federal buildings and federal leased buildings'' into a final proposal to GSA. *The Building Labels* task group will develop the motion of a committee member to ''Require building performance labels [for federal buildings], including current energy and environmental performance'' into a final proposal to GSA.

The conference calls will focus on how the task groups can best refine these motions into consensus recommendations of each group to the full Committee, which will in turn decide whether to proceed with formal advice to GSA based upon these recommendations.

September 10, 2014 Meeting Agenda

- Welcome & Plans for Today's Meeting.
- New Member Introduction & Orientation.
- Overview of Committee Work and Election of Committee Chair.
- Net Zero Federal Buildings.
- Working Lunch.
- Federal Building Performance Labels.
- Putting Research Into Practice, and Steps to Adoption.
- Public Comment Period.
- Closing Comments.

Detailed agendas, background information and updates for the meeting and conference calls will be posted on GSA's Web site at *http://www.gsa.gov/gbac.*

Meeting Access: The Committee will convene its September 10, 2014 meeting at the U.S. General Services Administration building, Rooms 1459–1460, 1800 F Street NW., Washington, DC 20405, and the site is accessible to individuals with disabilities.

Dated: May 29, 2014.

Kevin Kampschroer,

Federal Director, Office of Federal High-Performance Green Buildings, General Services Administration.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

[Document Identifier: HHS–OS–0990–0331–60D]

Agency Information Collection Activities; Proposed Collection; Public Comment Request

AGENCY: Office of the Secretary.

ACTION: Notice.

SUMMARY: In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). The ICR is for revision of the approved information collection assigned OMB control number 0990–0331, which expires on August 31, 2015. Prior to submitting that ICR to OMB, OS seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on the ICR must be received on or before August 4, 2014.

FOR FURTHER INFORMATION CONTACT: OS Report Clearance Officer, Sherrette Funn, *Sherrette.Funn@hhs.gov* or (202) 690–6162.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the document identifier HHS–OS–0990–0331–60D for reference.

Information Collection Request Title: Evaluation of the Responsible Fatherhood, Marriage and Family Strengthening Grants for Incarcerated and Reentering Fathers and Their Partners.

Abstract: The Office of the Assistant Secretary for Planning and Evaluation (ASPE) is conducting an evaluation of a demonstration program called Responsible Fatherhood, Marriage and Family Strengthening Grants for Incarcerated and Reentering Fathers and Their Partners (MFS–IP). This demonstration program, funded in 2006 by the Office of Family Assistance within the Administration for Children and Families (ACF), supports marriage strengthening and responsible fatherhood activities among incarcerated and recently released fathers, their partners, and children. The MFS–IP evaluation assesses the effects of these activities by comparing relationship quality and stability, positive family interactions, family financial well-being, recidivism, and community connectedness between intervention and control groups.

Data collection for the entire evaluation is expected to last 7 years, from the time the first participant was enrolled in late 2008 until the last follow-back interview is administered in early 2015. The burden table estimate below, previously approved under OMB No. 0990–0331, includes sufficient burden hours to cover completion of the 9-month, 18-month, and 34 month surveys and for the follow-back interviews. The focus of this proposed amendment is approval for the qualitative follow-back interviews for a small group of respondents (up to 50 couples) from the cohort of 34 month interview respondents.

Need and Proposed Use of the Information: Primary data for the evaluation comes from in-person surveys with incarcerated and released fathers and their partners at baseline, 9, 18, and 34 month interviews and follow-back interviews on a purposeful subsample of 34 month interviewees. The qualitative information from the follow-back interviews will enable us to better understand how reentry success and family well-being are interrelated for the survey population, inform future research and evaluation with this population (particularly development and selection of appropriate quantitative measures of family relationship quality), and better identify meaningful leverage points for reentry intervention. This additional information will assist Federal, state, and community policymakers and stakeholders in understanding what policy and programmatic supports could help to strengthen families and improve reentry outcomes in this population.

Likely Respondents: Up to 50 couples from the MFS–IP impact study sample, which includes 1,991 fathers incarcerated at the time of the baseline survey and 1,481 of their female partners.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information.

ANNUAL BURDEN ESTIMATES

Forms	Annualized number of respondents	Number of responses per respondent	Average burden (in hours) per response	Total annualized burden	Hourly wage rate	Total annualized hourly cost
MFS–IP Follow-up Survey—Male (9 & 18 month)	321	1	1.5	481.5	$5.85	$2816.78
MFS–IP Follow-up Survey—Female (9 & 18 month)	488.3	1	1.5	732.5	17.17	12577.03
MFS–IP Follow-up Survey—Male (34 month and follow-back)	462.7	1	1.5	694	5.85	4059.90
MFS–IP Follow-up Survey—Female (34 month and follow-back)	462.7	1	1.5	694	17.17	11915.98
Totals				2602		31369.69

OS specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Darius Taylor,

Information Collection Clearance Officer.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Healthcare Research and Quality

Agency Information Collection Activities: Proposed Collection; Comment Request; Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

AGENCY: Agency for Healthcare Research and Quality (AHRQ), HHS.

ACTION: Notice.

SUMMARY: As part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery, AHRQ has submitted a Generic Information Collection Request (Generic ICR): ''Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery'' to OMB for approval under the Paperwork Reduction Act (PRA).

DATES: Comments must be submitted August 4, 2014.

ADDRESSES: Written comments should be submitted to: Doris Lefkowitz, Reports Clearance Officer, AHRQ, by email at *doris.lefkowitz@AHRQ.hhs.gov.*

FOR FURTHER INFORMATION CONTACT: To request additional information, please contact: Doris Lefkowitz, AHRQ Reports Clearance Officer, (301) 427–1477, or by email at *doris.lefkowitz@AHRQ.hhs.gov.*

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management. The current clearance was approved on July 24th, 2011 (OMB Control Number 0935–0179) and will expire on July 31st, 2014.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

Below we provide AHRQ's projected average annual estimates for the next three years:

Current Actions: New collection of information. Type of Review: New Collection.

Affected Public: Individuals and Households, Businesses and Organizations, State, Local or Tribal Government.

Average Expected Annual Number of activities: 10.

Respondents: 10,900.

Annual responses: 10,900.

Frequency of Response: Once per request.

The total number of respondents across all 10 activities in a given year is 10,900.

Average minutes per response: 19.

Burden hours: 3,452.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.

Request for Comments

In accordance with the Paperwork Reduction Act, comments on AHRQ's information collection are requested
