Availability of Final Written Reevaluation and Record of Decision for the Proposed West Aircraft Maintenance Area at Los Angeles International Airport, Los Angeles, Los Angeles County, California

AGENCY: Federal Aviation Administration, Department of Transportation (DOT).

ACTION: Notice of Availability of Final Written Reevaluation and Record of Decision.

SUMMARY: The Federal Aviation Administration (FAA) is issuing this notice to advise the public of the availability of the Final Written Reevaluation and Record of Decision for a minor adjustment to a project evaluated in FAA's 2005 Final Environmental Impact Statement (FEIS) for the LAX Master Plan is available for public inspection. The Final Written Reevaluation and Record of Decision was prepared for the construction and

operation of the proposed West Aircraft Maintenance Area (WAMA) west of Taxiway AA in the southwest quadrant of Los Angeles International Airport, Los Angeles, California. FAA is making the Final Written Reevaluation and Record of Decision available for public inspection.

SUPPLEMENTARY INFORMATION: In December 2004, the Los Angeles City Council approved the Master Plan for Los Angeles International Airport (LAX). From this Master Plan, the City of Los Angeles, through its Airport Department—Los Angeles World Airports (LAWA), prepared an Airport Layout Plan (ALP). The ALP depicts the existing and planned future locations of runways, taxiways, aircraft parking aprons, terminal buildings and other associated facilities on the airport. At the time the ALP was prepared, the LAWA's and Federal Aviation Administration's (FAA) focus was on airfield safety to reduce runway incursions. A minor component of the Master Plan included aircraft maintenance. The ALP depicts various existing hangar buildings to be demolished and aircraft maintenance to be consolidated into the southwest quadrant of the airport on the east side of a north/south taxiway called "Taxiway AA."

LAWA proposes to adjust its LAX ALP to depict the proposed West Aircraft Maintenance Area (WAMA) on the west side of Taxiway AA rather than the east side as originally proposed in the 2005 Final EIS. In May 2014, the FAA prepared a Draft Written Reevaluation for a minor adjustment to a project evaluated in its 2005 Final Environmental Impact Statement (EIS) for the LAX Master Plan pursuant to the National Environmental Policy Act of 1969.

FAA made the Draft Written Reevaluation available to the public and governmental agencies for review and comment from April 25 through May 30, 2014. FAA did not receive any comments on the Draft Written Reevaluation.

SUPPLEMENTARY INFORMATION: In accordance with the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR 21), Public Law 106-181 (Apr. 5, 2000; 114 Stat. 61), this notice must be published in the **Federal Register** not less than 30 days before the Secretary may waive any condition imposed on a federally obligated airport by grant agreements. The FAA invites public comment on the request to a land release and exchange at the Manchester-Boston Regional Airport for use as wetland mitigation under the provisions of AIR 21.

The Manchester-Boston Regional Airport has requested to release approximately 1.0 acres of airport land from federal obligations and to exchange that acre with approximately 4.3 acres of land currently owned by the Peter J. King Irrevocable Trust of 1988. The 1.0 acres to be released was purchased by the Airport as part of the Trolley Crossing mitigation site for the Airport's previous extension of Runway 35, and is located in the Town of Londonderry, Rockingham County, NH. The parcel is part of a larger property parcel currently depicted on the Airport Layout Plan of record as Number 64. That larger parcel is identified as Town of Londonderry, Rockingham County, Tax Map 14, Lot 49-1. The 1.0 acres in question is located within the larger parcel, and is considered "buffer" to the wetland portion of the Trolley Crossing mitigation site. The approximately 4.3 acres of land that would be exchanged and given to the Airport from the Trust is similar in nature and also serves as buffer to the wetland portion of the Trolley Crossing mitigation site. That 4.3 acre parcel is also located in the Town of Londonderry, NH, within the parcel identified as Tax Map 14, Lot 49.

The Airport has requested this exchange to allow Prologis Management, LLC, to lease and develop approximately 48 acres of the Trust property for a logistics center. The 1.0
