Respondents are individuals who are currently receiving WIC overseas services. The purpose of the WIC overseas survey is to assess the participant's satisfaction level with the services provided by the WIC overseas staff and the overall program. The survey includes questions regarding site access, customer service, quality of health information and overall program satisfaction. The findings of these surveys will be used to determine the success of the WIC overseas program and if improvements are necessary. The WIC overseas program is a legislatively mandated program and it is anticipated that the program will continue indefinitely. As such, DoD is publishing this formal notice.

On March 10, 1999, TRICARE Management Activity (TMA), formerly known as OCHAMPUS, published a final rule in the **Federal Register** (64 FR 11765), creating a fourth class of TRICARE providers consisting of freestanding corporations and foundations that render principally professional ambulatory or in-home care and technical diagnostic procedures. Effective October 1, 2013, the TRICARE Management Activity is now the Defense Health Agency (DHA). The intent of the rule was not to create additional benefits that ordinarily would not be covered under TRICARE if provided by a more traditional healthcare delivery system, but rather to allow those services which would otherwise be allowed except for an individual provider's affiliation with a freestanding corporate facility. The addition of the corporate class recognized the current range of providers within today's health care delivery structure, and gave beneficiaries access to another segment of the health care delivery industry. Corporate services providers must be approved for Medicare payment, or when Medicare approval status is not required, be accredited by a qualified accreditation organization to gain provider authorization status under TRICARE. Corporate services providers must also enter into a participation agreement which will be sent out as part of the initial authorization process. The participation agreement will ensure that TRICARE-determined allowable payments, combined with the costshare/copayment, deductible, and other health insurance amounts, will be accepted by the provider as payment in full. The application for TRICARE-Provider Status: Corporation Services Provider, will collect the necessary information to ensure that the conditions are met for authorization as a TRICARE corporate services provider: i.e., the provider (1) is a corporation or a foundation, but not a
