

capital ratio data item in projected quarters two (1st quarter 2015) through nine (4th quarter 2016) for each scenario for the 2015 stress test cycle.

The OCC also proposes several clarifications to the reporting instructions including: Indicating that the Scenario Variables Schedule would be collected as a reporting form in Reporting Central (instead of as a file submitted in Adobe Acrobat PDF format) and clarifying how the supporting qualitative information should be organized.

The OCC has worked closely with the Board and the Federal Deposit Insurance Corporation to make the agencies' respective rules implementing the annual stress testing requirements under the Dodd-Frank Act consistent and comparable by requiring similar standards for scope of application, scenarios, data collection and reporting forms. The OCC also has worked to minimize any potential duplication of effort related to the annual stress test requirements.

Type of Review: Revision to an existing collection.

Affected Public: Businesses or other for-profit.

Burden Estimates:

Estimated Number of Respondents: 29.

Estimated Total Annual Burden: 13,601 hours.

The burden for each \$10 to \$50 billion covered institution that completes the revised results template is estimated to be 445 hours for a total of 12,905 hours. The proposed revisions are estimated to add 5 hours of additional burden per respondent, increasing the burden from 440 hours to 445 hours. This burden includes 20 hours to input these data and 425 hours for work related to modeling efforts. The estimated revised burden for each \$10 to \$50 billion covered institution that completes the annual DFAST Scenarios Variables Template is estimated to be 24 hours for a total of 696 hours.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) The accuracy of the OCC's estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and,

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
