

standard for VOM granted to Royal Fiberglass Pools, Inc. (Royal), for the facility located in Dix, Illinois. EPA approved the adjusted standard for Royal on June 27, 2011. Due to a change in ownership, the facility is now owned by Latham Pool Products, Inc., d/b/a Viking Pools. The revision amends the adjusted standard for VOM currently approved in the SIP for the facility to reflect the change in ownership. This revision does not change any of the VOM control requirements and will not result in an increase in VOM emissions at the facility.

Revisions to the California State Implementation Plan, Placer County Air Pollution Control District (PCAPCD) and South Coast Air Quality Management District (SCAQMD)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve revisions to the Placer County Air Pollution Control District (PCAPCD) and South Coast Air Quality Management District (SCAQMD) portions of the California State Implementation Plan (SIP). These revisions concern volatile organic compound (VOC) emissions from the manufacture of medium density fiberboard, melamine and phenol resins used in plasticizing paper and oxides of nitrogen (NO_x) emissions from stationary internal combustion engines. We are proposing to rescind local rules that regulate these emission sources under the Clean Air Act (CAA or the Act).

DATES: Any comments on this proposal must arrive by August 13, 2014.

ADDRESSES: Submit comments, identified by docket number EPA-R09-OAR-2014-0323, by one of the following methods:

1. *Federal eRulemaking Portal*: www.regulations.gov. Follow the on-line instructions.

2. *Email*: steckel.andrew@epa.gov.

3. *Mail or Deliver*: Andrew Steckel (Air-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Instructions: All comments will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through www.regulations.gov or email.

www.regulations.gov is an "anonymous access" system, and EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send email directly to EPA, your email address will be automatically captured and included as part of the public comment. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: Generally, documents in the docket for this action are available electronically at www.regulations.gov and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105-3901. While all documents in the docket are listed at www.regulations.gov, some information may be publicly available only at the hard copy location (e.g., copyrighted material, large maps), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Arnold Lazarus, EPA Region IX, (415) 972-3024, lazarus.arnold@epa.gov.

SUPPLEMENTARY INFORMATION: This proposal addresses the following local rules: PCAPCD Rule 229, "Fiberboard Manufacturing;" PCAPCD Rule 230, "Plastic Products and Materials—Paper Treating Operations;" and SCAQMD Rule 1110, "Emissions From Stationary Internal Combustion Engines (Demonstration)." In the Rules and Regulations section of this **Federal Register**, we are rescinding these local

rules in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comments on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: May 30, 2014.

Magnuson-Stevens Act Provisions; Environmental Review Process for Fishery Management Actions

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; withdrawal.

SUMMARY: NMFS withdraws a proposed rule that would have established new regulations pertaining to compliance with the National Environmental Policy Act (NEPA) in the context of fishery management actions developed pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (MSA). Instead of going forward with a final rule directly resulting from the 2008 proposed rule, NMFS issued an internal policy on February 19, 2013. This policy, entitled "National Environmental Policy Act Compliance for Council-Initiated Fishery Management Actions under the Magnuson-Stevens Act" clarifies roles and responsibilities of NMFS and the Regional Fishery Management Councils (Councils), explains timing and procedural linkages, provides guidance on documentation needs, and fosters partnerships and cooperation between NMFS and Councils on NEPA compliance.

NMFS consulted with the Councils and with the Council on Environmental Quality (CEQ) on proposed revisions to the 2013 NMFS NEPA policy directive, and based on those consultations NMFS now proposes to use this policy as a basis for issuing revised and updated NEPA procedures for MSA actions in the form of a line-office supplement to NOAA Administrative Order (NAO) 216-6. On June 30, 2014, NMFS published a **Federal Register** notice of availability of the draft revised and updated NEPA procedures for MSA actions and requested public comments, with a 90-day public comment period.
