

Health Care Services Outreach Grant Program (Outreach); (2) Rural Health Network Development Grant Program (Network Development); (3) Small Healthcare Provider Quality Grant Program (Quality); (4) Delta States Rural Development Network Grant Program (Delta) and (5) Rural Health Network Development Planning Grant Program (Network Planning). These grants are to provide expanded delivery of health care services in rural areas, for the planning and implementation of integrated health care networks in rural areas, and for the planning and implementation of quality improvement and workforce activities. In general, the grants may be used to expand access, coordinate, and improve the quality of essential health care services and enhance the delivery of health care in rural areas.

Need and Proposed Use of the Information: For these programs, performance measures were drafted to provide data useful to the programs and to enable HRSA to provide aggregate program data required by Congress

under the Government Performance and Results Act (GPRA) of 1993. These measures cover the principal topic areas of interest to ORHP, including: (a) Access to care; (b) the underinsured and uninsured; (c) workforce recruitment and retention; (d) sustainability; (e) health information technology; (f) network development; and (g) health related clinical measures. Several measures will be used for all six programs. All measures will speak to the ORHP's progress toward meeting the goals set.

Summary of Prior Comments and Agency Response: A 60-day **Federal Register** Notice was published in the **Federal Register** on March 10, 2014 (see 79 FR13311–12). One comment was received requesting a copy of the data collection plans and draft instruments that are referenced in the 60-day **Federal Register** notice for Rural Health Care Services Outreach Grant Program (Outreach); Rural Health Network Development Grant Program (Network Development); Small Healthcare Provider Quality Grant Program

(Quality); and Rural Health Network Development Planning Grant Program (Network Planning). HRSA provided the draft instruments on March 12, 2014, via email.

Likely Respondents: Award recipients of the programs under the Section 330A of the Public Health Service Act.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

Grant program	Number of respondents	Number of responses per respondent	Total responses	Average burden per response	Total hour burden
Rural Health Care Services Outreach Grant Program	71	1	71	2.00	142.0
Rural Health Network Development	20	1	20	4.00	80.0
Delta States Rural Development Network Grant Program ..	12	1	12	6.00	72.0
Small Health Care Provider Quality Improvement Grant Program	30	1	30	7.25	217.5
Network Development Planning Grant Program	21	1	21	3.00	63.0
Total	154	154	574.5

HRSA specifically requests comments on: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Dated: May 29, 2014.

BILLING CODE 4165–15–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Discretionary Grant Program

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS).

ACTION: Notice of Class Deviation from Competition Requirements for the Maternal and Child Health Bureau's (MCHB) Family-to-Family Health Information Centers (F2F HIC) Program (H84).

SUMMARY: HRSA will be issuing non-competitive awards under the F2F HIC program. Approximately \$5 million will be made available in the form of a grant to current grantees (see below) covering the period of 6/1/2014–5/31/2015. This will provide for an extension of the program, as provided for in Section 1203 of the Pathway for SGR Reform Act

of 2013 (Pub. L. 113–67) and Section 207 of the Protecting Access to Medicare Act of 2014 (Pub. L. 113–93) with the least disruption to the states, communities, and constituencies that currently receive assistance and services from these grantees.

SUPPLEMENTARY INFORMATION:

Intended Recipients of the Awards: The 51 incumbent grantees of record (listed below).

Amount of the Non-Competitive Awards: Up to \$95,700 per grantee.

CFDA Number: 93.504.

Period of Supplemental Funding: 6/1/2014–5/31/2015.

Authority: Section 501(c)(1) of the Social Security Act, as amended.

Justification: The F2F HIC program provides grants to family-run/staffed organizations to ensure families of children with special health care needs have access to adequate information about health and community resources to facilitate informed and shared decision-making around their children's

health care. F2F HICs were originally authorized under the Budget Deficit Reduction Act of 2005 (Pub. L. 109–171). Congress specified that there be a family-run/staffed center in each state and the District of Columbia that, among other tasks, assists families of children with special health care needs to make informed choices about health care in order to promote good treatment decisions, cost effectiveness, and improved health outcomes; and provides information and educational opportunities for families, their health professionals, schools, and other appropriate entities. The earlier law was later amended by the Patient Protection and Affordable Care Act of 2010 (Pub. L. 111–148), which made funding available until fiscal year (FY) 2012. Section 624 of the American Taxpayers Relief Act of 2013 (Pub. L. 112–240) extended the F2F HICs through fiscal year (FY) 2013 with the F2F HIC program scheduled to end on May 31, 2014. As the F2F HIC project period

quickly approached and continued funding was not provided in the President's Budget of FY 2014, the MCHB prepared for closeout of the program.

On December 26, 2013, Section 1203 of the Pathway for SGR Reform Act of 2013 (SGR Reform Act) (Pub. L. 113–67) extended the F2F HICs with \$2.5 million for a portion of FY 2014. Additionally, on April 1, 2014, Section 207 of the Protecting Access to Medicare Act of 2014 (Access to Medicare) (Pub. L. 113–93) extended this program with \$2.5 million for the remainder of FY 2014 and \$2.5 million for a portion of FY 2015.

Under typical circumstances, the project period for the grantees would end on May 31, 2014, and a robust competitive process would take place. However, taking into account the timing of congressional action on SGR Reform within the current fiscal year, MCHB would not have sufficient time to conduct a robust competition and appropriately enact the legislation.

MCHB proposes to extend the project periods of these grants by 12 months to properly respond to direction of the F2F HIC program's extension, enacted in the SGR Reform Act and the Access to Medicare Act. This will provide sufficient fiscal resources to continue programmatic activities as outlined in program authorization with the least disruption to the states, communities, and MCHB constituencies that currently receive assistance and services from these grantees. Delaying the competition until FY 2015 ensures continuity of funding for all eligible entities, with no eligible entity being adversely impacted by the extension.
