Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: Employee Retirement Income Security Act of 1974 section 404(c), 29 U.S.C. 1104(c), provides that, if an individual account pension plan permits a participant or beneficiary to exercise control over assets in his or her account and the participant or beneficiary in fact exercises such control (as determined under DOL regulations), the participant or beneficiary shall not be deemed to be a fiduciary by such exercise of control and no person otherwise a fiduciary to the plan shall be liable for any loss or breach that results solely from this exercise of control. Regulations 29 CFR 2550.404a-5 provides that, when a plan allocates investment responsibilities to participants or beneficiaries, the plan administrator must take action to ensure they are provided with sufficient information regarding the plan and its investment options, including fee and expense information, to make informed decisions with regard to the management of their individual accounts; therefore, the regulation requires a plan administrator to provide each participant or beneficiary with certain plan-related information and investment-related information.

This disclosure requirement is an information collection subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210-0090.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on October 31, 2013. The DOL seeks to extend PRA authorization for this information collection for three (3) years, without any change to existing requirements. The DOL also notes that existing information collection requirements submitted to the OMB receive a month-to-month extension

while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 22, 2013 (78 FR 30333).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1210-0090. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

ACTION: Notice.

SUMMARY: The Department of Labor (DOL) is submitting the Employment and Training Administration (ETA) sponsored information collection request (ICR) revision titled, "Attestations by Employers Using Alien Crewmembers for Longshore Activities in U.S. Ports," to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501 et seq.).

DATES: Submit comments on or before November 29, 2013.

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks OMB approval for revisions to the

Employers' Attestation to Use Alien Crewmembers for Longshore Activities in U.S. Ports, Form ETA-9033, (currently approved under Control Number 1205-0309) and the *Employers' Attestation to Use Alien Crewmembers for Longshore Activities in the State of Alaska*, Form ETA-9033A (currently approved under Control Number 1205-0352). The information collection is required by Immigration and Nationality Act section 258 (8 U.S.C. 1288) and regulations 20 CFR 655 subpart F. The ETA collects the attestations from shipping companies seeking to use foreign crewmembers for longshore work when no U.S. workers are available.

This ICR has been classified as a revision, because the DOL is merging two Control Numbers, which will simplify the process for both the stakeholder community interested in these collections and the Federal staff reviewing and enforcing the attestations. Control Number 1205-0352 will survive after the merger. The DOL is also proposing changes to the layout of the forms for ease of review and completion. Finally, the DOL proposes to add a few new collection fields that will more accurately capture employer and job-related information. The update of the forms will, for example, reflect current communications methods by requesting email addresses rather than fax numbers.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Numbers 1205-0309 and 1205-0352. The current approval for Control Number 1205-0309 is scheduled to expire on October 31, 2013, and Control Number 1205-0352 expires October 31, 2014. It should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on August 8, 2013 (78 FR 48463).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0309. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
