation on Private Land.

OMB Control Number: 1029–0057.

Summary: Public Law 95–87

authorizes Federal, State, and Tribal governments to reclaim private lands and allows for the establishment of procedures for the recovery of the cost of reclamation activities on privately owned lands. These procedures are intended to ensure that governments have sufficient capability to file liens so that certain landowners will not receive a windfall from reclamation.
