Notice of Use Authorizations; Special Recreation Permits, Other than on Developed Recreation Sites; Adjustment in Fees**AGENCY:** Bureau of Land Management, Interior.**ACTION:** Notice.

SUMMARY: The Bureau of Land Management (BLM) is adjusting certain special recreation permit fees for various recreation activities on BLM-administered public lands and related waters. The BLM is adjusting the minimum fee for commercial, competitive, and organized group activities or events.

FOR FURTHER INFORMATION CONTACT: David Ballenger, Division of Recreation and Visitor Services, 202-912-7642.

SUPPLEMENTARY INFORMATION: This notice establishes that effective on March 1, 2014, the special recreation permit minimum fee for commercial special recreation permits is \$105 per year. The minimum fee for both competitive and organized group activities or events is \$5 per person per day, and the minimum fee for an assigned site is \$210 per permit. The BLM Director is authorized to periodically adjust fees by the regulations found at 43 CFR 2832.31(b). The previous fee schedule went into effect on March 1, 2011. Commercial and reserved site fees are rounded to the nearest \$5. Competitive and group use fees are rounded to the nearest \$1. Individual states also have the option of imposing application fees and/or establishing higher minimum fees for special recreation permits.

The next fee adjustment is scheduled for March 1, 2017.

The intended effect of the fee calculation process is to ensure that fees cover administrative costs of permit issuance, provide a fair return to the U.S. Government for use of the public lands, and approach free market value in certain cases. The BLM, in coordination with the U.S. Forest Service, automatically adjusts the minimum commercial, competitive, organized group and activity special recreation permit fees and minimum assigned site fee every 3 years. These fees are calculated and adjusted based on the change in the Implicit Price Deflator-Gross Domestic Product Index (IPD-GDP). The IPD-GDP is also available from the U.S. Department of

Commerce, Bureau of Economic Analysis at the following Web site: http://www.bea.gov/iTable/index_nipa.cfm.

SUPPLEMENTARY INFORMATION:

Background.—On December 12, 2003, the Department of Commerce issued an antidumping duty order on imports of malleable iron pipe fittings from China (68 FR 69376). Following the first five-year reviews by Commerce and the Commission, effective April 22, 2009, Commerce issued a continuation of the antidumping duty order on imports of malleable iron pipe fittings from China (74 FR 18349). The Commission is now conducting a second review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination and its expedited first five-year review determination, the Commission defined the *Domestic Like Product* as malleable iron pipe fittings, cast, other than grooved, coextensive with Commerce's scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination

and its expedited first five-year review determination, the Commission defined the *Domestic Like Product* as all producers of malleable cast iron pipe fittings, other than grooved.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the review and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the review as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission's designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202–205–3088.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this review available to

authorized applicants under the APO issued in the review, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the review. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification.—Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this review must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Written submissions.—Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is April 2, 2014. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is May 14, 2014. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. Please be aware that the Commission's rules with respect to electronic filing have been amended. The amendments took effect on November 7, 2011. See 76 FR 61937 (Oct. 6, 2011) and the newly revised Commission's Handbook on E-Filing, available on the Commission's Web site at <http://edis.usitc.gov>. Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you

are not a party to the review you do not need to serve your response).

Inability to provide requested information.—Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act (19 U.S.C. 1677e(b)) in making its determination in the review.
