Title of Collection: Annual Progress Report for the Title III Alternative Financing Program Under the Assistive Technology Act of 1998.

OMB Control Number: 1820–0662.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local or Tribal Governments.

Total Estimated Number of Annual Burden Hours: 891.

Abstract: The Rehabilitation Services Administration (RSA) of the U.S. Department of Education (ED) requests clearance for the renewal of a data collection instrument, Office of Management and Budget (OMB) Control Number 1820–0662, to be completed by grantees under title III of the Assistive Technology Act of 1998 as in effect prior to the amendments of 2004 (Public Law 105–394) (AT Act of 1998). Title III of the AT Act of 1998 authorized grants to public agencies to support the establishment and maintenance of alternative financing programs (AFPs) that feature one or more alternative financing mechanisms to enable individuals with disabilities and their family members, guardians, advocates, and authorized representatives to purchase assistive technology (AT). AFPs must operate and provide progress reports in perpetuity. Since 2000, grants have been awarded to 33 states to operate AFPs. The information collected through this data collection instrument is necessary for these grantees to comply with the reporting requirements of title III of the AT Act of 1998 and to satisfy 34 CFR 75.720, which requires them to submit an annual performance report. In addition, section 307 of the AT Act of 1998 requires that RSA submit to Congress an annual report on the activities conducted under title III. In order to make these possible, states must provide annual progress reports to RSA that fulfill the section 307 reporting requirements. This data collection instrument has been developed to ensure that states report data in a consistent manner in alignment with these requirements.

Dated: April 8, 2014.

Tomakie Washington,

Acting Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Title III, Part F, ANNH Program is authorized under Section 371 of the Higher Education Act of 1965, as amended (HEA), to provide grants to eligible institutions of higher education (IHEs) to enable them to improve and expand their capacity to serve Alaska Natives and Native Hawaiians. IHEs may use these grants to plan, develop, or implement activities that promise to strengthen the institution.

Priorities: This notice contains two competitive preference priorities and two invitational priorities. The competitive preference priorities are from the notice of final supplemental priorities and definitions for discretionary grant programs, published in the **Federal Register** on December 15, 2010 (75 FR 78486), and corrected on May 12, 2011 (76 FR 27637) (the Supplemental Priorities).

Competitive Preference Priorities: For FY 2014 and any subsequent year in which we make awards from the list of unfunded applicants from the competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to two points for each competitive

preference priority. The maximum competitive preference points an application can receive under this competition is four depending on how well the application meets these priorities.

These priorities are:

Competitive Preference Priority 1—Increasing Postsecondary Success.

Projects that are designed to address the following priority area: Increasing the number and proportion of high-need students (as defined in this notice) who persist in and complete college or other postsecondary education and training.

Competitive Preference Priority 2—Improving Productivity.

Projects that are designed to significantly increase efficiency in the use of time, staff, money, or other resources while improving student learning or other educational outcomes (i.e., outcome per unit of resource). Such projects may include innovative and sustainable uses of technology, modification of school schedules and teacher compensation systems, use of open educational resources (as defined in this notice), or other strategies.

Note: The types of projects identified in Competitive Preference Priority 2 are suggestions for ways to improve productivity. The Department recognizes that some of these examples, such as modification of teacher compensation systems, may not be relevant to this program. Accordingly, applicants should consider responding to this competitive preference priority in a way that improves productivity in a relevant higher education context.

Invitational Priorities: For FY 2014 and any subsequent year in which we make awards from the list of unfunded applicants from the competition, these priorities are invitational priorities. Under 34 CFR 75.105(c)(1) we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

Invitational Priority 1—Support Activities That Strengthen Native Language Preservation and Revitalization.

Support activities that strengthen Native language preservation and revitalization at the IHE.

Invitational Priority 2—Promoting Science, Technology, Engineering and Mathematics (STEM) Education.

Projects that are designed to address the following priority area: providing students with increased access to rigorous and engaging coursework in STEM.

Note: There are no additional points awarded for invitational priorities.
