AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Juanita Perry, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 402-3970; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, and suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where

property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense.

Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Theresa Ritta, Division of Property Management, Program Support Center, HHS, room 5B-17, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Ann Marie Oliva at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

SUPPLEMENTARY INFORMATION:**Introduction**

With this notice, we finalize the CCP process for Nantucket NWR. We started this process through a notice in the **Federal Register** (64 FR 9166; February 24, 1999), announcing we were preparing a CCP and environmental impact statement (EIS) for all eight refuges in what was then known as the Great Meadows NWR Complex. In 2001, we determined it was not feasible to prepare a single CCP for all eight refuges, and thus prepared another notice in the **Federal Register** (66 FR 10506; February 15, 2001), to indicate that a separate CCP/environmental assessment (EA) would be prepared for Great Meadows, Assabet River, and Oxbow NWRs. We planned to prepare a separate CCP for the other five refuges in the refuge complex, including Nantucket NWR. However, in 2008, because of the different issues facing those five refuges, the Service determined it was more efficient to proceed through the CCP process for each refuge separately, and published a notice in the **Federal Register** (73 FR 18806; April 7, 2008), to begin a separate CCP/EA process for Nantucket NWR. We released the draft CCP/EA for Nantucket NWR to the public, announcing and requesting comments in a notice of availability in the **Federal Register** on August 2, 2011 (76 FR 46317).

The Service established Nantucket NWR in 1973, under an Act Authorizing the Transfer of Certain Real Property for Wildlife, or other Purposes (16 U.S.C. 667b, Pub. L. 80-537), which authorized the U.S. Coast Guard (USCG) to transfer the property to the Service because of "its particular value in carrying out the Migratory Bird Act." The USCG currently maintains control of a 1-acre inholding on the refuge that contains the Great Point Lighthouse. Nantucket NWR lies at the northern tip of the Coskata-Coatue Peninsula, which is also known as Great Point. The peninsula is at the northernmost point of Nantucket Island.

The only access to the refuge by land is through The Trustees of Reservations' (TTOR) Coskata-Coatue Refuge and Nantucket Conservation Foundation (NCF) properties from the south. The refuge erodes and accretes constantly, but averages 21 acres in size. The refuge is a barrier beach system where two longshore currents meet to form a rip current. The refuge is composed of
