

securities, however, the Equity Series will not qualify for the exemption in paragraph (c) of rule 19b-1. Applicants therefore request an exemption under section 6(c) from section 19(b) and rule 19b-1 to the extent necessary to permit capital gains earned in connection with the sale of portfolio securities to be distributed to Unitholders along with the Equity Series' regular distributions. In all other respects, applicants will comply with section 19(b) and rule 19b-1.

2. Applicants state that their proposal meets the standards of section 6(c). Applicants assert that any sale of portfolio securities would be triggered by the need to meet Trust expenses, Installment Payments, or by redemption requests, events over which the Depositor and the Equity Series do not have control. Applicants further state that, because principal distributions must be clearly indicated in accompanying reports to Unitholders as a return of principal and will be relatively small in comparison to normal dividend distributions, there is little danger of confusion from failure to differentiate among distributions.

Applicants' Conditions

Applicants agree that any order granting the requested relief will be subject to the following conditions:

A. DSC Relief and Exchange and Rollover Options

1. Whenever the Exchange Option or Rollover Option is to be terminated or its terms are to be amended materially, any holder of a security subject to that privilege will be given prominent notice of the impending termination or amendment at least 60 days prior to the date of termination or the effective date of the amendment, provided that: (a) No such notice need be given if the only material effect of an amendment is to reduce or eliminate the sales charge payable at the time of an exchange, to add one or more new Series eligible for the Exchange Option or the Rollover Option, or to delete a Series which has terminated; and (b) no notice need be given if, under extraordinary circumstances, either (i) there is a suspension of the redemption of Units of the Series under section 22(e) of the Act and the rules and regulations promulgated thereunder, or (ii) a Series temporarily delays or ceases the sale of its Units because it is unable to invest amounts effectively in accordance with applicable investment objectives, policies and restrictions.

2. An investor who purchases Units under the Exchange Option or Rollover Option will pay a lower sales charge

than that which would be paid for the Units by a new investor.

3. The prospectus of each Series offering exchanges or rollovers and any sales literature or advertising that mentions the existence of the Exchange Option or Rollover Option will disclose that the Exchange Option and the Rollover Option are subject to modification, termination or suspension without notice, except in certain limited cases.

4. Any DSC imposed on a Series' Units will comply with the requirements of subparagraphs (1), (2) and (3) of rule 6c-10(a) under the Act.

5. Each Series offering Units subject to a DSC will include in its prospectus the disclosure required by Form N-1A relating to deferred sales charges (modified as appropriate to reflect the differences between UITs and open-end management investment companies) and a schedule setting forth the number and date of each Installment Payment.

B. Net Worth Requirement

Applicants will comply in all respects with the requirements of rule 14a-3 under the Act, except that the Equity Series will not restrict their portfolio investments to "eligible trust securities."

For the Commission, by the Division of Investment Management, under delegated authority.

Kevin M. O'Neill,
Deputy Secretary.

SUPPLEMENTARY INFORMATION: The Commission proposes to establish a new system of records, "General Information Technology Records (SEC-67)," and to revise two existing systems of records, "Office of the Chief Accountant Working Files (SEC-28)," and "Office of Inspector General Investigative Files (SEC-43)." The General Information Technology Records (SEC-67) system of records maintains records on all persons who are authorized to access SEC

information or information systems. The purpose of SEC-67 is to provide authentication and authorization to such individuals, to maintain logs, audit trails, and similar data regarding the use of SEC information or information systems, and to enable the Commission to detect, report, and take appropriate action against improper or unauthorized access to such information and systems.

The Office of the Chief Accountant Working Files (SEC-28) contain records related to Accountants; persons associated with accountants and accounting firms; persons associated with SEC registrants, including individuals that submit requests for consultation with the Office of the Chief Accountant and individuals involved with or subjects of SEC investigations; and SEC personnel assigned to work on relevant matters. The Office of the Chief Accountant uses the records in formulating and applying accounting or auditing policies for documents to be filed with the Commission; in determining appropriate recommendations to the Commission relating to the disqualification of accountants to appear and practice before the Commission; to respond to inquiries concerning accounting and auditing matters; and to assist in investigations of possible violations of the federal securities laws. Substantive changes to SEC-28 have been made to the following sections: (1) Categories of Individuals, to clarify specific individuals covered in the records; (2) Categories of Records, modifying to include specific data elements collected on individuals, to include name, mailing address, telephone number and email address; (3) Purpose, stating the purposes of the system; (4) Routine Uses, expanding to include seven new routine uses located at numbers 1, 12, 18-22; and (5) Exemption Claimed for the System, updating to include notice that certain records from this system of records are exempt from the certain provisions of the Privacy Act. This exemption was originally adopted in 40 FR 44068 (September 24, 1975).

The Office of Inspector General Investigative Files (SEC-43) records are compiled by the Office of the Inspector General with respect to individuals, including subjects, complainants, and witnesses, involved in investigations or inquiries relating to SEC programs and operations. The Office of Inspector General uses the records to effectively and efficiently conduct investigations relating to the programs and operations of the SEC, as authorized by the Inspector General Act of 1978, as amended. Substantive changes to SEC-43 have been made to the following

sections: (1) System Location, modifying to reflect the addition of an off-site location for closed investigatory files; (2) Categories of Individuals, clarifying the types of files contained in the system; (3) Categories of Records, providing additional details about the management system and adding additional types of individually identifiable documents; (4) Purpose, clarifying the purpose; and (5) Routine Uses, deleting routine uses previously numbered 5, 13 and 14, revising routine use previously numbered 17, and expanding to include seven new routine uses located at numbers 1, 6, 7, 8, 10, 12, and 13.

The Commission has submitted a report of the new system of records and the amended existing systems of records to the appropriate Congressional Committees and to the Director of the Office of Management and Budget ("OMB") as required by 5 U.S.C. 552a(r) (Privacy Act of 1974) and guidelines issued by OMB on December 12, 2000 (65 FR 77677).
