Approval and Promulgation of Implementation Plans; State of Missouri, Certain Coals To Be Washed

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) proposes to approve the State Implementation Plan (SIP)

revision submitted by the state of Missouri on May 8, 2012, related to a Missouri Rule titled, "Certain Coals to be Washed." This rule requires specified coals to be washed prior to sale in the St. Louis metropolitan area. This action amends the SIP to update an outdated reference in the rule.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R07-OAR-2014-0582, by mail to Amy Bhesania, Environmental Protection Agency, Air Planning and Development Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

SUPPLEMENTARY INFORMATION: In the final rules section of the **Federal Register**, EPA is approving the state's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on part of this rule and if that part can be severed from the remainder of the rule, EPA may adopt as final those parts of the rule that are not the subject of an adverse comment. Acquisition Regulation; Incorporation of Class Deviation to Notification of Conflicts of Interest Regarding Personnel and Project Employee Confidentiality Agreement

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) proposes to amend the EPA Acquisition Regulation (EPAAR) to incorporate a class deviation to clause 1552.209-73, Notification of Conflicts of Interest Regarding Personnel, and 1552.227-76, Project Employee Confidentiality Agreement, and their respective prescriptions, to include Alternate 1 for the subcontract flow-down requirements for other than Superfund work. The class deviation to the two clauses was executed to address the increased use of these conflict of interest (COI) clauses in non-Superfund contracts to better protect the Agency from COI. The Superfund flow-down language in the basic clauses does not apply or relate to non-Superfund contracts and would likely be confusing if the Superfund specific language was not deleted. The proposed rule also provides for minor administrative edits.
