

Petitioner: The Doe Run Company, 6854 Hwy KK, Bunker, Missouri 63629.
Mine: Fletcher Mine, MSHA I.D. No. 23-00409, located in Reynolds County, Missouri.

Regulation Affected: 30 CFR 57.11052(d) (Refuge areas).

Modification Request: The petitioner requests a modification of the existing standard to permit the use of an alternative method of compliance to maintain compressed air cylinders in lieu of compressed air lines in refuge chambers. The petitioner states that:

(1) The refuge chamber would be provided with compressed air cylinders and a suitable regulator as well as always remain in the fresh air circuit of the mine's ventilation.

(2) Bottled water will be maintained in the refuge chamber in lieu of waterlines as required by the standard.

(3) The refuge chambers are provided as a safety precaution in the event miners are unable to escape from the mine in an emergency.

(4) Three compressed air cylinders and bottled water for the refuge chamber will be available if needed during the mine emergency.

(5) The chamber will always remain in the fresh air, maintaining an acceptable air quality for an indefinite time period. Air and water lines may be damaged in the event of a mine emergency.

The petitioner asserts that having compressed air cylinders, the refuge chamber in the fresh air circuit of mine's ventilation, and bottled water in the chamber, will always guarantee the miners affected no less than the same measure of protection afforded by the standard.

The presence of and use of lithium ion batteries in transportation is not, however, limited to aviation. Through this forum, the NTSB will highlight the role of lithium ion batteries across all modes of transportation, manufacturing processes, design standards, failure rates, and regulations and other standards associated with their use and shipping.

Expert panelists will include representatives from government agencies, industry suppliers, safety experts, and the research community. Below is the preliminary agenda:

Thursday, April 11 (9:00 a.m.-4:30 p.m.)

OFFICE OF PERSONNEL MANAGEMENT

Submission for Review; New Information Collection: Freedom of Information/Privacy Act Record Request Form (INV 100)

AGENCY: U.S. Office of Personnel Management.

ACTION: 30-Day Notice and request for comments.

SUMMARY: Federal Investigative Services (FIS), U.S. Office of Personnel Management (OPM) offers the general public and other Federal agencies the opportunity to comment on a new information collection request (ICR), Office of Management and Budget (OMB) Control No. 3206–NEW, for the Freedom of Information/Privacy Act Record Request Form (INV 100). As required by the Paperwork Reduction Act of 1995, (Pub. L. 104–13, 44 U.S.C. chapter 35) as amended by the Clinger-Cohen Act (Pub. L. 104–106), OPM is soliciting comments for this collection. The Office of Management and Budget (OMB) is particularly interested in comments that:

2. Evaluate the accuracy of OPM's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

DATES: Comments are encouraged and will be accepted until April 29, 2013. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory

Affairs, Office of Management and Budget, 725 17th Street NW., Washington, DC 20503, Attention: Desk Officer for the Office of Personnel Management, by email to oir_submission@opm.eop.gov or by fax to (202) 395–6974; and Federal Investigative Service, U.S. Office of Personnel Management, 1900 E Street NW., Washington, DC 20415, Attention: Laura Eury or sent via email to FISFormsComments@opm.gov.

FOR FURTHER INFORMATION CONTACT: A copy of this ICR, with applicable supporting documentation, may be obtained by contacting OPM by mail at Federal Investigative Services, U.S. Office of Personnel Management, 1900 E Street NW., Washington, DC 20415, Attention: Laura Eury, or by email to FISFormsComments@opm.gov.

SUPPLEMENTARY INFORMATION: OPM's Federal Investigative Services (FIS), Freedom of Information and Privacy Act (FOI/PA) office proposes use of this optional form (INV 100) to standardize collection of data elements specific to FOIA and Privacy Act record requests submitted to FIS. Current FOIA and Privacy Act record requests are submitted to FIS–FOI/PA in a format chosen by the requester, yet consistent with the published regulations at 5 CFR 294 and 5 CFR 297, respectively. Often the requests are missing data elements that require contact with the requester by mail, thereby adding time to the process. Standardization of the access process will increase the volume of perfected requests received. This will strike an appropriate balance between the public's burden in submitting requests and FIS–FOI/PA's ability to accurately identify sought records and to verify the identity of the Privacy Act requester, ensuring that protected records are not inappropriately released to third parties. It is estimated that 16,626 individuals will respond annually. The INV 100 takes approximately 5 minutes to complete. The estimated annual burden is 1,386 hours.

The 60-day **Federal Register** Notice was published in the **Federal Register** on August 31, 2012, (**Federal Register** Notices/Vol. 77, Number 170, pages 53237–53238) as required by 5 CFR 1320, affording the public an opportunity to comment on the form. Four comments were received from the National Archives and Records Administration's (NARA) Office of Government Information Services (OGIS), recommending verbiage clarity in Section 5–7. OGIS recommended that in Section 5, which is optional, OPM should provide an example of an
