

larger than 16 inches but less than 18 inches, and otherwise meeting the description of the scope of the *Order*. Consistent with the *Preliminary Determination*, we have limited the application of our affirmative final determination to graphite electrodes produced and/or exported by Jilin Carbon with an actual or nominal diameter of 17 inches because record evidence shows that among the named producers, only Jilin Carbon produces or exports merchandise subject to this proceeding and, moreover, that Jilin Carbon produces and/or exports only 17-inch diameter graphite electrodes to the United States.¹¹

Analysis of Comments Received

All issues raised in the post-preliminary comments by parties in this proceeding are addressed in the Issues and Decision Memorandum. A list of the issues which the parties raised and to which the Department responds in the Issues and Decision Memorandum is attached to this notice as an appendix. The Issues and Decision Memorandum is a proprietary document with a public version, and the public version is on file electronically *via* IA ACCESS.

Final Determination

As detailed in the Issues and Decision Memorandum, we determine, pursuant to section 781(c) of the Act, that imports from the PRC of certain graphite electrodes, produced and/or exported by Jilin Carbon, with a diameter of 17 inches, and otherwise meeting the description of in-scope merchandise, constitute merchandise altered in form or appearance in such minor respects that it is properly subject to the *Order*.

Continuation of Suspension of Liquidation

As a result of this determination, and consistent with 19 CFR 351.225(l)(3), we are continuing to direct Customs and Border Protection to suspend liquidation and to require a cash deposit of estimated duties at the applicable rate on unliquidated entries of graphite electrodes, produced and/or exported by Sinosteel Jilin Carbon Co., Ltd. and Jilin Carbon Import & Export Company, with an actual or nominal diameter of 17 inches, and otherwise meeting the description of in-scope merchandise, that were entered, or withdrawn from

warehouse, for consumption on or after June 25, 2012, the date of publication of the initiation of this inquiry.

Rescission of Later-Developed Merchandise Anticircumvention Inquiry

Because we are making an affirmative determination of circumvention pursuant to section 781(c) of the Act, we do not find it necessary to determine pursuant to section 781(d) of the Act whether this is later-developed merchandise that is circumventing the *Order*. Accordingly, we are rescinding the later-developed-merchandise anticircumvention inquiry.

Notification to Interested Parties

This notice serves as the only reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This determination of circumvention is in accordance with section 781(c) of the Act and 19 CFR 351.225(i).

Dated: September 10, 2013.

Paul Piquado,
Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On July 22, 2013, the Department of Commerce (the Department) initiated the countervailing duty investigations of certain oil country tubular goods from India and Turkey.¹ Currently, the preliminary determinations are due no later than September 25, 2013.

Postponement of Due Date for the Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, if the Department concludes that the parties concerned in the investigation are cooperating and determines that the investigation is extraordinarily complicated, section 703(c)(1)(B) of the Act allows the Department to postpone making the preliminary determination until no later than 130 days after the date on which the administering authority initiated the investigation.

The Department has determined that the parties involved in these proceedings are cooperating, and that the investigations are extraordinarily complicated.² Specifically, the Department is investigating numerous alleged subsidy programs in both India and Turkey; these programs include loans, grants, income tax incentives, and the provision of goods and services for less than adequate remuneration. Due to the number and complexity of the alleged countervailable subsidy practices being investigated, we determine that these investigations are extraordinarily complicated. Therefore, in accordance with section 703(c)(1)(B) of the Act, we are fully extending the due date for the preliminary determinations to not later than 130 days after the day on which the investigations were initiated. Thus, the deadline for completion of the preliminary determinations is now Friday, November 29, 2013.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).
