BILLING CODE 9111-23-P

DEPARTMENT OF HOMELAND SECURITY**Transportation Security Administration****Intent To Request Renewal From OMB of One Current Public Collection of Information: Department of Homeland Security Traveler Redress Inquiry Program (DHS TRIP)**

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-day Notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0044, abstracted below that we will submit to OMB for renewal in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves the submission of identifying and travel experience information by individuals requesting redress through the Department of Homeland Security (DHS) Traveler Redress Inquiry Program (TRIP).

DATES: Send your comments by November 4, 2013.

ADDRESSES: Comments may be emailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Joanna Johnson at the above address, or by telephone (571) 227-3651.

SUPPLEMENTARY INFORMATION:**Comments Invited**

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0044; Department of Homeland Security (DHS) Traveler Redress Inquiry Program (DHS TRIP). DHS TRIP is a single point of contact for individuals who have inquiries or seek resolution regarding difficulties they have experienced during their travel screening. These difficulties could include: (1) Denied or delayed boarding; (2) denied or delayed entry into or departure from the United States at a port of entry; or (3) identified for additional (secondary) screening at our Nation's transportation facilities, including airports, seaports, train stations and land borders. The TSA manages the DHS TRIP office on behalf of DHS. To request redress, individuals are asked to provide identifying information as well as details of their travel experience.

The DHS TRIP office serves as a centralized intake office for traveler requests for redress and uses the online Traveler Inquiry Form (TIF) to collect requests for redress. DHS TRIP then passes the information to the relevant DHS component to process the request, as appropriate (e.g., DHS TRIP passes the form to the appropriate DHS office to initiate the Watch List Clearance Procedure). Participating DHS components include the TSA, U.S. Customs and Border Protection, U.S. Citizenship and Immigration Services, Office of Biometric Information Management, Office of Civil Rights and Civil Liberties, and the Privacy Office, along with the U.S. Department of State, Bureau of Consular Affairs, and the U.S. Department of Justice (Terrorist Screening Center). This collection serves to distinguish misidentified individuals from an individual actually on any watch list that DHS uses, and, where appropriate, this program helps streamline and expedite future check-in or border crossing experiences.

DHS estimates completing the form, and gathering and submitting the information will take approximately one hour. The annual respondent population was derived from data contained within the DHS case management database and reflects the actual number of respondents for the most recent calendar year. Thus, the

total estimated annual number of burden hours for passengers seeking redress, based on 21,670 annual respondents, is 21,670 hours (21,670 × 1).

Dated: August 27, 2013.

Joanna Johnson,

TSA Paperwork Reduction Act Officer, Office of Information Technology.

Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD has submitted to OMB a request for approval of the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on June 26, 2013.

A. Overview of Information Collection

Title of Information Collection: Disaster Recovery Grant Reporting System.

OMB Approval Number: 2506-0165.

Type of Request: Revision of a currently approved collection.

Form Number: SF-424—Application for Federal Assistance.

Description of the need for the information and proposed use: The Disaster Recovery Grant Reporting (DRGR) System is a grants management system used by the Office of Community Planning and Development to monitor special appropriation grants under the Community Development Block Grant program. This collection pertains to Community Development Block Grant Disaster Recovery (CDBG-DR) and Neighborhood Stabilization Program (NSP) grant appropriations. The CDBG program is authorized under Title I of the Housing and Community Development Act of 1974, as amended. Following major disasters, Congress appropriates supplemental CDBG funds for disaster recovery. According to Section 104(e)(1) of the Housing and Community Development Act of 1974, HUD is responsible for reviewing grantees' compliance with applicable requirements and their continuing capacity to carry out their programs. Grant funds are made available to states and units of general local government, Indian tribes, and insular areas, unless provided otherwise by supplemental appropriations statute, based on their unmet disaster recovery needs.

Estimated Number of Respondents: Community Development Block Grant Disaster Recovery (CDBG-DR) Grants: The system has approximately 72 open CDBG disaster recovery grants in DRGR. HUD estimates an additional 40 grants as a result of the recent supplemental appropriation for Hurricane Sandy relief. One-time only submissions: The onetime only pre- and post-award submissions for the estimated 40 new DRSI grants resulting from Hurricane Sandy include standard forms, DRGR Action Plan, and required financial control documentation. Total hours are estimated at 505 at a cost of \$12,164. Recurring submissions: Recurring submissions include quarterly progress reports and voucher submissions. For average-sized grants, the Department estimates 13 minutes needed per voucher. CDBG-DR grantees process approximately 19 vouchers per year. This requires a record keeping and reporting burden of approximately 4 hours per grantee, per year. Larger CDBG-DR grantees take approximately 44 minutes for each voucher and submit

an average of 146 vouchers per year, resulting in approximately 106 burden hours per year, per grantee. Therefore, all CDBG-DR grantees collectively spend an estimated 2,721 hours submitting vouchers in the DRGR system for a total estimated annual voucher submission cost of \$65,575. Average-sized grantees spend an estimated 9 hours on each QPR, for a total of 3,240 hours. Large grantees spend an estimated 57 hours per QPR for a total of 5,016 hours. Therefore, all grantees collectively spend an estimated 8,256 hours per year submitting QPR data in DRGR. Total annual QPR submissions cost an estimated \$198,970. Grants: For the 577 active NSP grants in the DRGR system, the Department estimates 11 minutes per voucher Neighborhood Stabilization Program submission. NSP grantees process approximately 34 vouchers per year. This requires a record keeping and reporting burden of approximately 3,899 hours for an annual voucher submission cost of \$93,970. NSP grantees spend an estimated 4 hours per QPR submission, for a total of 9,232 hours for a total annual QPR submission costs \$222,491. Neighborhood Stabilization Program 3—Technical Assistance Grants: The DRGR system currently has 10 open NSP3-TA grants. Historical data on voucher and QPR submissions for technical assistance grants were extremely limited at the time this collection was being assembled. Therefore, the times used to calculate NSP grant cost burden will be applied to NSP3-TA grant cost burden. For 10 average-sized grants, the Department estimates 11 minutes per voucher. Grantees process approximately 38 vouchers per year. Total burden hours for all grantees over the course of the year is estimated at 380, for a total annual submission cost of \$1,648. 10 average-sized grantees spend approximately 4 hours submitting each QPR, for a total of 160 hours over the course of a year. Total annual QPR submission costs approximately \$3,856.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
