Proposal to Approve Under OMB Delegated Authority the Extension for Three Years, With Revision, of the Following Report

Report title: Savings Association Holding Company Report.

Agency form number: FR H-(b)11.

OMB control number: 7100-0334.

Frequency: Quarterly, event-driven, and annually.

Reporters: Savings and loan holding companies (SLHCs).

Estimated annual reporting hours: 264.

Estimated average hours per response: 2.0 hours.

Number of respondents: 33.

General description of report: This information collection is mandatory (12 U.S.C. 1467a(b)(2)(A)). The FR H-(b)11 covers 6 different items. However, the Federal Reserve has determined that supplemental information in response to a yes answer for the Quarterly Savings and Loan Holding Company Report (FR 2320; OMB No. 7100-0345) FR 2320's questions 24, 25, and 26 may be protected from disclosure under exemption 4 of the Freedom of Information Act (FOIA), which covers "trade secrets and commercial or financial information obtained from a person [that is] privileged or confidential" (5 U.S.C. 522(b)(4)). Disclosure of this type of information is likely to cause substantial competitive harm to the SLHC providing the information and thus this information is protected from disclosure under FOIA exemption 4 (5 U.S.C. 522(b)(4)).

With regard to the supplemental information for other FR 2320 questions that would be provided in item 3 of the FR H-(b)11, as well as all other items of the FR H-(b)11, respondents may request confidential treatment of such information under one or more of the exemptions in the FOIA. All such requests for confidential treatment will be reviewed on a case-by-case basis and in response to a specific request for disclosure.

Abstract: Currently all SLHCs must file the FR H-(b)11. However, the majority of SLHCs file other Federal Reserve regulatory reports such as the

Financial Statements for Holding Companies (FR Y-9C; OMB No. 7100-0128) or the Parent Only Financial Statements for Small Holding Companies (FR Y-9SP; OMB No. 7100-0128); therefore, the FR H-(b)11 is no longer needed from these SLHCs for supervision purposes. The Federal Reserve proposes to revise the current FR H-(b)11 respondent panel to include only exempt SLHCs.¹ The FR H-(b)11 report provides consolidated financial statements that show detailed information by business unit. These consolidated statements provide information about the individual entities and the eliminating entries that tie into the consolidated statements. These types of financial statements are particularly useful for larger complex companies with multiple entities. A number of the large insurance savings and loan holding companies (ISLHCs) are private and do not file with the Securities and Exchange Commission, therefore, the level of detail that would be provided in those filings is not available (also information on company Web sites provide very limited insight). Additionally, the "Other Materially Important Events" section of the FR H-(b)11 informs the Federal Reserve of material litigation or other contingent liabilities, key management changes, unexpected economic events, and other information that may be of material importance. This information is particularly useful in assisting with off-site reviews.

In contrast, the Federal Reserve believes that the FR 2320 data provides limited detail on its own for Federal Reserve off-site surveillance and pre-examination planning and its use would be augmented by the continued collection of the FR H-(b)11. Most ISLHCs only provide parent company data. These ISLHCs are generally quite large and privately held; therefore, the data collected on the FR 2320 is limited in scope and is not conducive to consolidated supervision. Additionally, as part of the Annual Report of Holding Companies (FR Y-6; OMB No. 7100-0297), the Federal Reserve requires that top-tier holding companies with total consolidated assets of \$500 million or more must have an annual audit of its consolidated financial statements by an independent public accountant.

¹ An exempted SLHC includes (1) a grandfathered unitary SLHC whose assets are primarily commercial and whose thrifts make up less than 5 percent of its consolidated assets; and (2) a SLHC whose assets are primarily insurance-related and who does not otherwise submit financial reports with the Securities and Exchange Commission pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934. (76 FR 81933).

However, the FR Y-6 does not require detailed quarterly financial statements which give a more timely representation of the financial condition of a company.

In addition, the Federal Reserve proposes to remove the docket number from the FR H-(b)11 reporting form and all references to the docket number in the instructions. The docket number is no longer used as the SLHC identifier. The RSSD number is now the universal identifier used by all the regulatory agencies.

Finally, the continued reporting of the FR H-(b)11 report by exempt SLHCs would assist the Federal Reserve in the evaluation of a diversified holding company and in determining whether an institution is in compliance with applicable laws and regulations.
