

The proposed action would also include maintenance of approximately 43 miles of road and creation of approximately 8 miles of temporary roads.

Responsible Official, McKenzie River District Ranger

Nature of Decision To Be Made

Given the purpose and need, the scope of the decision to be made by the responsible official will be as follows:

- Do the proposed actions comply with all applicable laws governing Forest Service actions?
 - Do the proposed actions comply with the applicable Standards and Guidelines found in the Willamette Land and Resource Management Plan (LRMP)?
 - If not, will the action amend the LRMP?
 - Does the Environmental Impact Statement have sufficient site-specific environmental analysis to make an informed decision?
 - Do the proposed actions meet the purpose and need for action?
- With these assurances the responsible official must decide:
- Whether or not to select the proposed action or one of any other potential alternatives that may be developed, and what, if any, additional actions should be required.
 - Do any of the reasonably selectable alternatives, based on the criteria stated above, best meet the outstanding contractual obligations of the Forest Service on timber sales sold under the original Goose decision? And if so, is this an effective way to meet the intent of the project while meeting these obligations?

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. District open-house public meetings will be held for your convenience at the McKenzie River district office (57600 McKenzie Hwy, McKenzie Bridge, OR 97413) on April 24, 2014 and May 1, 2014 from 1 p.m.–7 p.m. Goose open-house meetings will be held on May 2, 2014 at McKenzie Bridge, OR and May 9, 2014 at Leaburg, OR from 5:30 p.m. to 7:30 p.m. at locations to be determined (please contact our office at 541–822–3381 for updated information). All of these meetings provide an opportunity to gain more information regarding this proposed project and also provide an opportunity for you to submit any scoping comments you may have. We are interested in your comments on the following questions:

- Are there alternative ways to meet the purpose of the project other than the proposed action we offer, which you would like the Forest Service to consider and analyze?

- Is there any information about the project area, which you believe is important in the context of the proposed activities that you would like the Forest Service to consider?

- What specifically are the potential effects of this proposal that you are particularly concerned about? For example, rather than simply stating that you would like a change in a proposed activity or that you would not like an activity to take place, it is most helpful to understand why you desire this. What are your underlying concerns with an activity or action; what are the effects from the activity that concern you?

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered, however.

Dated: April 18, 2014.

Terry Baker,
District Ranger.

Paper applications must be postmarked and mailed, shipped, or sent overnight no later than June 30, 2014, to be eligible for FY 2014 grant funding. You may also hand carry your application to one of our field offices, but it must be received by close of business on the deadline date. Late applications are not eligible for FY 2014 grant funding.

I. Funding Opportunity Description

The RCDG program is authorized under section 310B(e) of the Consolidated Farm and Rural Development Act (CONACT) (7 U.S.C. 1932(e)) as amended by The Agricultural Act of 2014 (Pub. L. 113-79). You should become familiar with the regulations for this program published at 7 CFR part 4284, subparts A and F, which are incorporated by reference in this Notice. The primary objective of the RCDG program is to improve the economic condition of rural areas through cooperative development. Grants are awarded on a competitive basis. The maximum award amount per grant is \$200,000. Grants are available for non-profit corporations or higher education institutions only. Grant funds may be used to pay for up to 75 percent of the cost of establishing and operating centers for rural cooperative development. Grant funds may be used to pay for 95 percent of the cost of establishing and operating centers for rural cooperative development, when the applicant is a 1994 Institution as defined by 7 U.S.C. 301. The 1994 Institutions are commonly known as Tribal Land Grant Institutions. Centers may have the expertise on staff or they

can contract out for the expertise, to assist individuals or entities in the startup, expansion or operational improvement of rural businesses, especially cooperative or mutually-owned businesses. Rural Development is encouraging applications for projects that will support rural areas where according to the American Community Survey data by census tracts show at least 20 percent of the population is living in poverty. This emphasis will support Rural Development's goal of providing 20 percent of its funding by 2016 to these areas of need.

Definitions

The terms you need to understand are defined and published at 7 CFR 4284.3 and 7 CFR 4284.504. In addition, the terms "rural" and "rural area," defined at section 343(a)(13) of the CONACT (7 U.S.C. 1991(a)), are incorporated by reference, and will be used for this program instead of those terms currently published at 7 CFR 4284.3. The term "you" referenced throughout this Notice should be understood to mean "you" the applicant. Finally, there has been some confusion on the Agency's meaning of the terms "conflict of interest," and "mutually-owned business," because they are not defined in the CONACT or in the regulations used for the program. Therefore, the terms are clarified and should be understood as follows.

Conflict of interest—A situation in which a person or entity has competing personal, professional, or financial interests that make it difficult for the person or business to act impartially. Regarding use of both grant and matching funds, Federal procurement standards prohibit transactions that involve a real or apparent conflict of interest for owners, employees, officers, agents, or their immediate family members having a financial or other interest in the outcome of the project; or that restrict open and free competition for unrestrained trade. Specifically, project funds may not be used for services or goods going to, or coming from, a person or entity with a real or apparent conflict of interest, including, but not limited to, owner(s) and their immediate family members. An example of conflict of interest occurs when the grantee's employees, board of directors, or the immediate family of either, have the appearance of a professional or personal financial interest in the recipients receiving the benefits or services of the grant.

Mutually-owned business—An organization owned and governed by members who either are its consumers, producers, employees, or suppliers.

II. Award Information

Type of Award: Competitive Grant.

Fiscal Year Funds: FY 2014.

Total Funding: Approximately \$5.8 million.

Maximum Award: \$200,000.

Anticipated Award Date: September 30, 2014.

III. Eligibility Information

A. Eligible Applicants

You must be a nonprofit corporation or an institution of higher education to apply for this program. Public bodies and individuals cannot apply for this program. See 7 CFR 4284.507.

An applicant must obtain a Dun and Bradstreet Data Universal Numbering System (DUNS) number and register in the System for Awards Management (SAM, formally managed by the Central Contractor Registry (CCR)) prior to submitting an application. See 2 CFR 25.200(b). An applicant must provide their DUNS number in the application. In addition, an applicant must maintain its registration in SAM during the time its application is active. Finally, an applicant must have the necessary processes and systems in place to comply with the reporting requirements in 2 CFR 170.200(b), as long as it is not exempted from reporting. Exemptions are identified at 2 CFR 170.110(b).

B. Cost Sharing or Matching

Your matching funds requirement is 25 percent of the total project cost (5 percent for 1994 Institutions). See 7 CFR 4284.508. When you calculate your matching funds requirement, please round up or down to whole dollars as appropriate. An example of how to calculate your matching funds is as follows:

1. Take the amount of grant funds you are requesting and divide it by .75. This will give you your total project cost.

Example: \$200,000 (grant amount)/.75 (percentage for use of grant funds) = \$266,667 (total project cost)

2. Subtract the amount of grant funds you are requesting from your total project cost. This will give you your matching funds requirement.

Example: \$266,667 (total project cost) – \$200,000 (grant amount) = \$66,667 (matching funds requirement)

3. A quick way to double check that you have the correct amount of matching funds is to take your total project cost and multiply it by .25.

Example: \$266,667 (total project cost) × .25 (maximum percentage of matching funds requirement) = \$66,667 (matching funds requirement)

You must verify that all matching funds are available during the grant period and provide this documentation with your application. If you are awarded a grant, additional verification documentation may be required to confirm the availability of matching funds.

Other rules for matching funds that you must follow are listed below.

- They must be spent on eligible expenses during the grant period.
- They must be from eligible sources.
- They must be spent in advance or as a pro-rata portion of grant funds being spent.
- They must be provided by either the applicant or a third party in the form of cash or an in-kind contribution.
- They cannot include board/advisory council members' time.
- They cannot include other Federal grants unless provided by authorizing legislation.
- They cannot include cash or in-kind contributions donated outside the grant period.
- They cannot include over-valued, in-kind contributions.
- They cannot include any project costs that are ineligible under the RCDG program.
- They cannot include any project costs that are unallowable under the applicable grant cost principles, including 2 CFR part 220 (educational institutions) and 2 CFR part 230 (nonprofits) and the Federal Acquisition Regulation (for-profits) or successor regulation.
- They can include loan funds from a Federal source.
- They can include travel and incidentals for board/advisory council members if you have established written policies explaining how these costs are normally reimbursed, including rates. You must include an explanation of this policy in your application or the contributions will not be considered as eligible matching funds.
- You must be able to document and verify the number of hours worked and the value associated with any in-kind contribution being used to meet a matching funds requirement.
- In-kind contributions provided by individuals, businesses, or cooperatives which are being assisted by you cannot be provided for the direct benefit of their own projects as USDA Rural Development considers this to be a conflict of interest or the appearance of a conflict of interest.

C. Other Eligibility Requirements

Your application will not be considered for funding if it does not propose the establishment or

continuation of a cooperative development center concept. You must use project funds, including grant and matching funds for eligible purposes only (see 7 CFR 4284.508). In addition, project funds may be used for programs providing for the coordination of services and sharing of information among the centers (see 7 U.S.C 1932(e)(4)(C)(vi)). All project activities must be for the benefit of a rural area. Only one application can be submitted per applicant. If two applications are submitted (regardless of the applicant name) that include the same Executive Director and/or advisory boards or committees of an existing center, both applications will be determined not eligible for FY 2014 funding.

Project funds, including grant and matching funds, cannot be used for ineligible grant purposes (see 7 CFR 4284.10). Also, you shall not use project funds for the following:

1. To purchase, rent, or install laboratory equipment or processing machinery;
2. To pay for the operating costs of any entity receiving assistance from the Center;
3. To pay costs of the project where a conflict of interest exists;
4. To fund any activities prohibited by 7 CFR part 3015 or 3019; or
5. To fund any activities considered unallowable by the applicable grant cost principles, including 2 CFR part 220 (educational institutions) and 2 CFR part 230 (nonprofits) and the Federal Acquisition Regulation (for-profits) or successor regulations.

In addition, your application will not be considered for funding if it does any of the following:

- Focuses assistance on only one cooperative or mutually-owned business;
- Requests more than the maximum grant amount; or
- Proposes ineligible costs that equal more than 10 percent of total project costs. The ineligible costs will not be removed at this stage to proceed with application processing. For purposes of this determination, the grant amount requested plus the matching funds amount constitutes the total project costs.

We will consider your application for funding if it includes ineligible costs of 10 percent or less of total project costs, as long as the remaining costs are determined eligible otherwise. However, if your application is successful, those ineligible costs must be removed and replaced with eligible costs, before the Agency will make the grant award, or the amount of the grant award will be reduced accordingly. If we cannot

determine the percentage of ineligible costs, your application will not be considered for funding.

D. Grant Period

Your application must include a one-year grant period or it will not be considered for funding. The grant period should begin no earlier than October 1, 2014, and no later than January 1, 2015. Prior approval is needed from the Agency if you are awarded a grant and desire the grant period to begin earlier or later than previously discussed. Projects must be completed within a one-year timeframe. The Agency may approve requests to extend the grant period for up to an additional 12 months at its discretion. Further guidance on grant period extensions will be provided in the award document.

If you have an existing RCDG award, you must discuss the status of your existing RCDG award at application time under the Eligibility Discussion. You must be performing satisfactorily to be considered eligible for a new award. Satisfactory performance includes being up-to-date on all financial and performance reports and being current on all tasks as approved in the work plan. The Agency will use its discretion to make this determination. In addition, if you have an existing award from the Small Socially-Disadvantaged Producer Grants (SSDPG) program, you must discuss the status of your existing SSDPG award at application time under Eligibility Discussion and be performing satisfactorily to be considered for a new RCDG award.

E. Completeness

Your application will not be considered for funding if it does not provide sufficient information to determine eligibility and scoring. In particular, you must include all of the forms and proposal elements as discussed in the regulation and as clarified further in this Notice. For more information on what is required for an application, see 7 CFR 4284.510.

C. Application Contents

Your application must contain all of the required forms and proposal elements described in 7 CFR 4284.510 and as otherwise clarified in this Notice. Specifically, your application must include: (1) The required forms as described in 7 CFR 4284.510(b) and (2) the required proposal elements as described in 7 CFR 4284.510(c). Further clarification of application requirements is as follows:

1. Clarifications on Forms

- a. Your DUNS number should be identified in the "Organizational DUNS" field on Standard Form (SF) 424, "Application for Federal Assistance." Since there are no specific fields for a Commercial and Government Entity (CAGE) code and expiration date, you may identify them anywhere you want to on Form SF 424. In addition, you should provide the DUNS number and the CAGE code and expiration date under the applicant eligibility

discussion in your proposal narrative. If you do not include the CAGE code and expiration date and the DUNS number in your application, it will not be considered for funding.

- b. You can voluntarily fill out and submit the "Survey on Ensuring Equal Opportunity for Applicants," as part of your application if you are a nonprofit organization.

2. Clarifications on Proposal Elements

- a. You must include the title of the project as well as any other relevant identifying information on the Title Page.

- b. You must include page numbers on the Table of Contents for each component of the application to facilitate review.

- c. Your Executive Summary must include the items in 7 CFR 4284.510(c)(3), and also discuss the percentage of work that will be performed among organizational staff, consultants, or other contractors. It should not exceed two pages.

- d. Your Eligibility Discussion must not exceed two pages and cover how you meet the eligibility requirements for applicant, matching funds, other eligibility requirements and grant period. If you have an existing RCDG or SSDPG award or both, you must discuss the current status of those award(s) under grant period eligibility.

- e. Your Proposal Narrative must not exceed 40 pages and should describe the essential aspects of the project.

- (i) You are only required to have one title page for the proposal.

- (ii) If you list the evaluation criteria on the Table of Contents and specifically and individually address each criterion in narrative form, then it is not necessary for you to include an Information Sheet. Otherwise, the Information Sheet is required under 7 CFR 4284.510(c) (ii).

- (iii) You should include the following under Goals of the Project:

- (A) A statement that substantiates that the Center will effectively serve rural areas in the United States;

- (B) A statement that the primary objective of the Center will be to improve the economic condition of rural areas through cooperative development;

- (C) A description of the contributions that the proposed activities are likely to make to the improvement of the economic conditions of the rural areas for which the Center will provide services. Expected economic impacts should be tied to tasks included in the work plan and budget; and

- (D) A statement that the Center, in carrying out its activities, will seek, where appropriate, the advice,

participation, expertise, and assistance of representatives of business, industry, educational institutions, the Federal government, and State and local governments.

- (iv) The Agency has established annual performance evaluation measures to evaluate the RCDG program. You must provide estimates on the following performance evaluation measures.

- Number of groups who are not legal entities assisted.

- Number of businesses that are not cooperatives assisted.

- Number of cooperatives assisted.

- Number of businesses incorporated that are not cooperatives.

- Number of cooperatives incorporated.

- Total number of jobs created as a result of assistance.

- Total number of jobs saved as a result of assistance.

- Number of jobs created for the Center as a result of RCDG funding.

- Number of jobs saved for the Center as a result of RCDG funding.

It is permissible to have a zero in a performance element. When you calculate jobs created, estimates should be based upon actual jobs to be created by your organization as a result of the RCDG funding or actual jobs to be created by cooperative businesses or other businesses as a result of assistance from your organization. When you calculate jobs saved, estimates should be based only on actual jobs that have been lost if your organization did not receive RCDG funding or actual jobs that would have been lost without assistance from your organization.

- (v) You can also suggest additional performance elements for example where job creation or jobs saved may not be a relevant indicator (e.g. housing). These additional criteria should be specific, measurable performance elements that could be included in an award document.

- (vi) You must describe in the application how you will undertake to do each of the following. We would prefer if you described these undertakings within proposal evaluation criteria to reduce duplication in your application. The specific proposal evaluation criterion where you should address each undertaking is noted below.

- (A) Take all practicable steps to develop continuing sources of financial support for the Center, particularly from sources in the private sector (should be presented under proposal evaluation criterion number 10, utilizing the specific requirements of Section V.B.10);

(B) Make arrangements for the Center's activities to be monitored and evaluated (should be addressed under proposal evaluation criterion number 8 utilizing the specific requirements of Section V.B.8); and

(vii) You should present the Work Plan and Budget proposal element under proposal evaluation criterion number 8, utilizing the specific requirements of Section V.B.8 of this Notice to reduce duplication in your application.

(viii) You should present the Delivery of Cooperative development assistance proposal element under proposal evaluation criterion number 2, utilizing the specific requirements of Section V.B.2 of this Notice.

(ix) You should present the Qualifications of Personnel proposal element under proposal evaluation criterion number 9, utilizing the specific requirements of Section V.B.9 of this Notice.

(x) You should present the Local Support and Future Support proposal elements under proposal evaluation criterion number 10, utilizing the requirements of Section V.B.10 of this Notice.

(xi) Your application will not be considered for funding if you do not address all of the proposal evaluation criteria. See Section V.B. of this Notice for a description of the proposal evaluation criteria.

(xii) Only appendices A–C will be considered when evaluating your application. You must not include resumes of staff or consultants in the application.

f. You must certify that there are no current outstanding Federal judgments against your property and that you will not use grant funds to pay for any judgment obtained by the United States. To satisfy the Certification requirement, you should include this statement in your application: “[INSERT NAME OF APPLICANT] certifies that the United States has not obtained an unsatisfied judgment against its property and will not use grant funds to pay any judgments obtained by the United States.” A separate signature is not required.

g. You must certify that matching funds will be available at the same time grant funds are anticipated to be spent and that expenditures of matching funds are pro-rated or spent in advance of

grant funding, such that for every dollar of the total project cost, not less than the required amount of matching funds will be expended. Please note that this Certification is a separate requirement from the Verification of Matching Funds requirement. To satisfy the Certification requirement, you should include this statement in your application: “[INSERT NAME OF APPLICANT] certifies that matching funds will be available at the same time grant funds are anticipated to be spent and that expenditures of matching funds shall be pro-rated or spent in advance of grant funding, such that for every dollar of the total project cost, at least 25 cents (5 cents for 1994 Institutions) of matching funds will be expended.” A separate signature is not required.

h. You must provide documentation in your application to verify all of your proposed matching funds. The documentation must be included in Appendix A of your application and will not count towards the 40-page limitation. Template letters are available for each type of matching funds contribution at http://www.rurdev.usda.gov/bcp_rcdg.html.

(i) If matching funds are to be provided in cash, you must meet the following requirements.

- You: The application must include a statement verifying (1) the amount of the cash and (2) the source of the cash. You may also provide a bank statement dated 30 days or less from the application deadline date to verify your cash match.

- Third-party: The application must include a signed letter from the third party verifying (1) how much cash will be donated and (2) that it will be available corresponding to the proposed grant period or donated on a specific date within the grant period.

(ii) If matching funds are to be provided by an in-kind donation, you must meet the following requirements.

- You: The application must include a signed letter from you or your authorized representative verifying (1) the nature of the goods and/or services to be donated and how they will be used, (2) when the goods and/or services will be donated (i.e., corresponding to the proposed grant period or to specific dates within the grant period), and (3) the value of the goods and/or services. Please note that most applicant contributions for the RCDG program are considered applicant cash match in accordance with this Notice. If you are unsure, please contact your State Office because identifying your matching funds improperly can affect your scoring.

- Third-Party: The application must include a signed letter from the third party verifying (1) the nature of the goods and/or services to be donated and how they will be used, (2) when the goods and/or services will be donated (i.e., corresponding to the proposed grant period or to specific dates within the grant period), and (3) the value of the goods and/or services.

To ensure that you are identifying and verifying your matching funds appropriately, please note the following:

- If you are paying for goods and/or services as part of the matching funds requirement, the expenditure is considered a cash match, and you must verify it as such. Universities must verify the goods and services they are providing to the project as a cash match and the verification must be approved by the appropriate approval official (i.e., sponsored programs office or equivalent).

- If you have already received cash from a third-party (i.e., Foundation) before the start of your proposed grant period, you must verify this as your own cash match and not as a third-party cash match. If you are receiving cash from a third-party during the grant period, then you must be verifying the cash as a third-party cash match.

- Board resolutions for a cash match must be approved at the time of application.

- You can only consider goods or services for which no expenditure is made as an in-kind contribution.

- If a non-profit or another organization contributes the services of affiliated volunteers, they must follow the third-party, in-kind donation verification requirement for each individual volunteer.

- Expected program income may not be used to fulfill your matching funds requirement at the time you submit your application. However, if you have a contract to provide services in place at the time you submit your application, you can verify the amount of the contract as a cash match.

- The valuation process you use for in-kind contributions does not need to be included in your application, but you must be able to demonstrate how the valuation was derived if you are awarded a grant. The grant award may be withdrawn or the amount of the grant reduced if you cannot demonstrate how the valuation was derived.

- Your negotiated indirect cost rate agreement does not need to be included in your application, but you will be required to provide it if a grant is awarded.

- Approval for indirect costs that are requested in an application without an

approved indirect cost rate agreement is at the discretion of the Agency.

E. Intergovernmental Review of Applications

Executive Order (EO) 12372, "Intergovernmental Review of Federal Programs," applies to this program. This EO requires that Federal agencies provide opportunities for consultation on proposed assistance with State and local governments. Many States have established a Single Point of Contact (SPOC) to facilitate this consultation. For a list of States that maintain a SPOC, please see the White House Web site: http://www.whitehouse.gov/omb/grants_spoc. F. Environmental Review

Applications for financial assistance are subject to an environmental review. However, if your application is for

technical assistance or planning purposes, it is generally excluded from the environmental review process (See 7 CFR 1940.310(e)(1)). We will ensure that any required environmental review is completed prior to approval of an application or obligation of funds.

V. Application Review Information

A. Application and Scoring Process

The State Offices will review applications to determine if they are eligible for assistance based on requirements in 7 CFR Part 4284, subparts A and F, this Notice, and other applicable Federal regulations. If determined eligible, your application will be scored by a panel of USDA employees in accordance with the point allocation specified in this Notice. A recommendation will be submitted to the Administrator to fund applications in highest ranking order. Applications that cannot be fully funded may be offered partial funding at the Agency's discretion.

B. Scoring Criteria

Scoring criteria will follow criteria published at 7 CFR 4284.513 as supplemented below including any amendments made by the Section 6013 of the Food, Conservation, and Energy Act of 2008 (Pub. L. 110-234), which is incorporated by reference in this Notice. The regulatory and statutory criteria are clarified and supplemented below. You should also include information as described in Section IV.C.2.e. (vi) (A)–(C) if you chose to address these items under the scoring criteria. Evaluators will base scores only on the information provided or cross-referenced by page number in each individual evaluation criterion. The maximum amount of points available is 100. Newly established or proposed Centers that do not yet have a track record on which to evaluate the following criteria should refer to the expertise and track records of staff or consultants expected to perform tasks related to the respective criteria. Proposed or newly established Centers must be organized well-enough at time of application to address its capabilities for meeting these criteria.

1. Administrative capabilities (maximum score of 10 points). A panel of USDA employees will evaluate your demonstrated track record in carrying out activities in support of development assistance to cooperatively and mutually owned businesses. b. Personnel and program administration performance measures;

c. Clear written rules of governance; and

d. Experience administering Federal grant funding no later than the last 5 years, including but not limited to past RCDGs. Please list the name of the Federal grant program(s) and the amount(s) of funding received.

We prefer that you provide one chart or table separating out award years. The intention here is for you to provide actual performance numbers based upon award years even though your grant period for the award was for the next calendar or fiscal year. Please provide a narrative explanation if you have not received a RCDG award.

You will score higher on this criterion if you provide more than 3 years of outcomes and can demonstrate that the organizations you assisted within the last 5 years are sustainable. Additional outcome information should be provided on RCDG grants awarded before FY 2010. Please describe specific project(s) when addressing a-e of this paragraph.

Provide the name of the organization(s) established, the date of formation and your role in assisting with the incorporation(s) under this criterion. In addition, documentation verifying the establishment of legal business entities must be included in Appendix C of your application and will not count against the 40-page limit for the narrative. The documentation must include proof that organizational documents were filed with the Secretary of State's Office (i.e. Certificate of Incorporation or information from the State's official Web site naming the entity established and the date of establishment); or if the business entity is not required to register with the Secretary of State, a certification from the business entity that a legal business entity has been established and when. Please note that you are not required to submit articles of incorporation to receive points under this criterion. A panel of USDA employees will evaluate your commitment to providing technical assistance and other services to under-served and economically distressed areas in rural areas of the United States. You will score higher on this criterion if you define and describe the underserved and economically distressed areas within your service area, provide statistics, and identify projects within or affecting these areas, as appropriate.

A chart or table should be provided to describe all matching funds being committed to the project. However, formal documentation to verify all of the matching funds must be included in Appendix A of your application. You will be scored on how you identify your matching funds.

a. If you met the 25 percent (5 percent for 1994 Institutions) matching requirement, points will be assigned as follows:

- In-kind only—1 point,
- Mix of in-kind and cash—3–4

points (maximum points will be awarded if the ratio of cash to in-kind is 30 percent and above of matching funds), or

- Cash only—5 points.

b. If you exceeded the 25 percent (5 percent for 1994 Institutions) matching requirement, points will be assigned as follows:

- In-kind only—2 points,
- Mix of in-kind and cash—6–7

points (maximum points will be awarded if the ratio of cash to in-kind is 30 percent and above of matching funds), or

Matching funds as well as grant funds must be accounted for in the budget.

You must discuss at a minimum:

b. A successful record of conducting accurate feasibility studies, business plans, marketing analysis, or other activities relevant to your success as determined by the tasks identified in the your work plan; and

c. Whether the personnel expected to perform the tasks are full/part-time employees of your organization or are contract personnel.

You will score higher on this criterion if you demonstrate commitment and availability of qualified personnel expected to perform the tasks.

10. Local and Future Support (maximum score of 10 points). A panel of USDA employees will evaluate your application for local and future support. Support should be discussed directly within the response to this criterion.

a. Discussion on local support should include previous and/or expected local support and plans for coordinating with other developmental organizations in the proposed service area or with state and local government institutions. You will score higher if you demonstrate strong support from potential beneficiaries and formal evidence of intent to coordinate with other developmental organizations. You may also submit a maximum of 10 letters of support or intent to coordinate with the application to verify your discussion.
