OFFICE OF MANAGEMENT AND BUDGET

Request for Comments on Digital Services Playbook and TechFAR Handbook

AGENCY: Office of Management and Budget (OMB).

ACTION: Notice.

SUMMARY: OSTP and OMB’s Offices of Federal Procurement Policy (OFPP) and E-Government & Information Technology (E-Gov) are seeking public comment on two documents, the Digital Services Playbook and the TechFAR Handbook, which were developed to improve the delivery of digital services by the Federal Government.

DATES: August 21, 2014.

ADDRESSES: Interested parties may provide comment through an open source repository on GitHub by reviewing the documents and response dates posted at the following links: <http://playbook.cio.gov>; <http://playbook.cio.gov/techfar/>

FOR FURTHER INFORMATION CONTACT: Ms. Malissa Levesque, E-Gov, 202–395–0376 or mlevesque@omb.eop.gov; or Mr. Mathew Blum, OFPP, 202–395–4953, or mblum@omb.eop.gov.

SUPPLEMENTARY INFORMATION: A core element of the President’s 2nd Term Management Agenda is significantly improving the effectiveness and delivery of government programs and services. Increasingly, the delivery of Federal services is through digital channels like Web sites and mobile applications making it critically important to have smarter IT delivery and stronger agency accountability for success.

One way to advance smarter digital service delivery is by putting the right processes and practices in place to drive outcomes and accountability and allow people and companies to do their best work. The Digital Services Playbook and the TechFAR handbook document these best practices and processes:

- The *Digital Services Playbook* identifies a series of “plays” drawn from successful best practices from the private sector and government that, if followed together, will help government build effective digital services. The plays outline an approach to delivering services that increases our ability to be flexible, iterative and, most importantly, to focus on the needs of the people that use our services.
- The *TechFAR Handbook* highlights the flexibilities in the Federal Acquisition Regulation (FAR) that can help agencies implement “plays” from the Playbook that would be accomplished with acquisition support—with a particular focus on how to use contractors to support an iterative, customer-driven software development process, as is routinely done in the private sector.

OFPP, E-Gov, and OSTP intend for these documents to be used together by

agencies as resources for the successful delivery of digital services. Comments are especially welcome on additional best practices or lessons learned that may be appropriate for inclusion in this guidance.

Lisa A. Schlosser,
Deputy Administrator, Office of E-Government & Information Technology.

Lesley A. Field,
Administrator (Acting), Office of Federal Procurement Policy.

POSTAL SERVICE

Privacy Act of 1974; System of Records

AGENCY: Postal Service™.

ACTION: Notice of modification to existing system of records.

SUMMARY: The United States Postal Service® (Postal Service) is proposing to modify one Customer Privacy Act System of Records. This modification is being made to enable the Postal Service to counter efforts to misuse the Postal Service's change-of-address (COA) process by submitting multiple on-line, COA requests for the same delivery address.

DATES: These revisions will become effective without further notice on September 22, 2014 unless comments received on or before that date result in a contrary determination.

ADDRESSES: Comments may be mailed or delivered to the Privacy and Records Office, United States Postal Service, 475 L'Enfant Plaza SW., Room 9431, Washington, DC 20260-1101. Copies of all written comments will be available at this address for public inspection and photocopying between 8 a.m. and 4 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Matthew J. Connolly, Chief Privacy Officer, Privacy and Records Office, 202-268-8582 or privacy@usps.gov.

SUPPLEMENTARY INFORMATION: This notice is in accordance with the Privacy Act requirement that agencies publish their amended systems of records in the **Federal Register** when there is a revision, change, or addition. The Postal Service™ has reviewed this system of records and has determined that this Customer Privacy Act System of Records should be revised to modify the following entry: purpose(s).

I. Background

The Postal Service operates an online tool that permits individuals and businesses to submit change-of-address requests quickly, easily and securely. In recent months, the Postal Service has become aware of a practice involving the submission of multiple, repetitive COA requests for a single address. This
