FTA and SEPTA invite all interested individuals and organizations, public agencies, and Native American tribes to comment on the scope of the Draft EIS. To facilitate public and agency comment, a Draft Scoping Document will be prepared for review and will be available at the meeting. Included in this document will be draft descriptions of the purpose and need for the project; the alternatives proposed; the impacts to be assessed; early alternatives that are currently not being considered; and the public outreach and agency coordination process.
