DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

December 28, 2012.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB),

OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Stakeholder/Customer Satisfaction Survey.

OMB Control Number: 0579-0360.

Summary of Collection: In 2003, the Plant Health Program (PHP) unit, Plant Protection and Quarantine, Animal and Plant Health Inspection Service (APHIS), obtained from the International Organization of Standardization (ISO, nongovernmental worldwide network of national standards institutes) certification in the ISO 9001:2008 standard for its permit services. To meet the ISO 9001:2008 standards, an organization must demonstrate its ability to consistently provide a product that meets customer quality requirements and applicable regulatory requirements, while aiming to enhance customer satisfaction through effective application of the system, including processes for continual improvement of its performance. In order to remain in compliance with Clause 8.2.1 (Customer Satisfaction) of the ISO 9001:2008 standard, PHP must measure the performance of its quality management system by monitoring information related to customer perception in relationship to customer requirements. PHP has determined that the best method for obtaining this information is through the use of stakeholder/customer satisfaction surveys.

Need and Use of the Information: PHP will collect information from the survey to solicit stakeholder and customer feedback with regards to their satisfaction with the regulatory services of Permit Services and Pest Permit Evaluations.

Description of Respondents: Business or other for-profit.

Number of Respondents: 500.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 48.

Submission for OMB Review; Comment Request

December 27, 2012.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by February 4, 2013 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725-17th Street NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal Plant and Health Inspection Service

Title: Brucellosis Program.

OMB Control Number: 0579-0047.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The AHPA is contained in Title X, Subtitle E, Sections 10401–18 of Public Law 107–171, May 13 2002, the Farm Security and Rural Investment Act of 2002. Brucellosis is an infectious disease of animals and humans caused by bacteria of the genus *Brucella*. Veterinary Services, a division with USDA's Animal and Plant Health Inspection Service (APHIS), is responsible for administering regulations intended to protect the health of the U.S. livestock population. The continued presence of brucellosis in a herd seriously threatens the health, welfare, and economic viability of the livestock industry. There is no economically feasible treatment for brucellosis in livestock. The Cooperative State-Federal Brucellosis Eradication Program is a national program to eliminate this serious disease of livestock. APHIS will collect information using various forms.

Need and Use of the Information: APHIS will use the information collected from the forms to demonstrate that program requirements are being met for State and herd status. APHIS also uses the information to demonstrate that program-allowed activities, such as testing, vaccinating, and movement, are being conducted in accordance with program rules. Without the information, APHIS would not be able to conduct an effective bovine brucellosis surveillance and eradication program.

Description of Respondents: Business; State, Local or Tribal Government.

Number of Respondents: 89,464.

Frequency of Responses: Recordkeeping; Reporting: On occasion; Quarterly; Monthly.

Total Burden Hours: 252,331.

Animal and Plant Health Inspection Service

Title: Horse Protection Regulations.

OMB Control Number: 0579–0056.

Summary of Collection: 9 CFR Part 11, Regulations, implement the Horse Protection Act of 1970 (Pub. L. 91–540), as amended July 13, 1976 (Pub. L. 94–360), and are authorized under Section 9 of the Act. The Horse Protection Legislation was enacted to prevent showing, exhibiting, selling, or auctioning of “sore” horses, and certain transportation of sore horses in connection therewith at horse shows, horse exhibitions, horse sales, and horse auctions. A sore horse is a horse that has received pain-provoking practices that cause the horse to have an accentuated, high stepping gait. Sored horses cannot be entered in an event by any person,

including trainers, riders, or owners. Management of shows, sales, exhibitions, or auctions must identify sored horses to prevent their participation under the Horse Protection Act.

Need and Use of the Information: APHIS will collect information at specified intervals from Horse Industry Organizations (HIO) and show management. HIOs must maintain an acceptable Designated Qualified Person (DQP) program and recordkeeping system as outlined in the regulations. Information provided by the HIOs through DQPs allows APHIS to monitor and enforce the Horse Protection Act, its regulations, and certifying programs.

Description of Respondents: Business or other for-profit.

Number of Respondents: 1,514.

Frequency of Responses: Recordkeeping; Reporting: Quarterly; Monthly; Annually.

Total Burden Hours: 2,266.

Forest Service

Title: Application and Permit for Non-Federal Commercial Use of Roads, Trails and Areas Restricted by Regulation or Order.

OMB Control Number: 0596–0016.

Summary of Collection: Authority for permits for use of National Forest System (NFS) roads, trails, and areas on NFS lands restricted by order or regulation drives from the National Forest Roads and Trails Act (16 U.S.C. 532–538). The authority for the Road Use Permit process comes from 36 CFR 212.5, 36 CFR 212.9 and 36 CFR 261.54. Section 212.9 authorizes the Forest Service (FS) to develop a road system with private holders that is mutually beneficial to both parties. The FS transportation system includes approximately 380,000 miles of roads. These roads are grouped into five maintenance levels. Level one includes roads, which are closed and maintained only to protect the environment to level five, which is maintained for safe passenger car use. The roads usually provide the only access to commercial products including timber and minerals found on both Federal and private lands within and adjacent to National Forests. Annual maintenance not performed becomes a backlog that creates a financial burden for the FS. To remedy the backlog and pay for needed maintenance the FS requires commercial users to apply and pay for a permit to use the FS Road System. Maintenance resulting from commercial use is accomplished through collection of funds or requiring the commercial users to perform the maintenance.

Need and Use of the Information: Information is collected from individuals, corporations, or organizations on the FS–7700–40 “Application for a Permit for Use of Roads, Trails and Areas Restricted by Regulation or Order” along with FS–
