Foreign-Trade Zones Board

[B-1-2013]

Foreign-Trade Zone 3—San Francisco, California; Application for Expansion and Expansion of Service Area Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the San Francisco Port Commission, grantee of Foreign-Trade Zone 3, requesting authority to expand its service area under the alternative site framework (ASF) adopted by the Board (15 CFR Sec. 400.2(c)), as well as to include an additional usage-driven site. The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u) and the regulations of the Board (15 CFR part 400). It was formally docketed on January 9, 2013.

FTZ 3 was approved by the Board on March 10, 1948 (Board Order 12, 13 FR 1459, 3/19/48) and the zone was reorganized under the ASF on October 7, 2010 (Board Order 1718, 75 FR 64708, 10/20/2010). The zone project currently has a service area that includes the City and County of San Francisco and San Mateo County, California.

The applicant is now requesting authority to expand the service area of the zone to include Contra Costa, Marin and Solano Counties, as well as portions of Napa and Sonoma Counties, California, as described in the application. If approved, the grantee would be able to serve sites throughout the expanded service area based on companies’ needs for FTZ designation. The proposed expanded service area is adjacent to the San Francisco U.S. Customs and Border Protection Port of Entry.

The applicant is also requesting authority to include an additional usage-driven site: Proposed Site 6 (15.5

acres)—Coda Automotive Company, 2050 Park Road, Benicia, California (Solano County).

In accordance with the Board’s regulations, Christopher Kemp of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is *March 18, 2013*. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to *April 1, 2013*.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via www.trade.gov/ftz. For further information, contact Christopher Kemp at Christopher.Kemp@trade.gov or (202) 482–0862.

Dated: January 9, 2013.

Andrew McGilvray,

Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Renewable Energy and Energy Efficiency Advisory Committee

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of an open meeting.

SUMMARY: The Renewable Energy and Energy Efficiency Advisory Committee (RE&EEAC) will hold its inaugural meeting under its second charter. During the course of this charter term, which began in June 2012, the Committee is expected to develop recommendations on improving the competitiveness of U.S. renewable energy and energy efficiency exports. The meeting is open to the public and the room is disabled-accessible. Public seating is limited and available on a first-come, first-served basis.

DATES: February 20th, 2013, from 9:30 a.m. to 4:30 p.m. Eastern Standard Time (EST). Members of the public wishing to

attend the meeting must notify Ryan Mulholland at the contact information below by 5:00 p.m. EST on Friday, February 15, in order to pre-register for clearance into the building. Please specify any requests for reasonable accommodation at least five business days in advance of the meeting. Last minute requests will be accepted, but may be impossible to fill.

ADDRESSES: The meeting will be held at the U.S. Department of Commerce, Room 4830, 1401 Constitution Avenue NW., Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT:

Ryan Mulholland, Office of Energy and Environmental Industries (OEEI), International Trade Administration, U.S. Department of Commerce at (202) 482–4693; email:

ryan.mulholland@trade.gov. This meeting is physically accessible to people with disabilities. Requests for auxiliary aids should be directed to OEEI at (202) 482–4693.

SUPPLEMENTARY INFORMATION:

Background: The Secretary of Commerce established the RE&EEAC pursuant to his discretionary authority and in accordance with the Federal Advisory Committee Act (5 U.S.C. App.) on July 14, 2010; and was re-chartered on June 18, 2012. The RE&EEAC provides the Secretary of Commerce with consensus advice from the private sector on the development and administration of programs and policies to enhance the international competitiveness of the U.S. renewable energy and energy efficiency industries. The RE&EEAC held its first meeting on December 7, 2010, and has held several subsequent meetings to date.

This inaugural meeting of the RE&EEAC will consist of introductions, the selection by the members of a potential Chair and Vice Chair, and a discussion of the creation of appropriate subcommittees to facilitate the development of recommendations. Additionally, the RE&EEAC will discuss ideas for improving the competitiveness of U.S. renewable energy and energy efficiency exporters in foreign markets.

A limited amount of time, from 3:00 p.m.–3:30 p.m., will be available for pertinent brief oral comments from members of the public attending the meeting. To accommodate as many speakers as possible, the time for public comments will be limited to five minutes per person. Individuals wishing to reserve speaking time during the meeting must contact Mr. Mulholland and submit a brief statement of the general nature of the comments and the name and address of the proposed participant by 5:00 p.m. EST on Friday,

February 15, 2013. If the number of registrants requesting to make statements is greater than can be reasonably accommodated during the meeting, the International Trade Administration may conduct a lottery to determine the speakers. Speakers are requested to bring at least 20 copies of their oral comments for distribution to the participants and public at the meeting.

Any member of the public may submit pertinent written comments concerning the RE&EEAC's affairs at any time before or after the meeting. Comments may be submitted to the Renewable Energy and Energy Efficiency Advisory Committee, Attention: Ryan Mulholland, Office of Energy and Environmental Technologies, U.S. Department of Commerce, Mail Stop: 4053, 1401 Constitution Avenue NW., Washington, DC 20230. To be considered during the meeting, written comments must be received no later than 5:00 p.m. EST on Friday, February 15, 2013, to ensure transmission to the Committee prior to the meeting. Comments received after that date will be distributed to the members but may not be considered at the meeting.

Copies of RE&EEAC meeting minutes will be available within 30 days of the meeting.

Dated: January 9, 2012.

Edward A. O'Malley,
Director, Office of Energy and Environmental Industries.

BILLING CODE 3510-DR-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket No.: 120823388-2388-01]

National Cybersecurity Center of Excellence (NCCoE) Secure Exchange of Electronic Health Information Demonstration Project

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST) invites organizations to provide products and technical expertise to support and demonstrate security platforms for exchange of electronic health care information by healthcare providers. This notice is the initial step for the National Cybersecurity Center of Excellence (NCCoE) in the Secure

Exchange of Electronic Health Information project. Participation in the project is open to all interested organizations.

DATES: Interested parties must contact NIST to request a certification letter. Completed and signed certification letters must be received by NIST by 5:00 p.m. Eastern time on March 1, 2013.

ADDRESSES: The NCCoE is located at 9600 Gudelsky Drive Rockville, MD 20850. Certification letters must be submitted to Karen Waltermire via email at NCCoE@nist.gov; or via hardcopy to NCCoE, National Institute of Standards and Technology; 100 Bureau Drive; MS 2000 Gaithersburg, MD 20899.

FOR FURTHER INFORMATION CONTACT:

Karen Waltermire via email at NCCoE@nist.gov; or telephone 301-975-4500; NCCoE, National Institute of Standards and Technology; 100 Bureau Drive; MS 2000; Gaithersburg, MD 20899. Additional details about the Secure Exchange of Electronic Health Information project will be available at: <http://nccoe.nist.gov/hit>.

SUPPLEMENTARY INFORMATION:

Background: The NCCoE, hosted by NIST, is a public-private collaboration for accelerating the widespread adoption of integrated cybersecurity tools and technologies. The NCCoE will bring together experts from industry, government, and academia under one roof to develop practical, interoperable cybersecurity approaches that address the real world needs of complex Information Technology (IT) systems. By accelerating dissemination and use of these integrated tools and technologies for protecting IT assets, the NCCoE will enhance trust in U.S. IT communications, data, and storage systems; lower risk for companies and individuals in the use of IT systems; and encourage development of innovative, job-creating cybersecurity products and services. The project is not restricted to organizations required to comply with the standards and implementation specifications promulgated under the Health Insurance Portability and Accountability Act (HIPAA) of 1996 or to organizations using EHR technology that complies with the standards, implementation specifications, and certification criteria promulgated under the Health Information Technology for Economic and Clinical Health (HITECH) Act of 2009. NIST expects that participation in the project will help participating organizations gain knowledge that will help them comply with these requirements.

Process: NIST is soliciting responses from all sources of relevant security

capabilities (e.g., vendors, academia, and integrators). Interested parties should contact NIST using the information provided in the **FOR FURTHER INFORMATION CONTACT** section of this notice. Each interested party will be provided with a certification letter, which the party must complete and submit to NIST by the date provided in the **DATES** section of this notice. The certification letter must be completed and submitted to NIST by the responding organization. NIST will contact interested parties if there are questions regarding the responsiveness of the certification letters to the project objective or project requirements identified below. NIST will select participants who have submitted complete certification letters on a first come, first served basis within each category of product components or capabilities listed below up to the number of participants in each category necessary to carry out this project. Selected participants will be required to enter into a consortium Cooperative Research and Development Agreement (CRADA) with NIST. NIST published a notice in the **Federal Register** on October 19, 2012 (77 FR 64314) inviting U.S. companies to enter into "National Cybersecurity Excellence Partnerships" (NCEPs) in furtherance of the NCCoE. For this demonstration project NCEP partners will not be given priority for participation.

Project Objective: Healthcare providers increasingly need to securely exchange electronic health information with each other. The confidentiality, integrity, and availability of this information must be protected. Secure exchange of electronic health information is often particularly challenging for small healthcare providers, who may lack the security infrastructure or expertise that larger healthcare providers possess. Other challenges with secure electronic health information exchange include the variety of client devices (desktops, laptops, and mobile devices) and the range of healthcare data exchange standards.

Major security concerns for secure electronic health information exchange include, but are not limited to, the following categories:

- Lack of physical security controls (e.g., increased risk of loss or theft for mobile devices, public proximity to client devices)
- Use of untrusted client devices (lack of security features or circumvention of those features)
- Use of untrusted networks (e.g., broadband, WiFi, WiMAX, cellular networks)
