II. Designation of a Longer Period for Commission Action

Section 19(b)(2) of the Act provides that within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved.⁸ The 45th day from the publication of notice of the original filing of the proposed rule change is May 25, 2013. The Commission is extending this 45-day time period.

The proposed rule change would permit NSCC to require certain NSCC members to provide supplemental liquidity deposits to NSCC's Clearing Fund, in order to increase NSCC's liquidity resources to meet its liquidity needs. The Commission finds it appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the complex issues under the proposed rule change and the comments received to the proposed rule change.

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁹ designates July 9, 2013 as the date by which the Commission should either approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change (File No. SR-NSCC-2013-02).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁰

Kevin M. O'Neill,
Deputy Secretary.
