Section 309 of FLPMA directs the Secretary to establish 10- to 15-member citizen-based advisory councils that are consistent with the Federal Advisory Committee Act (FACA). As required by FACA, RAC membership must be

balanced and representative of the various interests concerned with the management of the public lands.

The RAC has one vacancy in category one (holders of Federal grazing permits and representatives of organizations associated with energy and mineral development, timber industry, transportation or rights-of-way, developed outdoor recreation, off-highway vehicle use, and commercial recreation), one vacancy in category two (representatives of nationally or regionally recognized environmental organizations; archaeological and historic organizations, dispersed recreation activities, and wild horse and burro organizations), and one vacancy in category three (representatives of state, county, or local elected office; employees of a state agency responsible for management of natural resources; representatives of Indian tribes within or adjacent to the area for which the council is organized; representatives of academia who are employed in natural sciences; or the public-at-large). ### Bureau of Reclamation

[A10–1971–1000–000–00–0–0, 2050400]

#### Central Valley Project Improvement Act, Water Management Plans

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** The following Water Management Plans are available for review:

- Westside Water District
- Stone Corral Water District
- Dunnigan Irrigation District
- Montecito Water District
- Lindmore Water District
- Exeter Irrigation District
- Ivanhoe Irrigation District
- Saucelito Irrigation District
- Westlands Water District

To meet the requirements of the Central Valley Project Improvement Act of 1992 and the Reclamation Reform Act of 1982, the Bureau of Reclamation developed and published the Criteria for Evaluating Water Management Plans (Criteria). For the purpose of this announcement, Water Management Plans (Plans) are considered the same as Water Conservation Plans. The above entities have each developed a Plan, which Reclamation has evaluated and preliminarily determined to meet the requirements of these Criteria. Reclamation is publishing this notice in order to allow the public to review the Plans and comment on the preliminary determinations. Public comment on Reclamation's preliminary (i.e., draft) determination of Plan adequacy is invited at this time.

**DATES:** All public comments must be received by November 25, 2013.

**ADDRESSES:** Please mail comments to Ms. Laurie Sharp, Bureau of Reclamation, 2800 Cottage Way, MP–410, Sacramento, California 95825, or email at [lsharp@usbr.gov](mailto:lsharp@usbr.gov).

**FOR FURTHER INFORMATION CONTACT:** To be placed on a mailing list for any subsequent information, please contact Ms. Sharp at the email address above or 916–978–5232 (TDD 978–5608).

**SUPPLEMENTARY INFORMATION:** We are inviting the public to comment on our preliminary (i.e., draft) determination of Plan adequacy. Section 3405(e) of the Central Valley Project Improvement Act (Title 34 Pub. L. 102–575), requires the Secretary of the Interior to establish and administer an office on Central Valley Project water conservation best management practices that shall “develop criteria for evaluating the

adequacy of all water conservation plans developed by project contractors, including those plans required by section 210 of the Reclamation Reform Act of 1982." Also, according to Section 3405(e)(1), these criteria must be developed "with the purpose of promoting the highest level of water use efficiency reasonably achievable by project contractors using best available cost-effective technology and best management practices." These criteria state that all parties (Contractors) that contract with Reclamation for water supplies (municipal and industrial contracts over 2,000 acre-feet and agricultural contracts over 2,000 irrigable acres) must prepare a Plan that contains the following information:

1. Description of the District;
2. Inventory of Water Resources;
3. Best Management Practices (BMPs) for Agricultural Contractors;
4. BMPs for Urban Contractors;
5. Plan Implementation;
6. Exemption Process;
7. Regional Criteria; and
8. Five-Year Revisions.

Reclamation evaluates Plans based on these criteria. A copy of these Plans will be available for review at Reclamation's Mid-Pacific Regional Office, 2800 Cottage Way, MP-410, Sacramento, California, 95825. Our practice is to make comments, including names and home addresses of respondents, available for public review. If you wish to review a copy of these Plans, please contact Ms. Sharp.
