

Qualifications and Procedures Required for Nomination

All membership will consist of individuals having a minimum of 5 years of work experience in the Arctic in their field of expertise. Individuals will be selected from among, but not limited to, those disciplines and entities described above. Any individual or organization may nominate one or more persons, including themselves, to serve on the Science Technical Advisory Panel. Six new members will be appointed for 3-year terms. Current Science Technical Advisory Panel appointees may be reappointed for additional terms at the discretion of the Secretary of the Interior. Under current Administration policy, federally registered lobbyists may not serve on the panel.

How To Nominate

Nomination forms may be obtained from the North Slope Science Initiative Web site (<http://www.northslope.org>), or from the Executive Director, North Slope Science Initiative (see For Further Information Contact, above). To make a nomination, or self-nominate, submit a completed nomination form with a minimum of one letter of reference that describes the nominee's qualifications to serve on the Science Technical Advisory Panel. The professional discipline the nominee would represent should be identified in the reference letter of nomination and in the nomination form. Nominees may be scientists and technical experts from diverse professions and interests, including, but not limited to, the oil and gas industry, subsistence users, Alaska Native entities, conservation organizations, or academia. Nominees appointed to serve on the Science Technical Advisory Panel will serve only in their professional capacity and will not serve to represent any group, agency or entity with whom they may be affiliated. The Executive Director, North Slope Science Initiative, will collect the nomination forms and letters of reference and distribute them to the Oversight Group for consideration. The collective recommendations of the Oversight Group will be submitted to the Secretary of the Interior who has the responsibility for making appointments. Members of the Science Technical Advisory Panel will serve without monetary compensation, but will be reimbursed for travel, lodging and per diem expenses to participate in announced meetings.

Authority: 43 CFR 1784.4-1.

Notice of Availability of a Record of Decision on the Final General Management Plan/Environmental Impact Statement, Effigy Mounds National Monument, Iowa

AGENCY: National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: The National Park Service (NPS) announces the availability of the Record of Decision (ROD) for the Final General Management Plan/Environmental Impact Statement (GMP/EIS), Effigy Mounds National Monument (Monument), Iowa.

ADDRESSES: Copies of the ROD are available by request by writing to Superintendent, Effigy Mounds National Monument, 151 Highway 76, Harpers Ferry, Iowa 52146-7519. The document is also available on the internet at the NPS Planning, Environment, and Public Comment Web site at: <http://www.parkplanning.nps.gov/efmo>.

FOR FURTHER INFORMATION CONTACT: Superintendent James Nepstad at the address above, by telephone at 563-873-3491 or email at jim_nepstad@nps.gov.

SUPPLEMENTARY INFORMATION: The NPS has issued a ROD for the Final GMP/EIS; on May 29, 2013, the Regional Director for the Midwest Region approved the ROD. As soon as practicable, the NPS will begin to implement the selected alternative, which was identified as the preferred alternative (Alternative B) in the EIS.

In the preferred alternative, a large portion of the Monument would be zoned as backcountry, a virtual research center would be created to collect and share information on mound research and preservation, and access to the South Unit of the Monument would be improved by connecting the Yellow River bridge and trail to the trails in the South Unit. This alternative was also determined to be the environmentally preferable alternative. The preferred alternative and two others were analyzed in the GMP/EIS.

In reaching its decision to select the preferred alternative, the NPS

considered the purposes for which the Monument was established, and other laws and policies that apply to lands within the Monument. The NPS also carefully considered public comments received during the planning process.

To determine the preferred alternative, the planning team evaluated three draft alternatives that had been reviewed by the public. To minimize the influence of individual biases and opinions, the team used an objective analysis process called "Choosing by Advantages." Alternative B best preserves the outstanding representative examples of significant phases of prehistoric Indian moundbuilding cultures in the American Midwest and the wildlife and natural values within the Monument, two of the three purposes for which the Monument was established. Alternative B also achieves this higher level of protection through the management zoning and more limited trail development. Finally, Alternative B provides broader access to mound research and digitized portions of the collections through the development of the virtual research center, thereby better fulfilling the third purpose (scientific study and appreciation) for which the Monument was established.

Dated: May 24, 2013.

Michael T. Reynolds,
Regional Director, Midwest Region.

Approval of Record of Decision for Relocation of Cattle Point Road, San Juan Island National Historical Park, San Juan County, Washington

AGENCY: National Park Service, Interior.

ACTION: Notice of Record of Decision.

SUMMARY: Pursuant to § 102(2)(C) of the National Environmental Policy Act of 1969 (Pub. L. 91-190, as amended) and the regulations promulgated by the Council on Environmental Quality (40 CFR 1505.2), the Department of the Interior, National Park Service has prepared and approved a Record of Decision for the Final Environmental Impact Statement for the relocation of the Cattle Point Road at San Juan Island National Historical Park. The requisite no-action "wait period" was initiated on October 5, 2012, with the Environmental Protection Agency's

publication of the **Federal Register** notice of the filing of the Final EIS.

Decision: As soon as practical San Juan Island National Historical Park will begin to implement design and initiate construction of the Cattle Point Road relocation project, in concert with the Federal Highway Administration and San Juan County. Duration of the construction phase is expected to last approximately two years. The park will undertake construction as detailed in the *Preferred Alternative* (Alternative B) in the Final EIS (which includes realignment of 4,950 feet of roadway approximately 300 feet upslope of the current location, which will subsequently be restored to a natural appearance). There are no substantive changes from the course of action as presented in the Draft EIS. The full range of foreseeable environmental consequences was assessed, and appropriate mitigation measures are included in the approved project. Both a No Action alternative and two additional alternatives were identified and analyzed in the Draft and Final EIS. Alternative B was deemed to be the "environmentally preferred" course of action.

Copies: Interested parties desiring to review the Record of Decision may obtain a copy by contacting the Superintendent, San Juan Island National Historical Park, Box 429, Friday Harbor, Washington, 98250 or via telephone request at (360) 378-2240.

Dated: April 17, 2013.

Notice of Proposed Information Collection; Request for Comments

AGENCY: Office of Surface Mining Reclamation and Enforcement.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing its intention to request renewed approval for the collection of information for Permit Applications—Minimum Requirements for Legal,

Financial, Compliance, and Related Information. The information collection request has been forwarded to the Office of Management and Budget (OMB) for review and approval. The information collection request describes the nature of the information collection and the expected burden and cost.

DATES: OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, the public should submit comments to OMB by July 26, 2013, in order to be assured of consideration.

ADDRESSES: Comments may be submitted to the Office of Information and Regulatory Affairs, Office of Management and Budget, Department of the Interior Desk Officer, via email at OIRA_submission@omb.eop.gov, or by facsimile to (202) 395-5806. Also, please send a copy of your comments to John Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave. NW., Room 203—SIB, Washington, DC 20240, or electronically to jtrelease@osmre.gov. Please reference 1029-0117 in your correspondence.

FOR FURTHER INFORMATION CONTACT: To receive a copy of the information collection request contact John Trelease at (202) 208-2783, or electronically at jtrelease@osmre.gov. You may also review the information collection request online at <http://www.reginfo.gov>. Follow the instructions to review Department of the Interior collections under review by OMB.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. OSM has submitted a request to OMB to approve the collection of information for 30 CFR Part 778—Permit Applications—Minimum Requirements for Legal, Financial, Compliance, and Related Information. OSM is requesting a 3-year term of approval for this information collection activity.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is displayed in 30 CFR 778.8 (1029-0117).

As required under 5 CFR 1320.8(d), a **Federal Register** notice soliciting

comments on this collection of information was published on April 2, 2013 (78 FR 19734). No comments were received. This notice provides the public with an additional 30 days in which to comment on the following information collection activity:

Title: 30 CFR Part 778—Permit Applications—Minimum Requirements for Legal, Financial, Compliance, and Related Information.

OMB Control Number: 1029-0117.

Summary: Section 507(b) of Public Law 95-87 provides that persons conducting coal mining activities submit to the regulatory authority all relevant information regarding ownership and control of the property affected, their compliance status and history. This information is used to ensure all legal, financial and compliance requirements are satisfied prior to issuance or denial of a permit.

Bureau Form Number: None.

Frequency of Collection: Once.

Description of Respondents: 338 Surface coal mining permit applicants and 24 State regulatory authorities.

Total Annual Responses: 3,223.

Total Annual Burden Hours: 9,119.

Send comments on the agency need for the collection of information to perform its mission; the accuracy of our burden estimates; ways to enhance the quality, utility and clarity of the information collection; and ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information, to the offices listed in the **ADDRESSES** section. Please refer to OMB control number 1029-0117 in all correspondence.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: June 18, 2013.
