Foreign-Trade Zones Board

[B-50-2014]

Foreign-Trade Zone 124—Gramercy, Louisiana; Application for Expansion of Subzone 124H; Bollinger Shipyards, Inc.

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Port of South Louisiana, grantee of FTZ 124, requesting the expansion of Subzone 124H located at the facilities of Bollinger Shipyards, Inc., in Golden Meadow, Louisiana. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on July 17, 2014.

The grantee proposes to expand Subzone 124H-Site 10 to include an additional 46.212 acres. The additional acreage is located at 236 A. T. Gisclair Road in Golden Meadow. No changes to the subzone's existing production authority have been requested at this time.

In accordance with the FTZ Board's regulations, Camille Evans of the FTZ Staff is designated examiner to review the application and make recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is September 3, 2014. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to September 18, 2014.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Camille Evans at Camille.Evans@trade.gov or (202) 482-2350.

Dated: July 17, 2014.

Andrew McGilvray,
Executive Secretary.

Foreign-Trade Zones Board

[B-51-2014]

Foreign-Trade Zone 122—Corpus Christi, Texas; Application for Reorganization (Expansion of Service Area) Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Port of Corpus Christi, Authority, grantee of FTZ 122, requesting authority to reorganize the zone to expand its service area under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the FTZ Board's standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on July 18, 2014.

FTZ 122 was approved by the FTZ Board on September 5, 1985 (Board Order 310, 50 FR 38020, 9/19/1985) and reorganized under the ASF on July 16, 2013 (Board Order 1907, 78 FR 44523-44524, 7/24/2013). The zone currently has a service area that includes Nueces, San Patricio, Aransas, Jim Wells, Kleberg and Bee Counties, Texas.

The applicant is now requesting authority to expand the service area of the zone to include Refugio County, Texas, as described in the application. If approved, the grantee would be able to serve sites throughout the expanded service area based on companies' needs for FTZ designation. The proposed expanded service area is adjacent to the Corpus Christi Customs and Border Protection port of entry.

In accordance with the FTZ Board's regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is September 23, 2014. Rebuttal comments in response to material submitted during the foregoing period may be

submitted during the subsequent 15-day period to October 8, 2014.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Camille Evans at Camille.Evans@trade.gov or (202) 482-2350.

Dated: July 18, 2014.

Andrew McGilvray,
Executive Secretary.

International Trade Administration

[A-570-898]

Chlorinated Isocyanurates From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2012-2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on chlorinated isocyanurates (chlorinated isos) from the People's Republic of China (PRC). The period of review (POR) is June 1, 2012, through May 31, 2013. This administrative review covers five producers/exporters: (1) Arch Chemicals (China) Co. Ltd. (Arch China); (2) Hebei Jiheng Chemical Co., Ltd. (Jiheng); (3) Heze Huayi Chemical Co. Ltd. (Heze); (4) Juancheng Kangtai Chemical Co., Ltd. (Kangtai); and (5) Zhucheng Taisheng Chemical Co., Ltd. (Zhucheng). Jiheng and Kangtai are the two producers/exporters being individually examined as mandatory respondents. We preliminarily determine that Jiheng and Kangtai made sales in the United States at prices below normal value (NV). Interested parties are invited to comment on these preliminary results.

DATES: Effective: July 25, 2014.

FOR FURTHER INFORMATION CONTACT: Sean Carey, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW.,

Washington, DC 20230; telephone: (202) 482-3964.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The products covered by the order are chlorinated isos, which are derivatives of cyanuric acid, described as chlorinated s-triazine triones.¹ Chlorinated isos are currently classifiable under subheadings 2933.69.6015, 2933.69.6021, 2933.69.6050, 3808.40.50, 3808.50.40 and 3808.94.5000 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided for convenience and customs purposes only; the written product description of the scope of the order is dispositive.

Methodology

The Department has conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). Export prices have been calculated in accordance with section 772 of the Act. Because the PRC is a non-market economy within the meaning of section 771(18) of the Act, normal value has been calculated in accordance with section 773(c) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum, which is hereby adopted by this notice.

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's centralized electronic service system ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Department's Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

¹ For a complete description of the Scope of the Order, see Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Decision Memorandum for the Preliminary Results of the 2012-2013 Antidumping Duty Administrative Review: Chlorinated Isocyanurates from the People's Republic of China," dated concurrently with this notice (Preliminary Decision Memorandum).

Preliminary Results of Review

The Department preliminarily determines that the following weighted-average dumping margins exist:

Exporter	Weight-average dumping margin percentage
Arch Chemicals (China) Co. Ltd *	21.51
Hebei Jiheng Chemical Co., Ltd	0.00
Juancheng Kangtai Chemical Co., Ltd	43.01
Heze Huayi Chemical Co. Ltd *	21.51
Zhucheng Taisheng Chemical Co., Ltd *	21.51

* The rate for these companies is the simple average of the calculated antidumping duty rates for Jiheng and Kangtai.

Disclosure and Public Comment

The Department intends to disclose calculations performed for these preliminary results to the parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit written comments by no later than 30 days after the date of publication of these preliminary results of review.² Rebuttals to written comments may be filed by no later than five days after the written comments are filed.³

Any interested party may request a hearing within 30 days of publication of this notice.⁴ Hearing requests should contain the following information: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.⁵

The Department intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in any such comments, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act unless this deadline is extended.

Assessment Rates

Upon issuing the final results of this new shipper review, the Department shall determine, and U.S. Customs and

Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries covered by this review.⁶ The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this new shipper review.

Where appropriate, we calculated an *ad valorem* rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total entered values associated with those transactions. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting *ad valorem* rate against the entered customs values for the subject merchandise.

Where appropriate, we calculated a per-unit rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total sales quantity associated with those transactions. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting per-unit rate against the entered quantity of the subject merchandise. If an importer- (or customer-) specific assessment rate is *de minimis* (i.e., less than 0.50 percent), the Department will instruct CBP to assess that importer (or customer's) entries of subject merchandise without regard to antidumping duties. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this review.

Also, the Department recently announced a refinement to its assessment practice in NME cases.⁷ Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate.⁸ Additionally, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (i.e., at that exporter's rate) will be liquidated at the PRC-wide rate.⁹

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments

⁶ See 19 CFR 351.212(b)(1).

⁷ For a full discussion of this practice, see *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011).

⁸ *Id.*

⁹ *Id.*

² See 19 CFR 351.309(c); see also 19 CFR 351.303 (for general filing requirements).

³ See 19 CFR 351.309(d).

⁴ See 19 CFR 351.310(c).

⁵ See 19 CFR 351.310(d).

of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporter's listed above, the cash deposit rate will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, a zero cash deposit rate will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the existing producer/exporter-specific combination rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be eligible for a separate rate, the cash deposit rate will be the PRC-wide rate of 285.63 percent;¹⁰ and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 19 CFR 351.221(b)(4).

Dated: July 17, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Calcium Hypochlorite From the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* July 25, 2014.

SUMMARY: The Department of Commerce ("Department") preliminarily determines that calcium hypochlorite from the People's Republic of China ("PRC") is being, or is likely to be, sold in the United States at less than fair value ("LTFV"), as provided in section 733 of the Tariff Act of 1930, as amended ("the Act"). The period of investigation ("POI") is April 1, 2013, through September 30, 2013. The estimated margin of sales at LTFV is shown in the "Preliminary Determination" section of this notice. In accordance with 19 CFR 351.210(b)(2), the final determination will be issued 135 days after the date of publication of this preliminary determination in the **Federal Register**. Interested parties are invited to comment on this preliminary determination.

FOR FURTHER INFORMATION CONTACT:

Kabir Archuleta, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2593.

SUPPLEMENTARY INFORMATION:

Scope of the Investigation

The product covered by this investigation is calcium hypochlorite, regardless of form (e.g., powder, tablet (compressed), crystalline (granular), or in liquid solution), whether or not blended with other materials, containing at least 10% available chlorine measured by actual weight. The scope also includes bleaching

powder and hemibasic calcium hypochlorite.

Calcium hypochlorite has the general chemical formulation $\text{Ca}(\text{OCl})_2$, but may also be sold in a more dilute form as bleaching powder with the chemical formulation, $\text{Ca}(\text{OCl})_2 \cdot \text{CaCl}_2 \cdot \text{Ca}(\text{OH})_2 \cdot 2\text{H}_2\text{O}$ or hemibasic calcium hypochlorite with the chemical formula of $2\text{Ca}(\text{OCl})_2 \cdot \text{Ca}(\text{OH})_2$ or $\text{Ca}(\text{OCl})_2 \cdot 0.5\text{Ca}(\text{OH})_2$. Calcium hypochlorite has a Chemical Abstract Service ("CAS") registry number of 7778-54-3, and a U.S. Environmental Protection Agency ("EPA") Pesticide Code ("PC") Number of 014701. The subject calcium hypochlorite has an International Maritime Dangerous Goods ("IMDG") code of Class 5.1 UN 1748, 2880, or 2208 or Class 5.1/8 UN 3485, 3486, or 3487.

Calcium hypochlorite is currently classifiable under the subheading 2828.10.0000 of the Harmonized Tariff Schedule of the United States ("HTSUS"). The subheading covers commercial calcium hypochlorite and other calcium hypochlorite. When tableted or blended with other materials, calcium hypochlorite may be entered under other tariff classifications, such as 3808.94.5000 and 3808.99.9500, which cover disinfectants and similar products. While the HTSUS subheadings, the CAS registry number, the U.S. EPA PC number, and the IMDG codes are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

Methodology

The Department conducted this investigation in accordance with section 731 of the Act. Because all mandatory respondents in this investigation either withdrew from the proceeding or did not cooperate to the best of their ability with the Department's requests for information, the Department preliminarily determines that the application of adverse facts available ("AFA") is warranted for this preliminary determination, in accordance with section 776 of the Act and 19 CFR 351.308.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum hereby adopted by this notice.¹ The Preliminary
