[Release No. 34-69122; File No. SR-CFE-2013-003]

Self-Regulatory Organizations; CBOE Futures Exchange, LLC; Notice of Filing of a Proposed Rule Change Regarding Reportable Position Reporting of Security Futures by Non-Trading Privilege Holders

March 12, 2013.

Pursuant to Section 19(b)(7) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on March 1, 2013 CBOE Futures Exchange, LLC ("CFE" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change described in Items I, II, and III below, which Items II and III have been prepared by CFE. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons. CFE also has filed this proposed rule change with the Commodity Futures Trading Commission ("CFTC"). CFE filed a written certification with the CFTC under Section 5c(c) of the Commodity Exchange Act ("CEA")² on March 1, 2013.

I. Self-Regulatory Organization's Description of the Proposed Rule Change

CFE proposes to add new subparagraph (b) to CFE Rule 412B (Reportable Positions) to make clear that Persons³ that are not CFE Trading Privilege Holders ("TPHs") and that are required by CFTC regulations to report to the CFTC reportable positions and related information relating to CFE security futures contracts are obligated to also report the foregoing reportable positions and related information to CFE in a form and manner prescribed by CFE. CFE also proposes to amend subparagraph (d) to CFE Rule 308 (Consent to Exchange Jurisdiction) by adding CFE Rule 412B(b) to the list of CFE Rules that are applicable to non-TPHs.

The scope of this filing is limited solely to the application of the rule changes to security futures traded on CFE. The only security futures currently traded on CFE are traded under Chapter 16 of CFE's Rulebook which is applicable to Individual Stock Based and Exchange-Traded Fund Based

Volatility Index ("Volatility Index") security futures.

The text of the proposed rule change is available on the Exchange's Web site at <http://www.cfe.cboe.com>, on the Commission's Web site at <http://www.sec.gov>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CFE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CFE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposal is to add new subparagraph (b) to CFE Rule 412B (Reportable Positions) to make clear that Persons that are not CFE TPHs and that are required by CFTC regulations to report to the CFTC reportable positions and related information relating to CFE security futures contracts are obligated to also report the foregoing reportable positions and related information to CFE in a form and manner prescribed by CFE. CFE also proposes to amend subparagraph (d) to CFE Rule 308 (Consent to Exchange Jurisdiction) by including a citation to CFE Rule 412B(b) in the list of CFE Rules that are applicable to non-TPHs.

Under the CFTC's large trader reporting system ("LTRS"), futures commission merchants and others are required to file daily reports with the CFTC under Part 17 of the CFTC's regulations.⁴ There are two components to the LTRS for all futures accounts. The first component is a reporting of futures and options on futures positions of traders with positions at or above specific reporting levels. The second component is the filing of CFTC Form 102 (Identification of Special Accounts) which is used to identify each new account that acquires a reportable position.

CFE Rule 412B already provides that TPHs are required to report to CFE in a

form and manner prescribed by CFE reportable positions and related information relating to CFE contracts that TPHs are obligated to report to the CFTC pursuant to CFTC regulations. However, CFE Rule 412B does not currently explicitly state that this requirement is applicable to non-TPHs, such as foreign brokers, that are required to report to the CFTC reportable security futures positions and related information concerning to CFE contracts. The purpose of this proposal is to make clear that this requirement would be applicable to those parties.

To affect this change, CFE proposes to add below new paragraph (b) to CFE Rule 412B:

(b) Any Person that is not a Trading Privilege Holder and that is required to report to the [CFTC] pursuant to [CFTC] regulations reportable positions and related information relating to Exchange Contracts shall report the foregoing reportable positions and related information to the Exchange in a form and manner prescribed by the Exchange.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5)⁶ in particular in that it is designed to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change would strengthen its ability to carry out its self-regulatory obligations. Specifically, CFE needs to receive reportable positions and related information in a form and manner that will allow its seamless integration into the market surveillance program and systems utilized by CFE and its regulatory services provider. The proposal will facilitate CFE's ability to receive reportable positions and related information related to CFE security futures contracts in this manner from non-TPHs that are required to report this information to the CFTC.

B. Self-Regulatory Organization's Statement on Burden on Competition

CFE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange

believes that the proposed rule change is equitable and not unfairly discriminatory because it makes clear that Persons that are not CFE TPHs and that are required by CFTC regulations to report to the CFTC reportable positions and related information relating to CFE contracts are obligated to also report the foregoing reportable positions and related information to CFE in a form and manner prescribed by CFE. This is the same reporting requirement that applies that CFE TPHs.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change will become operative on March 18, 2013.

At any time within 60 days of the date of effectiveness of the proposed rule change, the Commission, after consultation with the CFTC, may summarily abrogate the proposed rule change and require that the proposed rule change be refiled in accordance with the provisions of Section 19(b)(1) of the Act.⁷

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to (i) reduce the Floor Broker rebate for QCC transactions and (ii) remove an outdated reference. The Exchange proposes to implement the changes on March 1, 2013.

Currently, Floor Brokers that execute QCC transactions receive a rebate of \$0.05 per contract side. The Exchange proposes reducing that rebate to \$.035 per contract side. When the Exchange originally adopted the Floor Broker rebate, the Exchange noted that OTP Holders have two primary means of bringing a QCC order to the Exchange for possible execution: (1) They can configure their systems to deliver the QCC order to the Exchange matching engines for validation and execution; or
