

DEPARTMENT OF COMMERCE**Submission for OMB Review;
Comment Request**

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the emergency provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Telecommunications and Information Administration (NTIA).

Title: Computer and Internet Use Supplement to the Census Bureau's Current Population Survey.

OMB Control Number: 0660-0021.

Form Number(s): None.

Type of Request: Emergency submission (revision of a currently approved information collection).

Number of Respondents: 40,500.

Average Hours per Response: 10 minutes.

Burden Hours: 6,750.

Needs and Uses: President Obama has established a national goal of universal, affordable broadband access for all Americans. To that end, the Administration is working with Congress, the Federal Communications Commission (FCC), and other stakeholders to develop and advance economic and regulatory policies that foster broadband deployment and adoption. Current, systematic, and comprehensive data on broadband adoption and non-use by U.S. households is critical to allow policymakers not only to gauge progress made to date, but also to identify problem areas with a specificity that permits carefully targeted and cost effective responses.

NTIA proposes to add 53 questions in the Computer and Internet Use Supplement to the U.S. Census Bureau's July 2013 Current Population Survey (CPS) to gather reliable data on broadband (also known as high-speed Internet) use by U.S. households. These questions clarify certain previously used questions, and update others to reflect rapidly changing broadband device technology and the many consumer and business activities that broadband enables. The emergency review by OMB will expedite the inclusion of the questions to the CPS.

Affected Public: Individuals or households.

Frequency: Once.

Respondent's Obligation: Voluntary.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance

Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

Written comments and recommendations for the proposed information collection should be sent by June 14, 2013 to Nicholas Fraser, OMB Desk Officer, via the Internet at Nicholas_A_Fraser@omb.eop.gov or FAX number (202) 395-5167.

Dated: May 14, 2013.

Management Analyst, Office of the Chief Information Officer.

SUPPLEMENTARY INFORMATION:**Background**

On January 22, 2013, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on certain cut-to-length carbon-quality steel plate products from the Republic of Korea (Korea).¹ The period of review is February 1, 2011, through January 31, 2012.

We invited interested parties to comment on the *Preliminary Results* and received a case brief from Nucor Corporation and a rebuttal brief from Dongkuk Steel Mill Co., Ltd.

The Department has conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products covered by the antidumping duty order are certain cut-to-length plate. For a full description of the scope of the order, *see* the Issues and Decision Memorandum,² which is hereby adopted by this notice. The written description is dispositive.

Analysis of Comments Received

The comments received in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically *via* Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). Final Results of Review

For the final results of this review, we determine that the following weighted-average dumping margins exist for the period February 1, 2011, through January 31, 2012.

Manufacturer/exporter	Weighted-average dumping margin (percent)
Dongkuk Steel Mill Co., Ltd.	0.00
Samsung C&T Corp.	0.00
TCC Steel Corp.	0.00

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. With respect to the respondents for which the weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate any entries without regard to antidumping duties.³

The Department clarified its “automatic assessment” regulation on May 6, 2003. This clarification will apply to entries of subject merchandise during the POR produced by Dongkuk Steel Mill Co., Ltd., which is the company selected for individual examination in this review, for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*May 2003 Clarification*).

³ In these final results, the Department applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012), i.e., on the basis of monthly average-to-average comparisons using only the transactions associated with that importer with offsets being provided for non-dumped comparisons.

Consistent with the *May 2003 Clarification*, for Daewoo International Corp., Dongbu Steel Co., Ltd., GS Global Corp., and Hyundai Steel Co., which had no reviewable entries of subject merchandise to the United States, we will instruct CBP to liquidate any applicable entries of subject merchandise at the all-others rate.

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of certain cut-to-length carbon-quality steel plate products from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) No cash deposit will be required for companies which received the rate of zero percent in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 0.98 percent,⁴ the all-others rate established in the less-than-fair-value investigation, adjusted for the export-subsidy rate in the companion countervailing duty investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

⁴ See, e.g., *Certain Cut-to-Length Carbon-Quality Steel Plate Products From the Republic of Korea: Final Results of Antidumping Duty Administrative Review*, 77 FR 21527, 21529 (April 10, 2012).

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

These final results of administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: May 13, 2013.

Paul Piquado,

Assistant Secretary for Import Administration.
