SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-72654; File No. SR-NASDAQ-2014-034]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Order Instituting Proceedings To Determine Whether To Disapprove a Proposed Rule Change Relating to Proposed Changes To Remove From the Exchange Rules Fee Provisions Regarding Re-Transmission of "Third-Party Data"

July 22, 2014.

I. Introduction

On April 7, 2014, The NASDAQ Stock Market LLC ("NASDAQ" or the "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to remove from its rules all provisions relating to the market data feeds that NASDAQ receives from other registered exchanges and other non-NASDAQ sources and then re-transmits to its co-located firms, including the provisions setting fees for providing this market data to its co-located firms. The proposed rule change was published for comment in the **Federal Register** on

April 28, 2014.³ The Commission received no comments on the proposal. On June 5, 2014, the Commission extended the time to act on the proposal until July 25, 2014. This order institutes proceedings under Section 19(b)(2)(B) of the Act⁴ to determine whether to disapprove the proposed rule change.

II. Description of the Proposal

NASDAQ offers co-location services for clients at its co-location facility. NASDAQ Rule 7034 lists the services and the fees provided under its co-location program, which include cabinet space, electric power, installation and use of cables, and connectivity to various affiliated market centers. NASDAQ Rule 7034 also offers co-located clients connectivity to market data feeds from a variety of sources and lists the fees for these market data feeds.

The current proposal would remove from NASDAQ's rules the provisions relating to all third-party market data feeds (*i.e.*, all market data feeds other than NASDAQ's own market data feeds) that NASDAQ makes available to co-located member firms. NASDAQ does not propose to cease offering third-party data feeds to its co-located clients or to cease assessing the associated fees; it simply proposes to eliminate these offerings and fees from the NASDAQ rulebook.

NASDAQ argues that this proposed change is consistent with the Act because third-party data feeds are not a "facility" of the Exchange.⁵ As described in the Notice,⁶ NASDAQ argues that the third-party data it provides to its co-located member firms are facilities of the exchanges that originally produce the data, not a facility of an exchange that receives and distributes the data as a voluntary service to its member firms.

III. Proceedings To Determine Whether To Disapprove SR-NASDAQ-2014-034 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act⁷ to determine whether the proposal should be disapproved. Institution of such proceedings is appropriate at this time in view of the legal and policy issues raised by the proposals. Institution of disapproval proceedings does not

indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described in greater detail below, the Commission seeks and encourages interested persons to provide additional comment on the proposal.

Pursuant to Section 19(b)(2)(B),⁸ the Commission is providing notice of the grounds for disapproval under consideration. NASDAQ's proposal, if approved, would allow a national securities exchange to offer third-party market data (*e.g.*, the proprietary data feeds of other exchanges in the National Market System) to member firms that are co-located on the exchange's premises at its trading facilities, and to charge fees for that market data, without Commission oversight through the proposed rule change process. An exchange's provision of third-party market data feeds to co-located clients appears to be an integral feature of its co-location program, and co-location programs are subject to the rule filing process. The Commission believes that permitting exchanges to provide third-party data feeds to co-located clients without subjecting the offerings and associated fees to review through the Rule 19b-4 process presents a novel issue that warrants further consideration.

Accordingly, the Commission is instituting proceedings to allow for additional analysis of, and input from commenters with respect to, the proposed rule change's consistency with Section 3(a)(2) of the Act, which defines the term "facility" when used with respect to an exchange to include its premises, tangible or intangible property whether on the premises or not, any right to the use of such premises or property or any service thereof for the purpose of effecting or reporting a transaction on an exchange (including, among other things, any system of communication to or from the exchange, by ticker or otherwise, maintained by or with the consent of the exchange), and any right of the exchange to the use of any property or service; Section 6(b)(1) of the Act, which requires that a national securities exchange be so organized and have the capacity to be able to carry out the purposes of the Act; Section 6(b)(4) of the Act, which requires that the rules of an exchange provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities; Section 6(b)(5) of the Act, which requires that the rules of an exchange be designed to prevent fraudulent and manipulative

acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market system, and in general to protect investors and the public interest; and Section 6(b)(8), which requires that the rules of an exchange not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

IV. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and arguments with respect to the concerns identified above, as well as any others they may have with the proposed rule change. In particular, the Commission invites the written views of interested persons concerning whether the proposed rule change is inconsistent with Sections 3(a)(2), 6(b)(1), 6(b)(4), 6(b)(5), and 6(b)(8) of the Act or any other provision of the Act, or the rules and regulation thereunder. Although there do not appear to be any issues relevant to approval or disapproval which would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b-4, any request for an opportunity to make an oral presentation.⁹

Interested persons are invited to submit written data, views, and arguments regarding whether the proposed rule changes should be [approved or] disapproved by August 18, 2014. Any person who wishes to file a rebuttal to any other person's submission must file that rebuttal by September 2, 2014.

[Release No. 34-72649; File No. SR-FINRA-2014-020]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Order Approving a Proposed Rule Change To Adopt FINRA Rule 2081, Prohibited Conditions Relating to Expungement of Customer Dispute Information

July 22, 2014.

I. Introduction

On April 14, 2014, the Financial Industry Regulatory Authority, Inc.

(“FINRA”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b-4 thereunder, ² a proposed rule change to adopt Rule 2081 to prohibit member firms and associated persons from conditioning or seeking to condition settlement of a dispute with a customer on, or to otherwise compensate the customer for, the customer's agreement to consent to, or not to oppose, the firm's or associated person's request to expunge the customer dispute information which was the subject of the settlement from the Central Registration Depository (CRD®). The proposal was published for comment in the **Federal Register** on April 23, 2014.³ The Commission received 15 comments on the proposal.⁴ The Commission also received a letter from FINRA responding to commenters.⁵ This order approves the proposed rule change.

II. Description of the Proposal

A. Background

The CRD is the central licensing and registration system for the securities industry. In general, information in the CRD is provided by broker-dealers, associated persons, and regulatory authorities in response to questions on the uniform registration forms.⁶ These forms require the disclosure of administrative and disciplinary information about registered personnel, including customer complaints, arbitration claims, and court filings made by customers, and the arbitration awards or court judgments that may result from those claims or filings (“customer dispute information”).⁷ FINRA, state regulators, and other regulators use this information in connection with their licensing and regulatory activities. Firms also use the information when making hiring decisions. In addition, the information that FINRA releases to the public through BrokerCheck® is a subset of the information in the CRD. Thus, any
