

these grantees to their clients rather than transition to new grantees every three years. These services include disseminating information on successful education practices and legal requirements related to nondiscrimination on the basis of race, sex, and national origin in educational programs; training designed to develop educators' skills in specific areas such as identification of race and sex bias in instructional materials; technical assistance in the identification and selection of appropriate educational programs to meet the needs of limited English proficient students; addressing disproportionality in schools among students and/or teachers; and instructing school officials on how to prevent sexual harassment and combat biases. In addition, issuing continuation awards, instead of holding a new competition, will also allow the current grantees to continue to serve as a resource for the Office for Civil Rights in working with school districts that have achieved unitary status. The grantees would continue to offer technical assistance to school districts, State education agencies, and others who seek to resolve civil rights conflicts and promote social justice and equity. Further, the current grantees would continue to provide resources and training in the areas of hate crimes, racial prejudice, and bullying.

We intend to fund the extended project period by using the FY 2014 and FY 2015 funds, depending on whether the grants are extended for one or two years, that Congress appropriates under the current statutory authority.

Under this proposed waiver and extension of the project period—

(1) Current grantees will be authorized to receive EAC continuation awards annually for up to two years.

(2) We will not announce a new EAC competition or make new EAC grant awards in FY 2014.

(3) During the extension period, any activities carried out must be consistent with, or be a logical extension of the scope, goals, and objectives of each grantee's approved application from the 2011 EAC competition.

(4) Each grantee who receives a continuation award must also continue to comply with the requirements established in the program regulations and the 2011 EAC NIA.

Furthermore, all requirements applicable to continuation awards for current EAC grantees and the requirements in 34 CFR 75.253 will apply to any continuation awards received by current EAC grantees.

If we announce this proposed waiver and extension as final, we will make

decisions regarding annual continuation awards based on each grantee demonstrating substantial progress performing its approved grant activities, as evidenced through program narratives, budgets and budget narratives, and performance reports, and based on the regulations in 34 CFR 75.253.

Regulatory Flexibility Act Certification

The Secretary certifies that the proposed waiver and extension and the activities required to support additional years of funding would not have a significant economic impact on a substantial number of small entities. The entities that would be affected by this proposed waiver and extension are the 10 current EAC grantees receiving Federal funds and any other potential applicants.

The Secretary certifies that the proposed waiver and extension would not have a significant economic impact on these entities because the proposed waiver and extension impose minimal compliance costs to extend projects already in existence, and the activities required to support the additional years of funding would not impose additional regulatory burdens or require unnecessary Federal supervision.

Paperwork Reduction Act of 1995

This proposed waiver and extension does not contain any information collection requirements.

Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance. This document provides early notification of our specific plans and actions for this program.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

[OE Docket No. PP-396]

Application To Rescind Presidential Permit; Joint Application for Presidential Permit; Maine Public Service Company and Bangor Hydro Electric Company

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of application.

SUMMARY: Maine Public Service Company (Maine Public) and Bangor Hydro Electric Company (Bangor Hydro) filed a joint application to voluntarily transfer the Maine Public facilities authorized by Presidential Permit No. PP-81 to Bangor Hydro. The application requested that the Department of Energy (DOE) rescind the Presidential permit held by Maine Public and simultaneously issue a permit to Bangor Hydro under its new name, Emera Maine (Emera), covering the same international transmission facilities.

DATES: Comments or motions to intervene must be submitted on or before May 28, 2014.

ADDRESSES: Comments or motions to intervene should be addressed as follows: Office of Electricity Delivery and Energy Reliability (OE-20), U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: Christopher Lawrence (Program Office) at 202-586-5260, or by email to Christopher.Lawrence@hq.doe.gov, or Katherine Konieczny (Program Attorney) at 202-586-0503.

SUPPLEMENTARY INFORMATION: The construction, operation, maintenance,

and connection of facilities at the international border of the United States for the transmission of electric energy between the United States and a foreign country is prohibited in the absence of a Presidential permit issued pursuant to Executive Order (EO) 10485, as amended by EO 12038. Existing Presidential permits are not transferable or assignable. However, in the event of a proposed voluntary transfer of facilities, in accordance with DOE regulations at 10 CFR 205.323, the existing permit holder and the transferee are required to file a joint application with DOE that includes a statement of reasons for the transfer.

On December 30, 2013, Maine Public and Bangor Hydro jointly filed an application with DOE requesting rescission of Presidential Permit No. PP-81 issued to Maine Public and a simultaneous issuance of a Presidential permit to Bangor Hydro for the same international transmission facilities. The international transmission facilities authorized by Presidential Permit No. PP-81 include one 7.2 kilovolt (kV) distribution line running from the Canadian border into Maine.

The requested transfer of the permit is due to the merger of Maine Public and Bangor Hydro that was finalized by the Maine Public Utilities Commission on December 17, 2013 and effective January 1, 2014. The Applicants have requested that the issuance of the permit to Bangor Hydro be made effective upon the transfer of facilities, which occurred on January 1, 2014.

Procedural matters: Any person may comment on this application by filing such comment at the address provided above. Any person seeking to become a party to this proceeding must file a motion to intervene at the address provided above in accordance with Rule 214 of FERC's Rules of Practice and Procedure (18 CFR 385.214). Two copies of each comment or motion to intervene should be filed with DOE on or before the date listed above.

Additional copies of such motions to intervene also should be filed directly with: Nathan Martell, Bangor Hydro Electric Company, P.O. Box 932, Bangor, Maine 04402 and Bonnie A. Suchman, Troutman Sander LLP, 401 9th St. NW., Suite 1000, Washington, DC 20004.

Before a Presidential permit may be granted or amended, DOE must determine that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system. In addition, DOE must consider the environmental impacts of the proposed action (i.e., granting the Presidential permit or amendment, with

any conditions and limitations, or denying the permit) pursuant to the National Environmental Policy Act of 1969. DOE also must obtain the concurrences of the Secretary of State and the Secretary of Defense before taking final action on a Presidential permit application.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above. In addition, the application may be reviewed or downloaded electronically at <http://energy.gov/oe/services/electricity-policy-coordination-and-implementation/international-electricity-regulation-2>. Upon reaching the home page, select "Pending Applications."

Issued in Washington, DC, on April 22, 2014.

Christopher A. Lawrence,

Electricity Policy Analyst, Office of Electricity Delivery, and Energy Reliability.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

[OE Docket No. PP-395]

Application To Rescind Presidential Permit; Joint Application for Presidential Permit; Maine Public Service Company and Bangor Hydro Electric Company

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of application.

SUMMARY: Maine Public Service Company (Maine Public) and Bangor Hydro Electric Company (Bangor Hydro) filed a joint application to voluntarily transfer the Maine Public facilities authorized by Presidential Permit No. PP-29, as amended, to Bangor Hydro. The application requested that the Department of Energy (DOE) rescind the Presidential permit held by Maine Public and simultaneously issue a permit to Bangor Hydro under its new name, Emera Maine (Emera), covering the same international transmission facilities.

DATES: Comments or motions to intervene must be submitted on or before May 28, 2014.

ADDRESSES: Comments or motions to intervene should be addressed as follows: Office of Electricity Delivery and Energy Reliability (OE-20), U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: Christopher Lawrence (Program Office) at 202-586-5260, or by email to Christopher.Lawrence@hq.doe.gov, or Katherine Konieczny (Program Attorney) at 202-586-0503.

SUPPLEMENTARY INFORMATION: The construction, operation, maintenance, and connection of facilities at the international border of the United States for the transmission of electric energy between the United States and a foreign country is prohibited in the absence of a Presidential permit issued pursuant to Executive Order (EO) 10485, as amended by EO 12038. Existing Presidential permits are not transferable or assignable. However, in the event of a proposed voluntary transfer of facilities, in accordance with DOE regulations at 10 CFR 205.323, the existing permit holder and the transferee are required to file a joint application with DOE that includes a statement of reasons for the transfer.

On December 30, 2013, Maine Public and Bangor Hydro jointly filed an application with DOE requesting rescission of Presidential Permit No. PP-29, as amended, issued to Maine Public and a simultaneous issuance of a Presidential permit to Bangor Hydro for the same international transmission facilities. The international transmission facilities authorized by Presidential Permit No. PP-29, as amended, include two 69 kilovolt (kV) and one 138 kV transmission lines running from the Canadian border into Maine.

The requested transfer of the permit is due to the merger of Maine Public and Bangor Hydro that was finalized by the Maine Public Utilities Commission on December 17, 2013 and effective January 1, 2014. The Applicants have requested that the issuance of the permit to Bangor Hydro be made effective upon the transfer of facilities, which occurred on January 1, 2014.

Procedural Matters: Any person may comment on this application by filing such comment at the address provided above. Any person seeking to become a party to this proceeding must file a motion to intervene at the address provided above in accordance with Rule 214 of FERC's Rules of Practice and Procedure (18 CFR 385.214). Two copies of each comment or motion to intervene should be filed with DOE on or before the date listed above.

Additional copies of motions to intervene also should be filed directly with: Nathan Martell, Bangor Hydro Electric Company, P.O. Box 932, Bangor, Maine 04402 and Bonnie A. Suchman, Troutman Sander LLP, 401 9th St. NW., Suite 1000, Washington, DC 20004.
