

(5) Quality assessment and improvement; (6) Continuum of care and referral processes; (7) Clinician training, support, and service delivery; (8) Competently addressing developmental, cultural, and personal differences; (9) Interdisciplinary collaboration and communication; and (10) Community coordination. **The School Mental Health Capacity Instrument** is a 27-item scale that assesses the capacity of schools to address the mental health needs of students. The schools can be rated along

a continuum using the three individual subscales of intervention, early recognition & referral, or prevention & promotion. In addition, the total sum of all three scales provides an overall measure of capacity. The intervention subscale looks at training, protocols, and the designation of specific follow-up procedures for children referred for mental health services. Early recognition and referral covers universal screenings for potential problems, and communication between staff members to discuss students who may be

experiencing mental health concerns. Finally, prevention and promotion looks at the efforts focused on student's social-emotional development. A total of 2,100 persons will be invited to complete the survey annually and it is estimated that completion of the survey will take on average 25 minutes.

Internet-based technology will be used for collecting data via Web-based surveys, and for data entry and management. The average annual respondent burden is estimated below.

TABLE 1—ESTIMATES OF ANNUALIZED HOUR BURDEN

Type of respondents	Instrument	Number of respondents	Responses per respondent	Average hours per respondent	Total annual hour burden
Planning, Collaboration & Participation Study					
Key project staff at state level (e.g., project coordinators, evaluators), SMT members.	State Kills	14	1	1	14

Program and school staff working at the school level.	School-Level Survey	* 2,100	1	.45	945
Total	3,093	1,556

* 10 respondents will participate in up to 10 schools in each of the 21 LEAs.

The estimate reflects the average annual number of respondents, the average annual number of responses, the time it will take for each response, and the average annual burden. The number of grantees in each year is assumed to be constant.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Authority to Accept Unsolicited Proposals for Research Partnerships.

OMB Approval Number: Pending.

Type of Request: New Request.

The notice published in the **Federal Register** on Friday, March 21, 2014 authorizes HUD's Office of Policy Development and Research (PD&R) to enter into non-competitive cooperative agreements for research partnerships that are aligned with PD&R's research priorities and where HUD can gain value by having substantial involvement in the research activity. To facilitate the proposal review process, all proposals must include the following types of information:

- The name of the entity(s) submitting the proposal;

- Submitting entity's DUNS and EIN numbers;
 - The name, phone number and email address of a contact person(s);
 - The amount of HUD funding being requested in a detailed budget and narrative;
 - The amount of the cost share and the names of the entities contributing to it;
 - A clear description of the research project, including the research question(s) being addressed and the methodology being used;
 - If HUD data will be required for the proposed research project, a clear description of the data requirements should be provided. Please note that if the data requested involves personally identifiable information (PII), a data license agreement will be required;
 - An explanation of the project's alignment with one of the research priorities listed in this notice;
 - A detailed project budget with proposed line items including the HUD share and the contributions of any partners and the submitting institution.
- Proposals for research partnerships that have already been submitted to HUD as part of a grant competition are ineligible as the subject of a non-competitive cooperative agreement.

Protection of Human Research Subjects

HUD will require successful applicants to comply with requirements of the federal Common Rule (45 CFR part 46) for protecting human research

subjects when applicable. Compliance may require grantees to seek review and approval of research plans by an Institutional Review Board (IRB). For research requiring an IRB review, work plans shall identify the IRB that the awardee will use and factor in the necessary cost and time involved in that review. HUD will require awardees to provide appropriate assurances and certifications of compliance before human subjects research begins.

For an applicant to receive an award, they must, prior to award, complete the following submissions:

Description of the need for the information and proposed use: PD&R intends to establish cooperative agreements with qualified for-profit and non-profit research organizations and universities to conduct research, demonstrations, and data analysis. To assess qualified organizations for cooperative research, PD&R must collect information about the qualifications and capacity of organizations that apply under the notice published in the **Federal Register**.

Estimation of the Total Number of Hours Needed To Prepare the Information Collection Including Number of Respondents, Frequency of Response, and Hours of Response

Information pursuant to grant award will be submitted once a year. The following chart details the respondent burden on an annual and quarterly basis:

Information collection	Number of respondents	Responses per annum	Burden hour per response	Annual burden hours
Quarterly Reports	25	100	8	800
Final Reports	10	10	12	120
Recordkeeping	25	25	5	125
Total	60	135	25	1045

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those

who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: 12 U.S.C. 1701z-1 Research and Demonstrations.

Dated: July 11, 2014.

Katherine M. O'Regan,

Assistant Secretary for Policy, Development and Research.
