

address, telephone number, and optional mailing address. The cover letter will not be publicly viewable as long as it does not include any comments.

Include contact information each time you submit comments, data, documents, and other information to DOE. If you submit via mail or hand delivery/courier, please provide all items on a CD, if feasible, in which case it is not necessary to submit printed copies. No telefacsimiles (faxes) will be accepted.

Comments, data, and other information submitted to DOE electronically should be provided in PDF (preferred), Microsoft Word or Excel, WordPerfect, or text (ASCII) file format. Provide documents that are not secured, written in English, and are free of any defects or viruses. Documents should not contain special characters or any form of encryption and, if possible, they should carry the electronic signature of the author.

Confidential Business Information. Pursuant to 10 CFR 1004.11, any person submitting information that he or she believes to be confidential and exempt by law from public disclosure should submit via email, postal mail, or hand delivery/courier two well-marked copies: One copy of the document marked "confidential" including all the information believed to be confidential, and one copy of the document marked "non-confidential" with the information believed to be confidential deleted. Submit these documents via email or on a CD, if feasible. DOE will make its own determination about the confidential status of the information and treat it according to its determination. Confidential information should be submitted to the Confidential QER email address: QERConfidential@hq.doe.gov.

Factors of interest to DOE when evaluating requests to treat submitted information as confidential include: (1) A description of the items; (2) whether and why such items are customarily treated as confidential within the industry; (3) whether the information is generally known by or available from other sources; (4) whether the information has previously been made available to others without obligation concerning its confidentiality; (5) an explanation of the competitive injury to the submitting person which would result from public disclosure; (6) when such information might lose its confidential character due to the passage of time; and (7) why disclosure of the information would be contrary to the public interest. It is DOE's policy that all comments may be included in the public docket, without change and as received, including any personal

information provided in the comments (except information deemed to be exempt from public disclosure).

Issued in Washington, DC, on August 7, 2014.

Michele Torrusio,

*QER Secretariat, QER Interagency Task Force,
U.S. Department of Energy.*

DEPARTMENT OF ENERGY

President's Council of Advisors on Science and Technology

AGENCY: Department of Energy.

ACTION: Notice of open teleconference.

SUMMARY: This notice sets forth the schedule and summary agenda for an open conference call of the President's Council of Advisors on Science and Technology (PCAST) and describes the functions of the Council. Notice of this meeting is required under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. The purpose of this conference call is to discuss PCAST's education information technology and nanotechnology reports.

DATES: The public conference call will be held on Thursday, August 28, 2014 from 11:45 a.m. to 12:30 p.m., Eastern Time (ET). To receive the call-in information, attendees should register for the conference call on the PCAST Web site, <http://www.whitehouse.gov/ostp/pcast>, no later than 12:00 p.m. ET on Tuesday, August 26, 2014.

FOR FURTHER INFORMATION CONTACT:

Information regarding the call agenda, time, and how to register for the call is available on the PCAST Web site at: <http://whitehouse.gov/ostp/pcast>. Questions about the conference call should be directed to Dr. Knatokie Ford, PCAST AAAS S&T Policy Fellow, by email at: kford@ostp.eop.gov, or telephone at: (202) 456-4444.

SUPPLEMENTARY INFORMATION: The President's Council of Advisors on Science and Technology (PCAST) is an advisory group of the Nation's leading scientists and engineers, appointed by the President to augment the science and technology advice available to him from inside the White House and from cabinet departments and other Federal agencies. See the Executive Order at <http://www.whitehouse.gov/ostp/pcast>. PCAST is consulted about and provides analyses and recommendations concerning a wide range of issues where understandings from the domains of science, technology, and innovation may bear on the policy choices before

the President. PCAST is co-chaired by Dr. John P. Holdren, Assistant to the President for Science and Technology, and Director, Office of Science and Technology Policy, Executive Office of the President, The White House; and Dr. Eric S. Lander, President, Broad Institute of the Massachusetts Institute of Technology and Harvard.

Type of Meeting: Open.

Proposed Schedule and Agenda: The President's Council of Advisors on Science and Technology (PCAST) is scheduled to hold a conference call in open session on August 28, 2014 from 11:45 a.m. to 12:30 p.m., Eastern Time (ET).

During the conference call, PCAST will discuss its education information technology and nanotechnology reports. Additional information and the agenda, including any changes that arise, will be posted at the PCAST Web site at: <http://whitehouse.gov/ostp/pcast>.

Public Comments: It is the policy of the PCAST to accept written public comments of any length and to accommodate oral public comments whenever possible. The PCAST expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements.

The public comment period for this meeting will take place on August 28, 2014 at a time specified in the meeting agenda posted on the PCAST Web site at <http://whitehouse.gov/ostp/pcast>. This public comment period is designed only for substantive commentary on PCAST's work, not for business marketing purposes.

Oral Comments: To be considered for the public speaker list at the meeting, interested parties should register to speak at <http://www.whitehouse.gov/ostp/pcast>, no later than 12:00 p.m. ET on Thursday, August 21, 2014. Phone or email reservations to be considered for the public speaker list will not be accepted. To accommodate as many speakers as possible, the time for public comments will be limited to two (2) minutes per person, with a total public comment period of 10 minutes. If more speakers register than there is space available on the agenda, PCAST will randomly select speakers from among those who applied. Those not selected to present oral comments may always file written comments with the committee as described below.

Written Comments: Although written comments are accepted until the date of the meeting, written comments should be submitted to PCAST no later than 12:00 p.m. ET on Tuesday, August 26, 2014, so that the comments may be made available to the PCAST members

prior to the meeting for their consideration. Information regarding how to submit comments and documents to PCAST is available at <http://whitehouse.gov/ostp/pcast> in the section entitled "Connect with PCAST."

Please note that because PCAST operates under the provisions of FACA, all public comments and/or presentations will be treated as public documents and will be made available for public inspection, including being posted on the PCAST Web site.

Meeting Accommodations: Individuals requiring special accommodation to access this public meeting should contact Dr. Ford at least ten business days prior to the meeting so that appropriate arrangements can be made.

Issued in Washington, DC, on August 7, 2014.

LaTanya R. Butler,

Deputy Committee Management Officer.

BILLING CODE 6450–01–P

DEPARTMENT OF ENERGY

Electricity Advisory Committee

AGENCY: Department of Energy, Office of Electricity Delivery and Energy Reliability.

ACTION: Notice of Renewal.

SUMMARY: Pursuant to Section 14(a)(2)(A) of the Federal Advisory Committee Act, and in accordance with Title 41 of the Code of Federal Regulations, section 102–3.65(a), and following consultation with the Committee Management Secretariat, General Services Administration, notice is hereby given that the Electricity Advisory Committee's (EAC) charter has been renewed for a two-year period beginning on August 8, 2014.

The Committee will provide advice and recommendations to the Assistant Secretary for Electricity Delivery and Energy Reliability on programs to modernize the Nation's electric power system.

Additionally, the renewal of the EAC has been determined to be essential to conduct Department of Energy business and to be in the public interest in connection with the performance of duties imposed upon the Department of Energy by law and agreement. The Committee will continue to operate in accordance with the provisions of the Federal Advisory Committee Act, adhering to the rules and regulations in implementation of that Act.

FOR FURTHER INFORMATION CONTACT: Matt Rosenbaum, Designated Federal Officer at (202) 586–1060.

Issued in Washington, DC, on August 8, 2014.

Amy Bodette,

Committee Management Officer.

BILLING CODE 6450–01–P

DEPARTMENT OF ENERGY

Western Area Power Administration

Boulder Canyon Project

AGENCY: Western Area Power Administration, DOE.

ACTION: Notice of Base Charge and Rates.

SUMMARY: In this notice, the Deputy Secretary of Energy (Deputy Secretary) approves the Fiscal Year (FY) 2015 Base Charge and Rates for Boulder Canyon Project (BCP) electric service provided by the Western Area Power Administration (Western). The Base Charge will provide sufficient revenue to pay all annual costs, including interest expense, and repay investments within the allowable period.

DATES: The revised Base Charge and Rates will be effective the first day of the first full billing period beginning on or after October 1, 2014, and will stay in effect through September 30, 2015, or until superseded.

FOR FURTHER INFORMATION CONTACT: Mr. Jack Murray, Rates Manager, Desert Southwest Customer Service Region, Western Area Power Administration, P.O. Box 6457, Phoenix, AZ 85005–6457, (602) 605–2442, email jmurray@wapa.gov.

SUPPLEMENTARY INFORMATION: Hoover Dam, authorized by the Boulder Canyon Project Act (45 Stat. 1057, December 21, 1928), sits on the Colorado River along the Arizona and Nevada border. The Hoover Dam powerplant has 19 generating units (two for plant use) and an installed capacity of 2,078,800 kilowatts (kW) (4,800 kW for plant use). High-voltage transmission lines and substations connect BCP power to consumers in southern Nevada, Arizona, and southern California. BCP electric service rates are adjusted annually using an existing rate formula established on April 19, 1996. The rate formula requires the BCP contractors to pay a Base Charge (expressed in dollars), rather than a rate, for their power. The Base Charge is calculated to generate sufficient revenue to cover all annual costs and to repay investment obligations within allowable time

periods. The Base Charge is allocated to each BCP Contractor in proportion to its allocation of Hoover power. A BCP composite power rate, expressed in mills per kilowatt-hour (mills/kWh), can be inferred by dividing the Base Charge by energy sales in the year; however, the rate is not used to determine customers' bills.

Rate Schedule BCP–F8, Rate Order No. WAPA–150, effective October 1, 2010, through September 30, 2015, allows for an annual recalculation of the Base Charge and Rates.¹ This notice sets forth the recalculation for FY 2015. Under Rate Schedule BCP–F8, the existing composite rate, effective on October 1, 2013, is 20.18 mills/kWh. The current Base Charge is \$76,108,019, the energy rate is 10.09 mills/kWh, and the capacity rate is \$1.87 per kilowatt-month (kW-month).

The recalculated Base Charge for BCP electric service, effective October 1, 2014, is \$61,008,518, an approximate 20 percent decrease from the FY 2014 Base Charge. The major contributing factor to the decrease is from the FY 2012 costs being lower than expected allowing additional funds to be carried over into FY 2013. FY 2013 costs were also lower than anticipated and other revenues from the Hoover Dam Visitor Center and Ancillary Services, which are used to offset costs to be recovered from power customers, were higher than expected. In addition, the BCP Contractors paid off the Visitor Facilities and Air Slots capitalized investment debt in FY 2014, which allowed additional funds from interest savings to be carried over into FY 2015, thus making it possible for the FY 2015 Base Charge to be reduced significantly from the current level. The FY 2015 composite rate of 16.28 mills/kWh is a decrease of approximately 19 percent compared to the FY 2014 BCP composite rate of 20.18 mills/kWh. The FY 2015 energy rate of 8.14 mills/kWh is a decrease of approximately 19 percent compared to the existing energy rate of 10.09 mills/kWh. The FY 2015 capacity rate of \$1.61/kW-month is a decrease of approximately 14 percent compared to the existing capacity rate of \$1.87/kW-month. FY 2015 Energy and Capacity sales have decreased compared with FY 2014, due to a forecast of continued poor hydrological conditions resulting in lower lake elevation. Although the energy and capacity sales for FY 2015 are decreasing, the significant decrease in the revenue

¹ FERC confirmed and approved Rate Schedule BCP–F8 on a final basis on December 9, 2010, in Docket No. EF10–7–000. See *United States Department of Energy, Western Area Power Administration, Boulder Canyon Project*, 133 FERC ¶ 62,229 (December 9, 2010).
