ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

The Department may disclose information contained in this system of records under the routine uses listed here without the consent of the individual if the disclosure is compatible with the purposes for which the record was collected. The Department may make these case-by-case disclosures or, if the Department has complied with the computer matching requirements of the Privacy Act of 1974, as amended (Privacy Act) (5 U.S.C. 552a), under a computer matching agreement. Any disclosure of individually identifiable information from a record in this system must also comply with the requirements of section 183 of the Education Sciences Reform Act (ESRA) (20 U.S.C. 9573), which provides confidentiality standards that apply to all collection, reporting, and publication of data by IES.

(1) *Research Disclosure.* The Director of IES may license confidential information from this system of records to qualified external researchers solely for the purpose of carrying out specific research that is compatible with the purpose(s) of this system of records. The researcher must maintain, under the Privacy Act and the ESRA, safeguards with respect to such records. disclosing records in this system to the contractor's employees, the Department may disclose the records to those employees who have received the appropriate level of security clearance from the Department. Before entering into such a contract, the Department will require the contractor to establish and maintain the safeguards required under the Privacy Act (5 U.S.C. 552a(m)) with respect to the records in the system.

DISCLOSURE TO CONSUMER REPORTING AGENCIES:

None.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

The Department maintains records on CD-ROM, and the contractor (American Institutes for Research) and subcontractor (Harvard University) maintain data for this system on computers and in hard copy.

RETRIEVABILITY:

Records in this system are indexed and retrieved by a unique random number assigned to each individual that is cross-referenced by the individual's unique State- or district-assigned teacher or student ID on a separate list.

SAFEGUARDS:

All physical access to the Department's site and to the sites of the Department's contractor and subcontractor, where this system of records is maintained, is controlled and monitored by security personnel. The computer system employed by the Department offers a high degree of resistance to tampering and circumvention. This security system limits data access to Department and contract staff on a need-to-know basis and controls individual users' ability to access and alter records within the system.

The contractor and subcontractor will establish a similar set of procedures at their sites to ensure confidentiality of data. The contractor and subcontractor are required to ensure that print data identifying individuals are in files physically separated from other research data and that electronic files identifying individuals are separated from other electronic research data files. The contractor and subcontractor will maintain security of the complete set of all master data files and documentation. Access to individually identifying data will be strictly controlled. At each site, all print data will be kept in locked file cabinets during non-working hours and

work on hardcopy data will take place in a single room, except for data entry.

Physical security of electronic data will also be maintained. Security features that protect project data include: Password-protected accounts that authorize users to use the contractor's system but to access only specific network directories and network software; user rights and directory and file attributes that limit those who can use particular directories and files and determine how they can use them; and additional security features that the network administrators will establish for projects as needed. The Department's, contractor's, and subcontractor's employees who "maintain" (collect, maintain, use, or disseminate) data in this system must comply with the requirements of the Privacy Act and the confidentiality standards in section 183 of the ESRA (20 U.S.C. 9573).

RETENTION AND DISPOSAL:

These records are covered by a draft records schedule under development, ED 231 Research and Statistics Records. This schedule shall be submitted to the National Archives and Records Administration for review and approval when complete. Until such time as it is approved by NARA, no records shall be destroyed.

SYSTEM MANAGER AND ADDRESS:

Associate Commissioner, Evaluation Division, National Center for Education Evaluation and Regional Assistance, Institute of Education Sciences, U.S. Department of Education, 555 New Jersey Avenue NW., Room 502D, Washington, DC 20208-0001.
