**Abstract:** Under the Agricultural Marketing Agreement Act of 1937 (AMAA), as amended (7 U.S.C. 601-674), fresh fruits, vegetables and specialty crop industries can enter into marketing order programs which provide an opportunity for producers, in a specified production area, to work together to solve marketing problems. The Secretary of Agriculture is authorized to oversee the order operations and issue regulations recommended by a committee of representatives from each commodity industry.

The pistachio marketing order regulates the handling of pistachios grown in California, Arizona and New Mexico, hereinafter referred to as the order, (7 CFR part 983). The order authorizes grade and size requirements, as well as a requirement for aflatoxin testing on domestic shipments only.

The order authorizes the Administrative Committee for Pistachios (Committee) to locally administer the order. The order also requires handlers submit certain information in order to effectively implement the requirements of the order, fulfill the intent of the AMAA, and assist the industry in carrying out marketing decisions. Only authorized employees of the Committee, and authorized representatives of the USDA,

including AMS, Fruit and Vegetable Program's regional and headquarter's staff have access to information provided on the forms.

Requesting public comments on the forms described below is part of the process to obtain approval through the Office of Management and Budget (OMB). In addition, OMB No. 0581-0215 forms include a marketing agreement (FV-242), and referendums on order amendments (FV-240A) and continuation of the order (FV-240).
