

determined, ACHP rules require the action agency to consider avoidance, minimization, and mitigation. In the case of wayside poles, there will often be little potential for avoidance or minimization due to the limited flexibility to move the poles. We invite input as to whether it would be appropriate for the Program Comment to specify a simple protocol to quickly consider whether avoidance is possible at a particular site. Where avoidance is not possible, the FCC ordinarily works with the SHPO, affected Tribal Nations, and other consulting parties to find mitigation measures that provide a public benefit. We seek suggestions as to standard mitigation measures, either site-specific or programmatic, that might facilitate this negotiation process in appropriate cases.

Next Steps and Contact Information

The FCC will follow with information regarding meetings, webinars, or other structured opportunities for dialogue on the proposed Program Comment. This will include information about participation in the upcoming demonstration reviews. In the meantime, we welcome ideas from all interested parties and are happy to meet or talk with you.

Pursuant to §§ 1.415 and 1.419 of the Commission's rules, 47 CFR 1.415, 1.419, interested parties may file comments and reply comments on or before the dates indicated on the first page of this document.
