**FOR FURTHER INFORMATION CONTACT:**

Alexandra Woodruff, Alternate Designated Federal Officer, Office of the National Advisory Council, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472-3100, telephone (202) 646-3746, fax (540) 504-2331, and email [FEMA-NAC@fema.dhs.gov](mailto:FEMA-NAC@fema.dhs.gov). The NAC Web site is located here: <http://www.fema.gov/national-advisory-council>.

**SUPPLEMENTARY INFORMATION:** Notice of this meeting is given under the Federal Advisory Committee Act, 5 U.S.C. App. (Pub. L. 92-463). The Federal Advisory Committee Act requires that notices of meetings of advisory committees be announced in the **Federal Register** 15

days prior to the meeting date. This notice is published less than 15 days prior to the meeting date due to increased budgetary restrictions and approval requirements for meetings as well as staffing changes. Because the NAC meeting is also accessible via teleconference, there will not be an undue burden on the public to arrange travel to attend this meeting. Notice of this meeting is also provided on the NAC's Web site at <http://www.fema.gov/national-advisory-council>.

The NAC advises the Administrator of FEMA on all aspects of emergency management. The NAC incorporates State, local, and Tribal governments, and private sector partners' input in the development and revision of FEMA plans and strategies. FEMA's Office of the NAC serves as the focal point for all NAC coordination.

*Agenda:* The NAC will meet with the FEMA Administrator and FEMA Deputy Administrator for the purpose of reviewing the progress and/or potential recommendations of its three subcommittees: Preparedness and Protection; Response and Recovery; and Federal Insurance and Mitigation. The full agenda will be posted on the NAC Web site.

The NAC will discuss how FEMA allocates planning, training, and funding resources to ensure whole community response and recovery efforts are sustainable beyond 72 hours; the National Mass Care Strategy; the review and update of the National Incident Management System (NIMS); Group Flood Insurance Policy; Biggert-Waters Flood Insurance Reform Act of 2012; the FEMA Qualification System (FQS); and the Sandy Recovery Improvement Act. There will also be a briefing on the FEMA Sandy After Action Report and the National Preparedness Grant Program.

The National Mass Care Strategy will provide a framework to enhance coordination, pool expertise and strengthen response capacity of mass care throughout the nation. The "Strategy" will assist in establishing common goals, foster collaborative planning and identifying resource needs to build national mass care capability. More information about the National Mass Care Strategy can be found at <https://nmcs.communityos.org/cms/node/42>.

The National Incident Management System (NIMS) is foundational doctrine, providing a blueprint for unified preparedness and all hazards incident support and management, and is applicable at all levels. The National Integration Center is leading the National effort to update the NIMS.

More information about NIMS can be found at <http://www.fema.gov/national-incident-management-system>.

Group Flood Insurance Policy (GFIP) is issued by the National Flood Insurance Policy (NFIP) Direct Program in response to a presidential disaster declaration. Disaster assistance applicants, in exchange for a modest premium, receive a GFIP certificate for a minimum amount of building and/or contents coverage for a 3-year policy period. An applicant may cancel the group policy certificate at any time and secure a regular Standard Flood Insurance Policy through the NFIP.

In 1968, Congress created the National Flood Insurance Program (NFIP) to help provide a way for property owners to financially protect themselves by offering flood insurance if their community participates in the NFIP. Participating communities adopt and enforce ordinances that meet or exceed FEMA requirements to reduce the risk of flooding. FEMA announced the extension of the Preferred Risk Policy eligibility under the NFIP until further notice, as the Agency completes a study and analysis of the Biggert-Waters Flood Insurance Reform Act of 2012, signed into law by President Obama on July 6, 2012. More information can be found at [http://www.floodsmart.gov/floodsmart/pages/about/nfip\\_overview.jsp](http://www.floodsmart.gov/floodsmart/pages/about/nfip_overview.jsp).

The primary purpose of the FEMA Qualifications System (FQS) is to provide the best possible customer service to survivors and communities working to respond to, recover from, and mitigate against disasters. FQS helps build FEMA's disaster response and recovery capability by providing personnel with the training and experience needed to assume positions of progressively greater responsibility. More information on FQS can be found at <http://www.fema.gov/fema-qualification-system>.

The Sandy Recovery Improvement Act (SRIA) included language that authorized federally recognized Tribes to submit declaration requests directly to the President. A fact sheet on the SRIA can be found at <http://www.fema.gov/library/viewRecord.do?id=6983>.

The National Preparedness Grant Program (NPGP) seeks to sustain and continue to build on prevention, protection, response, and recovery capabilities to create robust national capacity based on cross-jurisdictional and readily deployable state and local assets. More information can be found at [https://www.fema.gov/pdf/government/grant/fy2013\\_npgp\\_grant\\_program\\_overview.pdf](https://www.fema.gov/pdf/government/grant/fy2013_npgp_grant_program_overview.pdf).
