(f) *Other charges.* OSTP will recover the full costs of providing services such as those enumerated below when it elects to provide them:

(1) Certifying that records are true copies;

(2) Sending records by special methods such as express mail.

(a) *In general.* OSTP shall waive part or all of the fees assessed under § 2402.8 if the following conditions are satisfied:

(1) Disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government; and

(2) Disclosure is not primarily in the commercial interest of the requester.

(b) *Clarification.* Where OSTP has reasonable cause to doubt the use to which a requester will put the records sought, or where that use is not clear from the request itself, OSTP may seek clarification from the requester before assigning the request to a specific category for fee assessment purposes.

(c) *Partial waiver of fees.* If the two conditions stated in paragraph (a) of this section are met, OSTP will ordinarily waive all fees. In exceptional cases and provided that the requester does not meet the conditions stated in paragraph (a), however, a partial waiver may be granted if the request for records would impose an exceptional burden on OSTP or require an exceptional expenditure of OSTP resources.

(d) *Failure to comply.* OSTP will not assess fees under § 2402.8 if the Agency fails to comply with any time limit and

no exceptional circumstances apply to processing the request.

NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

This rule involves an annually occurring marine event that is scheduled to take place on the 3rd or 4th Saturday in August, as published in the table to 33 CFR 100.501. The Mattaponi Volunteer Rescue Squad has changed the date of the event to take place on June 22, 2013 from 10 a.m. to 6 p.m. The "rain date" is June 23, 2013.

The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are

“impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because any delay encountered in this regulation’s effective date by publishing a NPRM would be contrary to public interest. On April 8, 2013 the Coast Guard was informed about the date change. It appears that the original sponsoring organization for this event is now defunct and a new sponsor has taken over. The new sponsor did not submit the requisite Application for a marine event on time.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. The measures contemplated by this rule are intended to protect the safety of the persons participating in the event, spectators to the event and any other vessels that may pass through the restricted area. Any delaying of the effective date would be contrary to the public interest since immediate action is needed to ensure the safety of those noted.

B. Basis and Purpose

The Mattaponi Volunteer Rescue Squad is sponsoring a series of power boat racing events titled the “Mattaponi Madness Drag Boat Event.” The power boat races will be held on the following dates: June 22, 2013, and in the case of inclement weather, the event will be rescheduled to June 23, 2013. The races will be held on the Mattaponi River immediately adjacent to the Rainbow Acres Campground, King and Queen County, Virginia. The power boat races will consist of approximately 40 vessels conducting high speed straight line runs along the river and parallel to the shoreline. A fleet of spectator vessels is expected to gather near the event site to view the competition. To provide for the safety of participants, spectators and other transiting vessels, the Coast Guard will temporarily restrict vessel traffic in the event area during the power boat races.

C. Discussion of the Final Rule

The regulation listing annual marine events within the Fifth Coast Guard District and corresponding dates is 33 CFR 100.501. The Table to § 100.501 identifies marine events by Captain of the Port zone. This particular marine event is listed in section (c.) line No. 23 of the table.

The current regulation described in section (c.) line No. 23 of the table indicates that the drag boat race event

should take place this year either on the 3rd Saturday and Sunday or 4th Saturday and Sunday in August. The Coast Guard is establishing a temporary suspension of the regulation listed at section (c.) line No. 23 in the Table to § 100.501 and inserting this new temporary regulation at the Table to § 100.501 line No. 24 in order to reflect the change of date for this year’s event. This change is needed to accommodate the change in date of the annual Mattaponi Drag Boat Race. No other portion of the Table to § 100.501 or other provisions in § 100.501 shall be affected by this regulation.

As such this special local regulation will restrict vessel movement in the regulated area during the marine event. The regulated area is needed to control vessel traffic and enhance the safety of participants and spectators of the Mattaponi Drag Boat Race. The regulation will be enforced from 10 a.m. to 6 p.m. on June 22, 2013, with an inclement weather date of June 23, 2013, from 10 a.m. to 6 p.m. Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area during the effective period.

In addition to notice in the **Federal Register**, the maritime community will be provided extensive advance notification via the Local Notice to Mariners, and marine information broadcasts.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

Although this regulation will prevent traffic from transiting a portion of the Mattaponi River during the events, the effect of this regulation will not be significant due to the limited duration that the regulated area will be in effect and the advance notification that will be made to the maritime community via

marine information broadcast, local radio stations and area newspapers so mariners can adjust their plans accordingly. Additionally, the regulated area has been designed to impose the least impact on general navigation yet provide the level of safety deemed necessary. Vessel traffic will be able to transit the regulated area between heats and when the Coast Guard Patrol Commander deems it is safe to do so.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities: owners or operators of vessels intending to transit this section of the Mattaponi River from 9 a.m. to 6 p.m. on June 22, 2013 and on June 23, 2013. This proposed rule would not have a significant economic impact on a substantial number of small entities for the following reasons: (i) Although the regulated area will apply to a ¾ mile segment of the Mattaponi River, traffic may be allowed to pass through the regulated area with the permission of the Coast Guard Patrol Commander between races; (ii) In the case where the Patrol Commander authorizes passage through the regulated area during the event, vessels shall proceed at the minimum speed necessary to maintain a safe course that minimizes wake near the race course; (iii) Before the enforcement period, we will issue maritime advisories so mariners can adjust their plans accordingly.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to

the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **"FOR FURTHER INFORMATION CONTACT"** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure,

we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a "significant energy action" under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security

Management Directive 023-01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2-1, paragraph (34)(h), of the Instruction. This rule involves implementation of regulations within 33 CFR Part 100 that apply to organized marine events on the navigable waters of the United States that may have potential for negative impact on the safety or other interest of waterway users and shore side activities in the event area. The category of water activities includes but is not limited to sail boat regattas, boat parades, power boat racing, swimming events, crew racing, and sail board racing. Under figure 2-1, paragraph (34)(h), of the Instruction, an environmental analysis checklist and a categorical exclusion determination will be available in the docket where indicated under **ADDRESSES**.

DHS Department of Homeland Security
FR Federal Register
NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

On April 8, 2013, we published a notice of proposed rulemaking (NPRM) entitled "Special Local Regulations for Marine Events, Potomac River; National Harbor Access Channel, MD" in the **Federal Register** (78 FR 67). We received no comments on the proposed rule. No public meeting was requested, and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Event planners did not provide the Coast Guard adequate advance notice of the event to allow 30 days after publication. The Application for Marine Event (Form CG-4423) for this event was submitted in Homeport for COTP Baltimore on March 7, 2013.

B. Basis and Purpose

The legal basis for the rule is the Coast Guard's authority to establish special local regulations: 33 U.S.C. 1233. The purpose of the rule is to ensure safety of life on navigable waters of the United States during the Swim Across the Potomac event.

C. Discussion of Comments, Changes and the Final Rule

The Coast Guard received no comments in response to the NPRM. No public meeting was requested and none was held.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

Although this regulation will prevent traffic from transiting portions of the Potomac River and National Harbor Access Channel during the event, the effect of this regulation will not be significant due to the following reasons: (1) The regulated area will be in effect for only 4 hours; (2) the regulated area has been narrowly tailored to impose the least impact on general navigation, yet provide the level of safety deemed necessary; (3) vessel traffic will be able to transit safely through a portion of the regulated area, but only after the last participant has cleared that portion of the regulated area and when the Coast Guard Patrol Commander deems it safe to do so; and (4) the Coast Guard will provide advance notification of the special local regulations to the local maritime community by Local Notice to Mariners and Broadcast Notice to Mariners.
