NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

On March 21, 2014, a Notice of Proposed Rulemaking (NPRM) entitled Special Local Regulation; Stuart Sailfish Regatta, Indian River; Stuart, FL in the **Federal Register** (77 FR 79 FR 15715). We received no comments on the proposed rule. No public meeting was requested, and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Any delay in the effective date of this rule would be contrary to the public interest, because immediate action is necessary to protect the safety of the participants from the dangers associated with other vessels transiting this area while the race occurs.

B. Basis and Purpose

The legal basis for the rule is the Coast Guard's authority to establish special local regulations: 33 U.S.C. 1233. The purpose of the rule is to

provide for the safety of life on the navigable waters of the United States during the Stuart Sailfish Regatta.

C. Discussion of the Final Rule

From May 16 through May 18, 2014, Stuart Sailfish Regatta Inc. will be hosting the Stuart Sailfish Regatta, a series of high-speed boat races. The races will be held on the Indian River located northeast of Ernest F. Lyons Bridge and south of Joes Cove, in Stuart, Florida. Approximately 120 high-speed power boats will be participating in the event. It is anticipated that at least 100 spectator vessels will be present during the event.

The special local regulation will encompass certain navigable waters of the Indian River located northeast of Ernest F. Lyons Bridge and south of Joes Cove, in Stuart, Florida. The special local regulation will be enforced daily from 8 a.m. until 5 p.m. from May 16 through May 18, 2014. The special local regulation will consist of the following three areas: (1) A race area, where all persons and vessels, except those participating in the high-speed boat races, are prohibited from entering, transiting through, anchoring in, or remaining within; (2) a buffer zone around the race area, where all persons and vessels, except those persons and vessels enforcing the buffer zone, or authorized participants or vessels transiting to the race area, are prohibited from entering, transiting through, anchoring in, or remaining within; and (3) a spectator area, where all persons are prohibited from entering the water or swimming in the designated area.

Persons and vessels may request authorization to enter the special local regulated area by contacting the Captain of the Port Miami by telephone at 305-535-4472, or a designated representative via VHF radio on channel 16. If authorization to enter, transit through, anchor in, or remain within the special local regulated area is granted by the Captain of the Port Miami or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the Captain of the Port Miami or the designated representative.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of

Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. The economic impact of this rule is not significant for the following reasons: (1) This special local regulation will be enforced for nine hours a day for three days; (2) non-participant persons and vessels may enter, transit through, anchor in, or remain within the regulated area during their respective enforcement periods if authorized by the Captain of the Port Miami or a designated representative; (3) non-participant persons and vessels not able to enter, transit through, anchor in, or remain within the regulated areas without authorization from the Captain of the Port Miami or a designated representative may operate in the surrounding areas during the respective enforcement periods; and (4) the Coast Guard will provide advance notification of the special local regulation to the local maritime community by Local Notice to Mariners and Broadcast Notice to Mariners.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601-612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule may affect the following entities, some of which may be small entities: The owners or operators of vessels intending to enter, transit through, anchor in, or remain within any of the regulated area during the respective enforcement periods. For the reasons discussed in the Regulatory Planning and Review section above, this rule will not have a significant economic impact on a substantial number of small entities.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in

understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure,

we do discuss the effects of this rule elsewhere in this preamble.

8. *Taking of Private Property*

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. *Civil Justice Reform*

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. *Protection of Children*

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. *Indian Tribal Governments*

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. *Energy Effects*

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. *Technical Standards*

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. *Environment*

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f). The Coast Guard previously completed an environmental assessment for this event and regulation in 2012, as well as conducted a supplemental environmental assessment in 2013. The event and regulation for the 2012 and

2013 occurrences are similar in all aspects to this year’s event and regulation; therefore the same environmental assessment and supplemental environmental assessment are being referenced for this year’s event and regulation. The environmental assessment is available in the docket folder for USCG–2012–0150, and the supplemental environmental assessment is available in the docket folder USCG–2012–0150 at www.regulations.gov. This rule involves establishing a special local regulation that will be enforced from 8 a.m. until 5 p.m. daily May 16 through 18 2014. This rule is categorically excluded from further review under paragraph 34(h) of Figure 2–1 of the Commandant Instruction. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.
